de emoci n 1981 and Vega de la paloma 1984 she redefined her position in Tendido verso Segunda po tica Designed to complement Nature's Colloguy with the Word Pureza Canelo's First Poetics Bucknell 2004 the current text deciphers the intricate poetic language of the poet s mature works which at the time of writing included the two above mentioned chapbooks as well as Tendido verso Pasi n in dita 1990 and No escribir 1999 The author traces recurrent aesthetic and philosophical positions that serve to differentiate the poet s first and second poetics Tendido verso is the volume in which temporality supersedes essence and in so doing breaks with insights expressed by Juan Ram n Jim nez during his Modernist phase In Pasi n in dita the intimate pronominal discourse between poet and creative other allows them to coalesce into an indeterminate being At this point the desired goal of the creative process is achieved the holy wedding hieros gamos of poet and creative other occurs No escribir abandons the struggle of Canelo's previous books and carries out the method prescribed by her second poetics She recognizes that only the creative process can satisfy her desire and that love the dominant symbol for creation indeed allows the pain of poetic failure to cease Passion nonetheless must stop short of fulfillment since the written poem laden with the poet s gaze and subjectivity cannot exist apart from its shadow Poetry of Pablo Neruda René de Costa, 2009-06-30 The most comprehensive English language collection of work ever by the greatest poet of the twentieth century in any language Gabriel Garcia Marquez In his work a continent awakens to consciousness So wrote the Swedish Academy in awarding the Nobel Prize to Pablo Neruda the author of more than thirty five books of poetry and one of Latin America's most revered writers lionized during his lifetime as the people's poet This selection of Neruda's poetry the most comprehensive single volume available in English presents nearly six hundred poems scores of them in new and sometimes multiple translations and many accompanied by the Spanish original In his introduction Ilan Stavans situates Neruda in his native milieu as well as in a contemporary English language one and a group of new translations by leading poets testifies to Neruda's enduring vibrant legacy among English speaking writers and readers today
