The Golden Calf between Bible and Qur'an Michael Pregill, 2020-05-30 This book explores the story of the Israelites' worship of the Golden Calf in its Jewish Christian and Muslim contexts from ancient Israel to the emergence of Islam It focuses in particular on the Qur'an's presentation of the narrative and its background in Jewish and Christian retellings of the episode from Late Antiquity Across the centuries the interpretation of the Calf episode underwent major changes reflecting the varying cultural religious and ideological contexts in which various communities used the story to legitimate their own tradition challenge the claims of others and delineate the boundaries between self and other The book contributes to the ongoing reevaluation of the relationship between Bible and Qur'an arguing for the necessity of understanding the Qur'an and Islamic interpretations of the history and narratives of

ancient Israel as part of the broader biblical tradition The Calf narrative in the Qur'an central to the qur'anic conception of the legacy of Israel and the status of the Jews of its own time reflects a profound engagement with the biblical account in Exodus as well as being informed by exegetical and parascriptural traditions in circulation in the Qur'an's milieu in Late Antiquity The book also addresses the issue of Western approaches to the Qur'an arguing that the historical reliance of scholars and translators on classical Muslim exegesis of scripture has led to misleading conclusions about the meaning of qur'anic episodes

The Qur'an and Late Antiquity Angelika Neuwirth, 2019-02-19 In this book Angelika Neuwirth provides a new approach to understanding the founding text of Islam Typical exegesis of the Qur'an treats the text teleologically as a *fait accompli* finished text or as a replica or summary of the Bible in Arabic Instead Neuwirth approaches the Qur'an as the product of a specific community in the Late Antique Arabian peninsula one which was exposed to the wider worlds of the Byzantine and Sasanian empires and to the rich intellectual traditions of rabbinic Judaism early Christianity and Gnosticism A central goal of the book is to eliminate the notion of the Qur'an as being a historical She argues that it is in fact highly aware of its place in late antiquity and is capable of yielding valuable historical information By emphasizing the liturgical function of the Qur'an Neuwirth allows readers to see the text as an evolving oral tradition within the community before it became collected and codified as a book This analysis sheds much needed light on the development of the Qur'an's historical theological and political outlook The book's final chapters analyze the relationship of the Qur'an to the Bible to Arabic poetic traditions and more generally to late antique culture and rhetorical forms By providing a new introduction to the Qur'an one that uniquely challenges current ideas about its emergence and development *The Qur'an and Late Antiquity* bridges the gap between Eastern and Western approaches to this sacred text
