

A romantic couple is featured in the center of the image. The woman, on the left, is wearing a traditional yellow and white garment and has white flowers in her dark hair. The man, on the right, is wearing a dark blue jacket over a white shirt. They are both looking towards the camera with soft expressions. The background is a warm, golden-yellow color with a large, ornate key positioned diagonally across it. The key has a decorative head and a long, thin shaft. The overall mood is romantic and nostalgic.

A Metaphysics of Love George Pattison, 2021-05-20 As the third part of a philosophy of Christian life A Metaphysics of Love builds on a view of Christian life as shaped by the dynamic of call response and promise It argues that love is the ultimate content of this dynamic and considers how far this claim extends Taking its bearings from Dante s vision of divine love as the power that moves the sun and other stars this study explores the requirement that love is both human and cosmic uniting being and beings Cognizant of much recent philosophy s desire to overcome or move beyond a metaphysics of being it examines some of the formal structures that make love possible including language time social being forgiveness and ultimacy Following on from the earlier volumes extensive use is made of the idea of the poetic as the eminent mode of Christian witness contextualized within the prose of everyday life Heidegger provides fundamental philosophical orientation whilst key features of love are brought to the fore through dialogue with Kierkegaard Dante and Dostoevsky are frequent points of reference in addition to a range of literary and religious sources including the Scottish poet Edwin Muir Leading scholar George Pattison concludes that the phenomenon of love requires us to articulate a metaphysics that involves both being and nothingness thereby taking a critical position vis vis both classical theism and existential atheism

A. Roy Horn, 2009-08-12 *Heroes Sages and Madmen* is not a book for everyone but its potent message is about everyone. It reveals a direct and honest no nonsense revelation for spiritual aspirants who with courage, heroism and sincerity are ready to go beyond the limitations of popular religion, academic philosophy, physical exercise, yoga and mental meditation. It is a revealing new, fresh and amazing look into the four major traditional Paths of Enlightenment. It takes you where very few will go. It takes you into the midst of the personal attainments, blisses, challenges, pitfalls and dangers of spiritual practices. And it takes you into the consciousness and personal strategies of the far reaching, socially popular and pretentious pop guru. The seventy nine short conversations in this book are guaranteed to convey many key, secret spiritual teachings of the past. These secret spiritual teachings are traditionally known only by true and ripe spiritual Heroes and authentic Sages, Saints and Yogis. Within these pages you can discover what causes the social bondage, personal dissatisfaction and the failing habitual struggles for inner Happiness and Peace. In the midst of the enigma and quagmire of ordinary thinking and analytical minds, the author reveals and restates many ancient esoteric secrets of spirituality. And most importantly, the author shows how you can find a way out of your spiritual, social and personal dilemmas. In the questions and answers in these conversations, many universal truths are delineated from major philosophies, religions and spiritual practices, and then their apparent differences are explored, summed up and reconciled. The questions and answers in this book originated from dozens of sincere spiritual aspirants from group sessions, e-mails, personal notes, formal letters, telephone conversations and one on one sessions since the early 1980s. Each question and answer is paraphrased by the author. The information, knowledge and wisdom in this book have been distilled directly from personal experience from a lifetime of spiritual study and practices. The questions and answers are direct and sometimes surprising. At other times, the author's direct answers may challenge the spiritual assumptions of many neophyte and mature spiritual aspirants. The purpose of each answer was to directly serve the sincere spiritual aspirants' spiritual development and awakening beyond their popular religious, academic, philosophical and social belief assumptions. In addition, popular misunderstandings surrounding classical spiritual teachings and their four major traditional Paths of Enlightenment and practice of yoga are described, evaluated and discussed in depth. And lastly, the thinking, analytical, meditation methods of popular spiritual movements in the West, European cultures are considered in contrast to the contemplative meditations of the great Sages, Saints and Yogis of the classical East, Non-European cultures. Unfortunately, the English language does not lend itself to explain and define the metaphysical principles and concepts of contemplative spirituality. Contemporary English is predominately a language of definitions, names, forms and objects as demonstrated in English as used throughout the material world for business and commerce. Other languages such as Sanskrit, Pali, Tamil and Hebrew are spoken and written to understand and verbally communicate both the dual physical world of objects and the multidimensional, transcendental spiritual world beyond social psychology and formulative physics. For this reason, the author has modified many spelling, grammar and syntax rules to emphasize and endeavor to explain contemplative

concepts that cannot be explained by academic English Therefore you may discover that many sections may contain imperfect spelling grammar and syntax that are ordinarily absent from professionally produced books To assure the authors metaphysical meani
