Salmon Run:

Salmon Run Michael D. Blackstock, 2005 **Run Salmon Run** Bobs & Lolo, 2018-12 Dive into the world of salmon in this lyrically written and beautifully illustrated children's book. Learn about the important lifecycle of Pacific Salmon through the thoughtfully written narrative by award-winning children's music duo Bobs LoLo and enjoy vibrant and engaging visuals by illustrator Lori Joy Smith King of Fish David Montgomery, 2009-04-28 The salmon that symbolize the Pacific Northwest's natural splendor are now threatened with extinction across much of their ancestral range. In studying the natural and human forces that shape the rivers and mountains of that region, geologist David Montgomery has learned to see the evolution and near extinction of the salmon as a story of changing landscapes. Montgomery shows how a succession of historical experiences first in the United Kingdom, then in New England, and now in the Pacific Northwest repeat a disheartening story in which overfishing and sweeping changes to rivers and seas render the world inhospitable to salmon. In *King of Fish*, Montgomery traces the human impacts on salmon over the last thousand years and examines the implications both for salmon recovery efforts and for the more general problem of human impacts on the natural world. What does it say for the long-term prospects of the world's many endangered species if one of the most prosperous regions of the richest country on earth cannot accommodate its icon species? All too aware of the possible bleak outcome for the salmon, *King of Fish* concludes with provocative recommendations for reinventing the ways in which we make environmental decisions about land, water, and fish Flyfisher's Guide to Alaska Scott Haugen, 2003 From the Arctic to Bristol Bay, this book covers all the fabulous fishing opportunities throughout Alaska. With this resource, anglers can fly into Anchorage, rent a camper, and be catching trophy salmon and trout within hours of arrival. Includes 109 detailed river and lake maps, a big book for a big state.
