Presidential Transitions Eisenhower Through Reagan:

Presidential Transitions Carl M. Brauer, 1986 This book examines how five newly elected nonincumbents since 1952 Eisenhower Kennedy Nixon Carter and Reagan created their administrations It lifts the curtain on a seemingly tranquil period to reveal the tumultuous events taking place behind the scenes **Presidential Transition Effectiveness Act**

United States. Congress. Senate. Committee on Governmental Affairs, 1988 *Planning Reagan's War* Francis H.

Marlo, 2012 Ronald Reagan as a man of ideas **The Oxford Handbook of the American Presidency** George C.

Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today

Eisenhower in War and Peace Jean Edward Smith, 2013-05-07 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Christian Science Monitor St Louis Post Dispatch Magisterial The New York Times In this extraordinary volume Jean Edward Smith presents a portrait of Dwight D Eisenhower that is as full rich and revealing as anything ever written about America s thirty fourth president Here is Eisenhower the young dreamer charting a course from Abilene Kansas to West Point and beyond Drawing on a wealth of untapped primary sources Smith provides new insight into Ike s maddening apprenticeship under Douglas MacArthur Then the whole panorama of World War II unfolds with Eisenhower s superlative generalship forging the Allied path to victory Smith also gives us an intriguing examination of Ike s finances details his wartime affair with Kay Summersby and reveals the inside story of the 1952 Republican convention that catapulted him to the White House Smith s chronicle of Eisenhower s presidential years is as compelling as it is comprehensive Derided by his detractors as a somnambulant caretaker Eisenhower emerges in Smith s perceptive retelling as both a canny politician and a skillful decisive leader He managed not only to keep the peace but also to enhance America s prestige in the Middle East and throughout the world Unmatched in insight Eisenhower in War and Peace at last gives us an Eisenhower for our time and for the ages NATIONAL BESTSELLER Praise for Eisenhower in War and Peace A fine new biography Eisenhower s White House years need a more thorough exploration than many previous biographers have given them Smith whose long distinguished career includes superb one volume biographies of Grant and Franklin Roosevelt provides just that The Washington Post Highly readable Smith shows us that Eisenhower s ascent to the highest levels of the military establishment had much more to do with his easy mastery of politics than with any great strategic or tactical achievements The Wall Street Journal Always engrossing Smith portrays a genuinely admirable Eisenhower smart congenial unpretentious and no ideologue Despite competing biographies from Ambrose Perret and D Este this is the best Publishers Weekly starred review No one has written so heroic a biography on Eisenhower as this year s Eisenhower in War and Peace by Jean Edward Smith The National Interest Dwight Eisenhower who was more cunning than he allowed his adversaries to know understood the advantage of being underestimated Jean Edward Smith demonstrates precisely how successful this stratagem was Smith America s

greatest living biographer shows why now more than ever Americans should like Ike George F Will *Passages to the Presidency* Charles O. Jones,1998-06-01 The standard view of the transition is based on a distinction between campaigning and governing with election day as the marker campaigning before preparing to govern after Yet changes are blurring the distinction between the two activities The Clinton transition in 1992 is the watershed case Dubbed the worst for failing to meet many of the standard tests Clinton and his aides nevertheless were attuned to a campaigning style of governing that was fine tuned after the 1994 mid term election Future transitions will be judged by a revised set of expectations The conventional rules will be supplemented by tests that account for campaigning as integral to governing What is called the permanent campaign is upon us Presidents in the 21st century will prepare to govern more publicly from the start anxious to establish and enhance their status in a more communal style of governing This book considers the critical ten weeks of transition for recent party changes in the White House Nixon Carter Reagan Clinton and signals a pivotal change for the future Charles Jones identifies the conventional expectations for an effective transition in regard to such topics as dismantling the campaign connecting with Congress establishing a theme and relating to the press *Difficult Transitions* Kurt M. Campbell,James B. Steinberg,2009-11-09 New presidents have no honeymoon when it comes to foreign policy Less than three months into his presidency for example John F Kennedy authorized the disastrous effort to overthrow Fidel Castro at the Bay of Pigs More recently George W Bush had been in office for less than eight months when he was faced with the attacks of September 11 How should an incoming president prepare for the foreign policy challenges that lie immediately ahead That s the question Kurt Campbell and James Steinberg tackle in this compelling book Drawing on their decades of government service in the corridors of Capitol Hill the intimate confines of the White House the State Department and the bare knuckles Pentagon bureaucracy Campbell and Steinberg identify the major foreign policy pitfalls that face a new presidential administration They explain clearly and concisely what it takes to get foreign policy right from the start The authors set the scene with a historical overview of presidential transitions and foreign policy including case studies of such prominent episodes as the Black Hawk Down tragedy in Somalia that shook the Clinton administration in its first year and the Bush administration s handling of the collision between a U S reconnaissance plane and a Chinese fighter jet in the spring of 2001 They pinpoint the leading causes of foreign policy fiascos including the tendency to write off the policies of the outgoing administration and the failure to appreciate the differences between campaign promises and policy realities Most important they provide a road map to help the new administration steer clear of the land mines ahead America s next president will confront critical foreign policy decisions from day one *Difficult Transitions* provides essential guidance for getting those choices right **The Reagan Administration** Helga Haftendorn,Jakob Schissler,2019-08-01 To celebrate the 270th anniversary of the De Gruyter publishing house the company is providing permanent open access to 270 selected treasures from the De Gruyter Book Archive Titles will be made available to anyone anywhere at any time that might be

interested The DGBA project seeks to digitize the entire backlist of titles published since 1749 to ensure that future generations have digital access to the high quality primary sources that De Gruyter has published over the centuries

From Cold War to New World Order Bose Meena, Rosanna Perotti, 2002-12-30 One of the most significant areas of activity in the George Bush administration was foreign affairs Drawing together participants as well as foreign policy scholars and journalists Hofstra University organized the 1997 Conference on the Presidency of George Bush This volume covers the key foreign affairs activities of the administration The essays examine major areas of the Bush foreign policy record Included are papers on international trade the Middle East Latin America Somalia Bosnia arms control and U S base closing Scholars students and other researchers involved with the policies of the Bush administration will find this a useful resource

Powersharing Shirley Anne Warshaw, 1996-01-01 This study of presidential administrations from Nixon through Clinton discusses how and why the White House has become the dominant player in the domestic policy process relegating the departments to implementation rather than design of key initiatives **Becoming President** John P. Burke, 2004 A key source for anyone seeking to understand the dynamics of the early years of George W Bush's administration including his unconventional transition into power *Ideologues and Presidents* Thomas S. Langston, 2017-07-05 *Ideologues and Presidents* argues that ideologues have been gaining influence in the modern presidency There were plenty of ideologues in the New Deal but they worked at cross purposes and could not count on the backing of the cagey pragmatist in the Oval Office Three decades later the Johnson White House systematically sought the help of hundreds of liberals in drawing up blueprints for policy changes But when it came time to implement their plans Lyndon Johnson's White House proved to have scant interest in ideological purity By the time of the Reagan Revolution the organizations that supported ideological assaults on government had never been stronger The result was a level of ideological influence unmatched until the George W Bush presidency In Bush's administration not only did anti-statists and social conservatives take up positions of influence throughout the government but the president famously pursued an elective war that had been promoted for a decade by a networked band of ideologues In the Barack Obama presidency although progressive liberals have found their way into niches within the executive branch the real ideological action continues to be Stage Right How did American presidential politics come to be so entangled with ideology and ideologues *Ideologues and Presidents* helps us move toward an answer to this vital question Campaign of the Century Irwin F. Gellman, 2022-01-04 Based on massive new research a compelling and surprising account of the twentieth century's closest election The 1960 presidential election between John F Kennedy and Richard Nixon is one of the most frequently described political events of the twentieth century yet the accounts to date have been remarkably unbalanced Far more attention is given to Kennedy's side than to Nixon's The imbalance began with the first book on that election Theodore White's *The Making of the President 1960* in which as he later admitted White deliberately cast Kennedy as the hero and Nixon as the villain and it has been perpetuated in almost every book since then

Few historians have attempted an unbiased account of the election and none have done the archival research that Irwin F Gellman has done Based on previously unused sources such as the FBI s surveillance of JFK and the papers of Leon Jaworski vice presidential candidate Henry Cabot Lodge and many others this book presents the first even handed history of both the primary campaigns and the general election The result is a fresh engaging chronicle that shatters long held myths and reveals the strengths and weaknesses of both candidates The 2016 Presidential Election Amnon Cavari,Richard J. Powell,Kenneth R. Mayer,2017-10-04 The 2016 Presidential Election The Causes and Consequences of a Political Earthquake critically analyzes the 2016 presidential election The chapters in this book identify key factors behind the election of Donald J Trump explore the unconventional campaign analyze the unexpected election result evaluate the forecasting models and speculate on the effect of the election outcome on politics and governance in the Trump Administration *Lobbying the New President* Heath Brown,2013-05-02 Presidential transitions offer the chance for new ideas policies and people to inhabit the White House Transitions have triggered policy change for decades and eager interest groups have sought ways to capitalize on this often chaotic phase of US politics President Elect Barack Obama declared that lobbyists would be forbidden from serving his transition and issued stiff regulations and rules to limit their access to the planning for his White House Yet even though Obama s efforts mirror previous Presidents anti lobbyist efforts all Presidential transitions provide certain channels of influence and Obama himself chose the head of a powerful and politically oriented think tank the Center for American Progress to run his transition New Presidents need the information ideas and political capital that groups possess Thus a curious paradox Using an innovative mixed methodology integrating a historical analysis of original documents original interviews with over 40 interest group leaders and transition leaders a survey of 300 interest groups and content analysis of 300 interest group letters Lobbying the New President uncovers the politics of interest group influence during Presidential transitions In doing so Heath Brown asks Was the role played by Heritage in 1980 and CAP in 2008 indicative of a pattern of influence during the transition phase Or have Presidents effectively shielded themselves from outside influence at the earliest point of their time in office What can we learn about the larger study of interest groups and the Presidency from a focus on the transition phase This book is a valuable resource that goes beyond the field of presidency studies which American politics scholars as well as public policy specialists should not go without Prendre Le Pouvoir Donald J. Savoie,Jacques Bourgault,Institut d'administration publique du Canada,Canadian Centre for Management Development,1993 Guide to the Presidency and the Executive Branch Michael Nelson,2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush

presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president s role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

Promises Kept Irving Bernstein, 1993-04-01 A counter revisionist examination of JFK and his administration Promises Kept presents a policy history of major domestic legislative efforts between 1961 and 1963 Bernstein focuses on administrative and congressional progress under Kennedy in civil rights education taxes unemployment Medicare and the Peace Corps He persuasively argues that Kennedy was indeed a successful president showing that many of JFK s campaign promises were well on their way to enactment by the time of his assassination even after two years of dealings with a balky and often hostile Congress and the difficulty of working in a political system changing from conservative to liberal *The Hardest Job in the World* John Dickerson, 2021-03-23 NEW YORK TIMES BESTSELLER From the veteran political journalist and 60 Minutes correspondent a deep dive into the history evolution and current state of the American presidency and how we can make the job less impossible and more productive featuring a new post 2020 election epilogue This is a great gift to our sense of the actual presidency a primer on leadership Ken Burns Imagine you have just been elected president You are now commander in chief chief executive chief diplomat chief legislator chief of party chief voice of the people first responder chief priest and world leader You re expected to fulfill your campaign promises but you re also expected to solve the urgent crises of the day What s on your to do list Where would you even start What shocks aren t you thinking about The American

presidency is in trouble It has become overburdened misunderstood almost impossible to do The problems in the job unfolded before Donald Trump was elected and the challenges of governing today will confront his successors writes John Dickerson After all the founders never intended for our system of checks and balances to have one superior Chief Magistrate with Congress demoted to the little brother who can't keep up In this eye opening book John Dickerson writes about presidents in history such as Washington Lincoln FDR and Eisenhower and in contemporary times from LBJ and Reagan and Bush Obama and Trump to show how a complex job has been done and why we need to reevaluate how we view the presidency how we choose our presidents and what we expect from them once they are in office Think of the presidential campaign as a job interview Are we asking the right questions Are we looking for good campaigners or good presidents Once a candidate gets the job what can they do to thrive Drawing on research and interviews with current and former White House staffers Dickerson defines what the job of president actually entails identifies the things that only the president can do and analyzes how presidents in history have managed the burden What qualities make for a good president Who did it well Why did Bill Clinton call the White House the crown jewel in the American penal system The presidency is a job of surprises with high stakes requiring vision management skill and an even temperament Ultimately in order to evaluate candidates properly for the job we need to adjust our expectations and be more realistic about the goals the requirements and the limitations of the office As Dickerson writes Americans need their president to succeed but the presidency is set up for failure It doesn't have to be

Organizing the Presidency Stephen Hess, James P. Pfiffner, 2020-10-20 Examining how the White House works or doesn't before and after Trump Donald Trump has reinvented the presidency transforming it from a well oiled if sometimes cumbersome institution into what has often seemed to be a one man show But even Trump's unorthodox presidency requires institutional support from a constantly rotating White House staff and cabinet who have sought to carry out and sometimes resist the president's direct orders and comply with his many tweets Nonetheless the Trump White House still exhibits many features of its predecessors over the past eight decades When Franklin D Roosevelt was inaugurated the White House staff numbered fewer than fifty people and most federal departments were lightly staffed as well As the United States became a world power the staff of the Executive Office increased twentyfold and the staffing of federal agencies blossomed comparably In the fourth edition of Organizing the Presidency a landmark volume examining the presidency as an institution Stephen Hess and James P Pfiffner argue that the successes and failures of presidents from Roosevelt through Trump have resulted in large part from how the president deployed and used White House staffers and other top officials responsible for carrying out Oval Office policy Drawing on a wealth of analysis and insight Organizing the Presidency addresses best practices for managing a presidency that is itself a bureaucracy

Presidential Transitions Eisenhower Through Reagan Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the ability of words has are more evident than ever. They have the ability to inspire, provoke, and ignite change. this might not be the Presidential Transitions Eisenhower Through Reagan full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Presidential Transitions Eisenhower Through Reagan eBooks, including some popular titles.

FAQs About Presidential Transitions Eisenhower Through Reagan Books

What is a Presidential Transitions Eisenhower Through Reagan PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Presidential Transitions Eisenhower Through Reagan PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Presidential Transitions Eisenhower Through Reagan PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Presidential Transitions Eisenhower Through Reagan PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Presidential Transitions Eisenhower Through Reagan PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
