Violence and Nihilism Luís Aguiar de Sousa, Paolo Stellino, 2022-07-05 Nihilism seems to be per definition linked to violence Indeed if the nihilist is a person who acknowledges no moral or religious authority then what does stop him from committing any kind of crime Dostoevsky precisely called attention to this danger if there is no God and

Faith in Action, Volume 2 Stan Chu Ilo, Justin Clemency Nabushawo, Ikenna Ugochukwu Okafor, 2020-12-15. Essays originating from the Pan African Catholic Congress on Theology, Society, and Pastoral Life held at Bigard Memorial Seminary, Enugu, Nigeria, from 5-8 December 2019. **How to Handle Hard-to-Handle Preschoolers** Maryln Appelbaum, 2013-03. Discover the key to better management of children's challenging **Race-ing Representation** Kostas Myrsiades, Linda S. Myrsiades, 1998. This collection takes on the problem of representing race in the context of a master language and culture. These essays discuss this problem in terms of the ongoing struggle to redefine the self as speaker that is to re-construe our understanding of history, sexuality, and speech itself in a continuing battle for self-definition. As a totality, these essays explode the notion of race as a natural boundary between groups and pose a variety of possible constructions that force us to accept race not as a category but as a practice. Kostas and Linda Myrsiades have brought together scholars whose varied essays explore the issues of voice, history, and sexuality in such diverse venues as detective fiction, the Clarence Thomas hearings, the witches of Salem, the Harlem Renaissance, and the work of Toni Morrison, demonstrating that resistance to race-ing is both meaningfully engaged as a cultural possibility and rewritten as a linguistic practice.

Discounting Life Jothie Rajah, 2022-11-03. Extrajudicial, extraterritorial killings of War on Terror adversaries by the US state have become the new normal. Alongside targeted individuals, unnamed and uncounted others are maimed and killed. Despite the absence of law's conventional sites, processes, and actors, the US state celebrates these killings as the realization of justice. Meanwhile, images, narrative, and affect do the work of law, authorizing and legitimizing the discounting of some lives so that others implicitly American nationals may live. How then, as we live through this unending globalized war, are we to make sense of law in relation to the valuing of life? Adopting an interdisciplinary approach to law, to excavate the workings of necropolitical law and interrogating the US state's justifications for the project of counterterrorism, this book's temporal arc, the long War on Terror, illuminates the profound continuities and many guises for racialized imperial violence informing the contemporary discounting of life.
