Love Song Of The Dark Lord Jayadevas Gitagovinda:

Love Song of the Dark Lord Jayadeva, 2009 Jayadeva's Gitagovinda Jayadeva (Dichter.), 1978 Love Song of the Dark Lord , 1977 *Love Song of the Dark Lord* Jayadeva, 1997 This is one of the most important works in Indian literature and a source of religious inspiration in both medieval and contemporary Vaishnavism The Gitagovinda of Jayadeva Barbara Stoler Miller, 2016-01-01 Jayadeva's dramatic lyrical poem Gitagovinda is a unique work in Indian literature and a source of inspiration in both medieval and contemporary Vaisnavism It concentrates on Krsna's love with the Cowherdess Radha Intense earthly passion is the example Jayadeva uses to express the complexities of divine and human love It describes the loves of Krsna and Radha in twelve cantos containing twenty four songs The songs are sung by Krsna or Radha or Radha's maid and are connected by a brief narrative of descriptive passages The appropriate musical mode and rhythm for each song are noted in the text This poem is really a kind of drama of the ragakavya type since it is usually acted Critical acclaim of the poem has been high but its frank eroticism has led many Indian commentators to interpret the love between Radha and Krsna as an allegory of the human soul's love for God Learned and popular audiences in India and elsewhere have continued to appreciate the emotional lyricism the poem expresses in its variations on the theme of separated lover's passion

Gitagovinda of Jayadeva Jayadeva (poète.), 1984 **Gita Govinda** Jayadeva, 2017-12-01 Jayadeva's Gitagovinda is a lyrical account of the illicit springtime love affair of Krishna and Radha a god and goddess manifesting on earth as a cowherd and milkmaid for the sake of relishing the sweet miseries and rapturous delights of erotic love The narrative framing their bucolic songs was composed under royal patronage in northeastern India in the twelfth century It was to be performed for connoisseurs of poetry and the erotic arts for aesthetes and voluptuaries who while sensually engaged were at the same time devoted to Krishna as Lord of the Universe The text at once celebrates the vicissitudes of carnal love and the transports of religious devotion merging and reconciling those realms of emotion and experience Erotic and religious sensibilities serve and are served by the pleasures of poetry In the centuries following its composition the courtly text became a vastly popular inspirational hymnal Jayadeva's songs continue to be sung throughout India in fervent devotional adoration of Krishna

The Making of Romantic Love William M. Reddy, 2024-05-31 In the twelfth century the Catholic Church attempted a thoroughgoing reform of marriage and sexual behavior aimed at eradicating sexual desire from Christian lives Seeking a refuge from the very serious condemnations of the Church and relying on a courtly culture that was already preoccupied with honor and secrecy European poets romance writers and lovers devised a vision of love as something quite different from desire Romantic love was thus born as a movement of covert resistance In *The Making of Romantic Love* Longing and Sexuality in Europe South Asia and Japan William M Reddy illuminates the birth of a cultural movement that managed to regulate selfish desire and render it innocent or innocent enough Reddy strikes out from this historical moment on an international exploration of love contrasting the medieval development of romantic love in Europe with contemporaneous

eastern traditions in Bengal and Orissa and in Heian Japan from 900 1200 CE where one finds no trace of an opposition between love and desire In this comparative framework Reddy tells an appealing tale about the rise and fall of various practices of longing underscoring the uniqueness of the European concept of sexual desire **Encyclopedia of Hinduism** Denise Cush,Catherine Robinson,Michael York,2012-08-21 Covering all aspects of Hinduism this encyclopedia includes more ethnographic and contemporary material in contrast to the exclusively textual and historical approach of earlier works

The Age of Catastrophe John David Ebert, 2012-09-13 Disasters both natural and man made are on the rise Indeed a catastrophe of one

sort or another seems always to be unfolding somewhere on the planet We have entered into a veritable Age of Catastrophes which have grown both larger and more complex and now routinely very widespread in scope The old days of the geographically isolated industrial accidents of the sinking of a Titanic or the explosion of a Hindenburg together with their isolated causes and limited effects are over Now disasters on the scale of Hurricane Katrina the BP oil spill or the Japan tsunami and nuclear reactor accident threaten to engulf large swaths of civilization This book analyzes the efforts of Westerners to keep the catastrophes outside while maintaining order on the inside of society These efforts are breaking down Nature and Civilization have become so intertwined they can no longer be separated Natural disasters moreover are becoming increasingly more difficult to differentiate from man made Instructors considering this book for use in a course may request an examination copy here

The Social Space of Language Farina Mir,2010-07-04 This rich cultural history set in Punjab examines a little studied body of popular literature to illustrate both the durability of a vernacular literary tradition and the limits of colonial dominance in British India Farina Mir asks how qisse a vibrant genre of epics and romances flourished in colonial Punjab despite British efforts to marginalize the Punjabi language She explores topics including Punjabi linguistic practices print and performance and the symbolic content of qisse She finds that although the British denied Punjabi language and literature almost all forms of state patronage the resilience of this popular genre came from its old but dynamic corpus of stories their representations of place and the moral sensibility that suffused them Her multidisciplinary study reframes inquiry into cultural formations in late colonial north India away from a focus on religious communal identities and nationalist politics and toward a widespread ecumenical and place centered poetics of belonging in the region
