F.H. Hinsley, Keith Wilson

R W Seton Watson The Yugoslavs Corresp:

R. W. Seton-Watson and the Yugoslavs: 1918-1941 Robert William Seton-Watson, British Academy, 1976 R. W. Seton-Watson and Yugoslavs Robert William Seton-Watson, Christopher Seton-Watson, 1976 **R. W. Seton-Watson and the Yugoslavs**, 1976 **R.W.Seton-Watson and the Yugoslavs** Robert William Seton-Watson, British Academy, 1976
R. W. Seton-Watson and the Yugoslavs, Correspondence 1906-1941 G. H. Seton-Watson, C. J. Seton-Watson, Ljubor Boran, Mirjana Gross, Dragovan Sepic, Bogdan Krizman, 1979-12-01 **R. W. Seton-Watson and the Yugoslavs: 19000006-1918**, 1976 R. W. Seton-Watson and the Yugoslavs: 1906-1918 Hugh Seton-Watson, 1976 The formation of Croatian national identity Alex Bellamy, 2013-07-19 This book assesses the formation of Croatian national identity in the 1990s It develops a novel framework calling into question both primordial and modernist approaches to nationalism and national identity before applying that framework to Croatia In doing so the book provides a new way of thinking about how national identity is formed and why it is so important An explanation is given of how Croatian national identity was formed in the abstract via a historical narrative that traces centuries of yearning for a national state The book shows how the government opposition parties dissident intellectuals and diaspora groups offered alternative accounts of this narrative in order to legitimise contemporary political programmes based on different versions of national identity It then looks at how these debates were manifested in social activities as diverse as football religion economics and language This book attempts to make an important contribution to both the way we study nationalism and national identity and our understanding of post Yugoslav politics and society An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence The Undermining of Austria-Hungary M. Cornwall, 2000-05-23 This is a major new contribution to the historiography of the First World War It examines the lively battle of ideas which helped to destroy Austria Hungary It also assesses for the first time the weapon of front propaganda as used by and against the Empire on the Italian and Eastern Fronts Based on material in eight languages the work challenges accepted views about Britain's primacy in the field of propaganda while casting fresh light on the creation of Yugoslavia and the viability of the Habsburg Empire in its last years
Sarajevo 1914 Mark Cornwall, 2020-09-03 In June 1914 Archduke Franz Ferdinand was assassinated in the Bosnian capital of Sarajevo This key event in 20th century history continues to fascinate the public imagination yet few historians have examined in depth the regional context which allowed this assassination to happen or the murder's ripples which quickly spread out across the Balkans Austria Hungary and Europe as a whole In this study Mark Cornwall has gathered an impressive cast of contributors to explore the causes of the Sarajevo assassination and its consequences for the Balkans in the context of the First World War The volume assesses from a variety of regional perspectives how the South Slav Question destabilized the empire's southern provinces provoking violent discontent in Croatia and Bosnia and exacerbating the empire's relations with Serbia regarded by Austria Hungary as a dangerous state It then explores the ripples of the Sarajevo event

from its evolution into a European crisis to the creation of a new independent state of Yugoslavia Bringing together fresh perspectives by historians from Austria Croatia Slovenia and Serbia as well as leading British historians of Austria Hungary this book is essential reading for anyone wanting to understand the Sarajevo violence and how it shaped modern Balkan history The National Question in Yugoslavia Ivo Banac,2015-08-11 Even before it collapsed into civil war ethnic cleansing and dissolution Yugoslavia was an archetypical example of a troubled multinational mosaic a state without a single national base or even a majority Its stability and very existence were challenged repeatedly by the tension between the pressures for overarching political cohesion and the defense of separate national identities and aspirations In a brilliant analysis of this complex and sensitive national question Ivo Banac provides a comprehensive introduction to Yugoslav political history His book is a genetic study of the ideas circumstances and events that shaped the pattern of relations among the nationalities of Yugoslavia It traces and analyzes the history and characteristics of South Slavic national ideologies connects these trends with Yugoslavia s flawed unification in 1918 and ends with the fatal adoption of the centralist system in 1921 Banac focuses on the first two and a half years in the history of the Kingdom of the Serbs Croats and Slovenes because in his view this was the period that set the pattern for subsequent development of the national question The issues that divided the South Slavs and that still divide them today took on definite form during that time he maintains Banac provides extensive treatment of all of Yugoslavia s nationalities his sections on the Montenegrins Albanians Macedonians and Bosnian Muslims are unique in the literature In this unbiased account all of the principals and groups assume a tragic fascination When published in 1984 The National Question in Yugoslavia was the first complete introduction to the cultural history of the South Slavic peoples and to the politics of Yugoslavia and it remains a major contribution to the scholarship on modern European nationalism and the stability of multinational states *Encyclopedia of Historians and Historical Writing* Kelly Boyd,2019-10-09 The *Encyclopedia of Historians and Historical Writing* contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the *Encyclopedia* includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

Austria-Hungary and the Origins of the First World War Samuel R. Williamson Jr,1990-12-12 A major re examination of Habsburg decision making from 1912 to July 1914 the study argues that Austria Hungary and not Germany made the crucial decisions for war in the summer of 1914 Based on extensive new archival research the book traces the gradual militarization of Austro Hungarian foreign policy during the Balkan Wars The disasters of those wars and the death of the Archduke Franz

Ferdinand the heir apparent and a force for peace in the monarchy convinced the Habsburg elite that only a war against Serbia would end the South Slav threat to the monarchy's existence. Williamson also describes Russia's assertive foreign policy after 1912 and stresses the unique linkages of domestic and foreign policy in almost every issue faced by Habsburg statesmen.

An Historian in Peace and War T.G. Otte, 2016-04-15

The First World War and subsequent peace settlement shaped the course of the twentieth century and the profound significance of these events were not lost on Harold Temperley whose diaries are presented here. An established scholar and later one of Britain's foremost modern and diplomatic historians, Temperley enlisted in the army at the outbreak of the war in August 1914. Invalided home from the Dardanelles campaign in 1915, he spent the remainder of the war and its aftermath as a general staff officer in military intelligence. Here he played a significant role in preparing British strategy for the eventual peace conference and in finalising several post-war boundaries in Eastern Europe. Later in the 1920s and 1930s, Temperley was to co-edit the British diplomatic documents on the origins of the war and the vicissitudes of modern Great Power politics were to be his principal preoccupation. Beginning in June 1916, the diary presents a more or less daily record of Temperley's activities and observations throughout the war and subsequent peace negotiations. As a professional historian, he appreciated the significance of eyewitness accounts and if Temperley was not at the very heart of Allied decision-making during those years, he certainly had a ringside seat. Trained to observe accurately, he recorded the concerns and confusions of wartime consciousness, always of the historical significance of what he observed. As a result, there are few sources that match Temperley's diary, which presents a fascinating and unique perspective upon the politics and diplomacy of the First World War and its aftermath.

Britain and Interwar Danubian Europe Dragan Bakic, 2017-05-04

Danubian Europe presented constant and serious security risks for European peace and stability and for that reason, contrary to conventional wisdom, it commanded the attention of British diplomacy with a view to appeasing local conflicts. *Britain and Interwar Danubian Europe* examines the manner in which the Foreign Office perceived and treated the antagonism between the Little Entente, comprised of Czechoslovakia, Yugoslavia, and Romania, and Hungary, on the one hand, and revisionist Bulgaria and her neighbours in the Balkans, on the other, and the impact that these local conflicts had in connection with Franco-Italian rivalry in Central South Eastern Europe. With Hitler's accession to power, Danubian Europe was viewed in Whitehall in relation to its place in the prospective policy for preserving Austrian independence and containing German aggression. Dragan Bakic argues that the British approach to security problems in Danubian Europe had certain permanent features which stemmed from the general British outlook on the new successor states, the members of the Little Entente, founded on the ruins of the Habsburg monarchy. This book shows that it was the lack of confidence in their stability and permanence, as well as the misperceptions about the motives and intentions of the policies pursued by other Powers towards Central South Eastern Europe, which accounted for the apparent sluggishness and ineffectiveness of the Foreign Office's dealings with security challenges. Based on extensive original archival research, this is a fascinating volume for any

historian keen to know more about the 20th century history of East Central Europe or British foreign policy in the interwar years *Decisions For War, 1914* F.H. Hinsley, Keith Wilson, 2016-04-29 Keith Wilson is Lecturer in International History at the University of Leeds This book is intended for undergraduate history courses broad 20th century European history First World War military history war studies international and diplomatic history school libraries *Yugoslavia and Macedonia Before Tito* Nada Boskovska, 2017-04-27 Held together by apparatchiks and later Tito's charisma Yugoslavia never really incorporated separate Balkan nationalisms into the Pan Slavic ideal Macedonia frequently ignored by Belgrade had survived centuries of Turkish domination Bulgarian invasion and Serbian assimilation before it became part of the Yugoslav project in the aftermath of the First World War Drawing on an extensive analysis of archival material private correspondence and newspaper articles Nada Boskovska provides an arresting account of the Macedonian experience of the interwar years charting the growth of political consciousness and the often violent state driven attempts to curb autonomy Sketching the complex picture of nationalism within a multi ethnic but unitarist state through a comprehensive analysis of policy economy and education Yugoslavia and Macedonia before Tito is the first book to describe the uneasy and often turbulent relationship between a Serbian dominated government and an increasingly politically aware Macedonian people Concerned with the question of integration and political manipulation Boskovska gives credence to voices critical of Royal Yugoslavia and offers a fresh insight into domestic policy and the Macedonian question going beyond traditional high politics Broadening the spectrum of discussion and protest she reveals the voices of a people protesting constitutional and electoral fraud the neglect of local needs and state machinations designed to create a satellite province **War in the Balkans** James Pettifer, Tom Buchanan, 2015-11-20 The history of the Balkans incorporates all the major historical themes of the 20th Century the rise of nationalism communism and fascism state sponsored genocide and urban warfare Focusing on the centuries opening decades War in the Balkans seeks to shed new light on the Balkan Wars through approaching each regional and ethnic conflict as a separate actor before placing them in a wider context Although top down Great Powers historiography is often used to describe the beginnings of the World War I not enough attention has been paid to the events in the region in the years preceding the Archduke Ferdinand's assassination The Balkan Wars saw the defeat of the Ottoman Empire the end of the Bulgarian Kingdom then one of the most powerful military countries in the region an unprecedented hardening of Serbian nationalism the swallowing up of Slovenes Croats and Slovaks in a larger Balkan entity and thus set in place the pattern of border realignments which would become familiar for much of the twentieth century *The Balkan Wars from Contemporary Perception to Historic Memory* Katrin Boeckh, Sabine Rutar, 2017-01-10 This book explores the historical role of the Balkan Wars In Eastern Europe the two Balkan Wars of 1912-13 had greater importance than the First World War for the construction of nations and states This volume shows how these short wars profoundly changed the sociopolitical situation in the Balkans with consequences that are still felt today More than one hundred years later the successors of the belligerent

states in Southeastern Europe memorialize the wars as heroic highlights of their respective pasts Furthermore the metaphor that the Balkans were Europe s powder keg perpetuated at the beginning of the twentieth century in the face of these wars was reactivated in both the West and the East up through the Yugoslav wars of the 1990s The authors entangle the hitherto exclusive national master narratives and analyse them cogently and trenchantly for an international readership They make an indispensable contribution to the proper integration of the Balkan Wars into the European historical memory of twentieth century warfare

Historians as Nation Builders Dennis Deletant, Harry Hanak, 1988-06-18 A selection of papers from a conference held in honour of Professor Hugh Seton Watson on the occasion of his retirement in 1983 The aim of the contributors is to illustrate the role of the historian in the political life of Central and East European nations
