What We Don't Do Nick Cooney, 2025-04-15 A refreshing and necessary reminder on our ability to help those in need Moby When we think about whether we are good people leading a good life we usually think about actions Bad people do bad things that hurt others Good people do good things that help others and they avoid doing bad things Simple But while our actions certainly have consequences today our inactions have far greater and far graver consequences Bad actions can result in the suffering of a few or several dozen others inaction can result in the extreme misery of thousands It wasn't always this way For nearly our entire history as a species we lived in small groups with minimal resources leaving our ability to help others limited and the consequences of inaction modest It is not so today Thanks to massive global populations huge wealth disparities and modern technologies the average person now has more power to improve the lives of others than nearly anyone who has ever lived But the flip side of that great power is the dizzyingly high cost of inaction in which lives can hang in the balance with each dollar and hour of time we spend This is a book about what we don't do It's about our failures to act and the suffering others endure as a result It's also about the incredible good that can be achieved when we cultivate an
