park while outside the world also battled the malevolent creatures He had one friend among the dinosaurs little Oscar who helped him and the other humans to fight and survive the dinosaur wars during them he lost his daughter These days Henry is recovering from the loss of his beloved wife Ann and trying to find purpose in his new lonely life The year before he d been temporarily rescued from that sorrow by being drafted as a renowned dinosaur hunter and expert to help track down some of the last remaining rogue dinosaurs in the country and then later two of the wilier creatures loose and causing havoc at the government s secret Area 52 Area 52 where two mysterious ancient alien spaceships were housed and examined by a team of our scientists Alien ships somehow suspected of being connected to the world s previous dinosaur scourge because of the ancient dinosaur DNA discovered in their labs That assignment ended abruptly for Henry when the two alien aircrafts mysteriously vanished Now Henry is home again and at loose ends But when so many new menacing extraterrestrial spacecrafts begin to appear in Earth s air spaces and the alien abductions multiply Henry is drafted yet again to help For fear has rapidly spread across the world as more and more alien airships are sighted everywhere Why are so many alien ships suddenly harassing our planet and what do they want It won t take long before the world with Henry and an old friend s help find out Then they have to figure out how to appease the aliens or the Earth could be doomed
