Love Exile 1st Edition Uk:

Shadow Lovers UK Edition Andrea Lynn, 2019-12-06 Nearing 70 and in what would be the last decade of his life H G Wells fell in love at least three times once with the much younger Baroness Budberg and soon thereafter with two well born Americans Constance Coolidge and Martha Gelhorn 25 and 40 years his junior respectively These would constitute what Wells himself described as his last floundering towards the wife idea and demonstrate in many ways that Wells was driven less by his considerable intelligence than by his obsession to find his ideal lover what he called his lover shadow This study looks at this very personal side of H G Wells The self proclaimed Don Juan was said to have radiated energy intellectual emotional physical and sexual Drawing on papers made public by the Wells estate the author documents Wells relationship with each of these femme fatales and paints a vivid portrait of the early part of the 20th century in London Paris and the US

Ovid Francesca K.A. Martelli, 2021-03-01 In this volume Francesca Martelli outlines some of the main contours of recent current and future research on Ovid Her study looks back to the rehabilitation of Ovid's oeuvre in the 1980s and considers the post modern aesthetic prerogatives and post structuralist theoretical concerns that drove the critical recuperation of his poetry throughout that decade and in the decades that followed But it also looks forward by considering how the themes of this poet's oeuvre answer to a variety of new materialist concerns that are now gaining currency in the humanities and social sciences It highlights the ecopoetic sensibility of the *Metamorphoses* for example and unpacks the environmental narratives that this poem yields when read in dialogue with the discourses of critical posthumanism And it closes by considering the hauntological aesthetics of Ovid's exile poetry as a comment on the effects of the principate on time space media and art

The End of Divine Truthiness: Love, Power, and God Paul Joseph Greene, 2017-08-01 In *The End of Divine Truthiness* Paul Joseph Greene confronts stark realities of terrifying theologies that make a mockery out of divine love With urgent resolve Greene answers Martin Luther King Jr's pointed challenge to overcome reckless and abusive power without love and sentimental and anemic love without power Too many theologies cast God either as the tyrant whose loveless power lifts up the mighty or the victim whose powerless love sends the poor away empty Wielding Stephen Colbert's word truthiness as a scalpel Greene slices out one perilous theology after another to restore the wholesome truth that God is love Supported by three world religions Buddhism Christianity and Taoism he discovers a remarkably harmonious and revolutionary divine power that is fully aligned with divine love To reunify love and power here in the world as King challenges it is time to abandon ideologies of divine power that devastate divine love and promote atrocities Greene's call for the end of divine truthiness heralds a new day for the God whose love is power and whose power is love

The First Modern Jew Daniel B. Schwartz, 2012 Pioneering biblical critic, theorist of democracy and legendary conflator of God and nature, Jewish philosopher Baruch Spinoza (1632-1677) was excommunicated by the Sephardic Jews of Amsterdam in 1656 for his horrible heresies and monstrous deeds. Yet over the past three centuries Spinoza's rupture with traditional Jewish beliefs and practices has elevated him to a prominent place in genealogies of Jewish modernity. The First Modern Jew provides a riveting look at how Spinoza went from being one of Judaism's most notorious outcasts to one of its most celebrated if still highly controversial cultural icons and a powerful and protean symbol of the first modern secular Jew. Ranging from Amsterdam to Palestine and back again to Europe, the book chronicles Spinoza's posthumous odyssey from marginalized heretic to hero, the exemplar of a whole host of Jewish identities including cosmopolitan, nationalist, reformist and rejectionist. Daniel Schwartz shows that in fashioning Spinoza into the first modern Jew, generations of Jewish intellectuals, German liberals, East European maskilim, secular Zionists and Yiddishists have projected their own dilemmas of identity onto him, reshaping the Amsterdam thinker in their own image. The many afterlives of Spinoza are a kind of looking glass into the struggles of Jewish writers over where to draw the boundaries of Jewishness and whether a secular Jewish identity is indeed possible. Cumulatively, these afterlives offer a kaleidoscopic view of modern Jewish culture and a vivid history of an obsession with Spinoza that continues to this day. *Music and Religious Education in Early Modern Europe*, 2023-03-13 Exploring the nexus of music and religious education involves fundamental questions regarding music itself: its nature, its interpretation and its importance in relation to both education and the religious practices into which it is integrated. This cross-disciplinary volume of essays offers the first comprehensive set of studies to examine the role of music in educational and religious reform and the underlying notions of music in early modern Europe. It elucidates the context and manner in which music served as a means of religious teaching and learning during that time, thereby identifying the religious, cultural and intellectual foundations of early modern European musical phenomena and their significance for exploring the interplay of music and religious education today. **Troubadour Poems from the South of France** William Doremus Paden, Frances Freeman Paden, 2007 **Manic Street Preachers** Marc Burrows, 2021-12-08 In a career that's spanned

Ovid's Tragic Heroines Jessica A. Westerhold,2023-07-15 Ovid s Tragic Heroines expands our understanding of Ovid s incorporation of Greek generic codes and the tragic heroines Phaedra and Medea while offering a new perspective on the Roman poet s persistent interest in these two characters and their paradigms Ovid presents these two Attic tragic heroines as symbols of different passions that are defined by the specific combination of their gender and generic provenance Their failure to be understood and their subsequent punishment are constructed as the result of their female nature and are generically marked as tragic Ovid s masculine poetic voice by contrast is given free rein to oscillate and play with poetic possibilities Jessica A Westerhold focuses on select passages from the poems Ars Amatoria Heroides and Metamorphoses Building on existing scholarship she analyzes the dynamic nature of generic categories and codes in Ovid s poetry especially the interplay of elegy and epic Further her analysis of Ovid s reception applies the idea of the abject to elucidate Ovid s process of constructing gender and genre in his poetry Ovid s Tragic Heroines incorporates established theories of the performativity of sex gender and kinship roles to understand the continued maintenance of the normative and abject subject positions Ovid s poetry creates The resulting analysis reveals how Ovid s Phaedras and Medeas offer alternatives both to traditional gender roles and to material appropriate to a poem s genre ultimately using the tragic code to introduce a new perspective to epic and elegy
