*Paul: Jew, Greek, and Roman* Stanley E. Porter,2009-01-31 What does it mean to study Paul the Apostle as Jew Greek and Roman The framing of the question exposes the fact that the distinctions themselves involve a complex of ethnic social and cultural designations Paul is both a complicated individual of the ancient world because he combines in his one personage features of life in each of these cultural ethnic and even religious areas of the ancient world and one of many people of that world who evidenced such complexity This volume *Paul Jew Greek and Roman* explores a number of the important and diverse cultural ethnic and religious dimensions of the multi faceted background of Paul the Apostle Some of the treatments are focused and specific while others range over the broad issues that go to making up the world of the Apostle

*Paul and the Hope of Glory* Constantine R. Campbell,2020-11-24 A Unique Study of Pauline Eschatology that Is Both Exegetical and Theological One of the trajectories coming out of Constantine Campbell s award winning book *Paul and Union with Christ* is the significance of eschatology for the apostle Along with union with Christ eschatology is a feature of Paul s thinking that affects virtually everything else While union with Christ is the webbing that joins Paul s thought together eschatology provides the shape of his thought and thus gives shape to his teaching about justification resurrection the cross ethics and so forth There is considerable debate however about Paul s eschatology asking whether he is a covenant or an apocalyptic theologian In *Paul and the Hope of Glory* Campbell conducts a thorough exegetical study of

the relevant elements of Paul's eschatological language metaphors and images including parousia the last day inheritance hope and others He examines each passage in context aiming to build inductively an overall sense of Paul's thinking The results of this exegetical study then feed into a theological study that demonstrates the integration of Paul's eschatological thought into his overall theological framework The study is comprised of three parts The first part introduces the key issues both exegetical and theological and sets the parameters and methodology of the book It also offers an historical survey of the scholarly work produced on Paul's eschatology through the twentieth century to the present day The second part contains the detailed exegetical analysis with chapters on each important Pauline phrase metaphor and image related to eschatology The third part turns its attention to theological synthesis It recapitulates relevant conclusions from the evidence adduced in part two and launches into theological discussion engaging current issues and debates This volume combines high level scholarship and a concern for practical application of a topic currently debated in the academy and the church More than a monograph this book is a helpful reference tool for students scholars and pastors to consult its treatment of any particular instance of any phrase or metaphor that relates to eschatology in Paul's thinking

**One Baptism** Susan K. Wood, 2009-07-01 Most Christians would say that baptism is the one sacrament Christians of all denominations share that it is the source of ecumenical unity among all Christian churches But how true is that Is there really one baptism as we profess in the Nicene Creed If we disagree about

what baptism does can we really say that baptism unites us To address this central question Susan Wood brings together the history and theology of baptism systematic sacramental and liturgical focusing especially on the divergent paths taken in the understanding of the sacrament since the Reformation Founded not only in her study of theology but also in her years of participation in ecumenical dialogues her perspective will illuminate this problem for readers and point the way toward deeper understanding

Postmodern Theory and Biblical Theology Brian D. Ingraffia,1995-12-07 This book explores the relationship between postmodernism and Christianity Whereas deconstructionists claim all religious discourses can be radically undermined Ingraffia argues that the version of Christianity constructed by Nietzsche Heidegger and especially Derrida ignores Christianity s unique ontological status This truth Ingraffia claims is an unacknowledged influence on leading postmodernist thinkers thereby demonstrating the priority of the Judaeo Christian tradition over secular attempts to displace it

Paul and the Parousia Joseph Plevnik, 2014-04-23 Surprisingly there has never been a comprehensive exegetical study in English of Saint Paul's view of the second coming or Parousia of Christ In this methodical analysis Joseph Plevnik brings nearly three decades of research to bear on the question of Paul's understanding of this most central tenet of the whole Christ event With careful attention to the concepts and terms underlying the notion of the Lord's coming Plevnik examines the key Pauline texts such as 1 Thess 5:1-11 and 1 Cor 15:23-28 Plevnik then constructs a viable theological interpretation of the great Christian hope including the language of hope Christ's parousia and judgment conflict at Christ's return the place of the church and Paul's apocalyptic theology This volume will be indispensable for any study of Pauline theology the Parousia the theology of hope and apocalypticism It is my hope that the book will be not only a scholarly contribution on the topic but also of some personal value to the reader and to the preacher It may provide a timely reading at the close of the second millennium The times and seasons however are not for us to determine but a proper preparedness for the Lord's coming is the message of the New Testament and of Paul in particular If the Lord's coming may no longer be said to be near it can still be desired Marana tha Preface      **The End of the Age Has Come** C. Marvin Pate, 1995 The Christian according to the apostle Paul lives between two times The end is already present with Christ's death and resurrection but the end is yet to come with his second appearing Following the seminal work of Oscar Cullmann Marvin Pate argues that this already not yet eschatological tension lies at the heart of all writings of the apostle Paul and is in fact the key to understanding them Pate traces the concept of already not yet back to its Jewish roots and shows with exceptional clarity how Paul's teachings on God Christ human beings salvation the Holy Spirit the church society and the last things can be successfully placed within this already not yet framework In his analysis Pate exegetes numerous key passages in the Pauline letters
