**Zealots for Souls** Anne Huijbers,2018-01-22 Zealots for souls draws attention to the impact of the Observant reforms within the Order of Preachers and ambitiously stirs up a broad scope of questions pertaining to the institutional narratives produced within the order between c 1388 and 1517 Through the narratives and the forms of remembrance they fostered the author traces the development of contemporary characteristics of the Dominican self understanding The book shows the fluid boundaries between the genres order chronicles convent chronicles collective biographies highlights the interplay between the narrative and the intended audience addresses the complex question of authorship and assesses the indebtedness of modern printed narratives to older chronicles or biographical collections The book demonstrates that the majority of the extant institutional narratives were written by Observant Dominicans who strived for the internal reform of their order They wrote history to justify their own reform agenda and therefore produced invariably partisan chronicles The work s method is widely applicable and contributes to further reassessment of institutional narratives as sources for the analysis of religious and intellectual transformations *The Serf, the Knight, and the Historian* Dominique Barthélemy,2009 Dominique Barthélemy presents a sharply revisionist account of the history of France around the year 1000 challenging the traditional view that France underwent a kind of revolution at the millennium which ushered in feudalism *Celibate and Childless Men in Power* Almut Höfert,Matthew Mesley,Serena Tolino,2017-08-15 This book explores a striking common feature of pre modern ruling systems on a global scale the participation of childless and celibate men as integral parts of the elites In bringing court eunuchs and bishops together this collection shows that the integration of men who were normatively or physically excluded from biological fatherhood offered pre modern dynasties the potential to use different reproduction patterns The shared focus on ruling eunuchs and bishops also reveals that these men had a specific position at the intersection of four fields

power social dynamics sacredness and gender masculinities The thirteen chapters present case studies on clerics in Medieval Europe and court eunuchs in the Middle East Byzantium India and China They analyze how these men in their different frameworks acted as politicians participated in social networks provided religious authority and discuss their masculinities Taken together this collection sheds light on the political arena before the modern nation state excluded these unmarried men from the circles of political power
