The Jerome Holtzman Baseball

Reader Jerome Holtzman, 2003-04 Jerome Holtzman has covered the sport of baseball for the Chicago Daily Times Chicago Sun Times and Chicago Tribune since the mid 1940s now his thoughts and best columns are collected together in one edition as an official history of Major League Baseball

The 1967 American League Pennant Race Cameron Bright, 2018-05-25 In 1967 in the midst of a nail biting six week pennant race the Red Sox Tigers Twins and White Sox stood deadlocked atop the American League Never before or since have four teams tied for the lead in baseball s final month The stakes were high there were no playoffs the pennant winner went directly to the World Series Here for the first time all four teams are treated as equals The author describes their contrasting skill sets leadership and temperament The stress of such stiff and sustained competition was constant and there were overt psychological and physical intimidations playing a major role throughout the season The standings were volatile and so were emotions The players and managers varied some wilted or broke others responded heroically

Stumbling Around the Bases Andy McCue, 2022-04 From the late 1950s to the 1980s baseball s American League mismanaged integration and expansion allowing the National League to forge ahead in attendance and prestige While both leagues had executive structures that presented few barriers to individual team owners acting purely in their own interests it was the American League that succumbed to infighting which ultimately led to its disappearance into what we now call Major League Baseball Stumbling around the Bases is the story of how the American League fell into such a disastrous state struggling for decades to escape its nadir and when it finally righted itself losing its independence The American League s trip to the bottom involved bad decisions by both individual teams and their owners The key elements were a glacial approach to integration the choice of underfinanced or disruptive new owners and a consistent inability to choose the better markets among cities that were available for expansion The American League wound up with less attractive teams in the smaller markets compared to the National League and thus fewer consumers of tickets parking beer hot dogs scorecards and replica jerseys The errors of the American League owners were rooted in missed cultural and demographic shifts and exacerbated by reactive decisions that hurt as much as helped their interests Though the owners were men who were notably successful in their non baseball business ventures success in insurance pizza food processing and real estate development didn t necessarily translate into running a flourishing baseball league In the end the National League was simply better at recognizing its collective interests screening its owners and recognizing the markets that had long term potential
