Race, Ethnicity and Gender Oliner, Gay, 1997-06 *Student Guide for Race, Ethnicity and Gender* Samuel P. Oliner, 1997 **Women's History in Global Perspective** Bonnie G. Smith, 2004 The American Historical Association's Committee on Women Historians commissioned some of the pioneering figures in women's history to prepare essays in their respective areas of expertise This volume the first in a series of three collects their efforts Women's History in Global Perspective Volume 1 addresses the comparative themes that the editors and contributors see as central to understanding women's history around the world Later volumes will be concerned with issues that have shaped the history of women in particular regions The authors of these essays including Margaret Strobel Alice Kessler Harris and Mrinalini Sinha provide general overviews of the theory and practice of women's and gender history and analyze family history nationalism and work The collection is rounded out by essays on religion race ethnicity and the different varieties of feminism Incorporating essays from top scholars ranging over an abundance of regions dates and methodologies the three volumes of Women's History in Global Perspective constitute an invaluable resource for anyone interested in a comprehensive overview on the latest in feminist scholarship [Race and Ethnicity in Women's and Gender History in Global Perspective](#) Pamela Scully, American Historical Association, 2006 **Global Perspectives on Gender and Space** Ann Oberhauser, Ibipo Johnston-Anumonwo, 2014-03-21 Feminism has re-shaped the way we think about equality power relations and social change Recent feminist scholarship has provided new theoretical frameworks methodologies and empirical analyses of how gender and feminism are situated within the development process Global Perspectives on Gender and Space Engaging Feminism and Development draws upon this framework to explore the effects of globalization on development in diverse geographical contexts It explores how women's and men's lives are gendered in specific spaces as well as across multiple landscapes Traveling from South Asia to sub-Saharan Africa to North America and the Caribbean the contributions illustrate the link between gender and global development including economic livelihoods policy measures and environmental change Divided into three sections Global Perspectives on Gender and Space showcases the following issues One the impact of neoliberal policies on transnational migration public services and microfinance programs Two feminist and participatory methodologies employed in the evaluation of land use women's cooperatives and liberation struggles and Three gendered approaches to climate change natural disasters and conservation the global South A feminist lens is the common thread throughout these sections that weaves gender into the very fabric of everyday life providing a common link between varied spaces around the globe by mapping gendered patterns of power and social change This timely volume provides geographic comparisons and case studies to give empirically informed insights on processes and practices relevant to feminism and development It illustrates ways to empower individuals and communities through transnational struggles and grassroots organizations while emphasizing human rights and gender equity and will be of interest to those studying Geography Development Studies

International Relations and Gender Studies **Gender Relations in Global Perspective** Nancy Cook, 2007 Faced with an increasingly diverse student population an expanding field of gender scholarship and an academic emphasis on multidisciplinary social science professors often struggle to address and integrate such a broad array of gender issues in their courses This book addresses that challenge by increasing students understandings of gender relations in multiple social fields across time and space Gender Relations in Global Perspective is truly multidisciplinary It is partially drawn from the work of sociologists but articles written by gender scholars from the disciplines of cultural studies history political science geography and literary theory are also included The readings examine historically persistent cross culturally relevant and empirically grounded concerns such as men s position in the family and women s relationship to work media and the global economy as well as the gendered problems of violence sexuality and reproduction and racism This book presents an engaging range of comparative and cross cultural gender analyses from various world regions including the Middle East South Asia South East Asia Europe the Americas and Africa As the articles are dialogically situated in this text readers will be able to analyse gender similarities and differences around the globe and learn about the diversity of gender experiences across cultures and regions This range of analyses demonstrates how a global perspective enriches feminist analyses Students will quickly learn that to investigate gender dynamics adequately attention must be paid simultaneously to the processes of racialization class colonialism and imperialism and sexuality that interweave with gender to produce complex forms of oppression

Gender Equality in a Global Perspective Anders Ortenblad, Raili Marling, Snjezana Vasiljevic, 2017-01-06 Gender Equality in a Global Perspective looks to discuss whether Gender Equality can be adopted as it has been defined in international documents anywhere or whether it needs to be adapted in a more local context discuss which factors and perspectives need to be taken into account when adapting Gender Equality to specific contexts suggest research approaches for studies on whether a universal Western concept of Gender Equality fits in certain specific contexts and finally suggests challenges to the existing interpretation of Gender Equality e g theory of intersectionality and the development of legal and policy framework This book is situated within the tradition of comparative gender studies While most other such books take up and compare various ways of implementing or not implementing gender equality this book studies and compares whether or not and to what extent a specific definition of Gender Equality GE could be adopted by various nations Thus all chapter contributors will engage with the same definition of GE which will be presented within the book and discuss the possibilities and constraints related to applying such a definition in their particular national context The readers will learn about the problems of applying a universal concept of Gender Equality and the possible reasons for and modes of adapting Gender Equality to different contexts Gender Equality in a Global Perspective looks to maintain a critical and reflexive stance towards the issues raised and will seek to present multiple perspectives and open ended answers As such it hopes to contribute to the international discussion of human rights more broadly and Gender Equality specifically The intended

audience is not limited only to but will include policy makers scholars and students with an interest in Gender issues Organizational Theory Political Science Human Development Policy Analysis Globalization and other management sub disciplines

Contemporary Global Perspectives on Gender Economics Moore, Susanne, 2015-07-24 The rise of

women in the workforce has led to many campaigns for wage equality and the impartial treatment of both sexes as they pursue careers previously designated as either a man's or a woman's job. The impact of these campaigns has been felt but a sense of gender stereotyping still affects not only the social and cultural well-being of the modern organization but the drive for innovation and economic success as well. Contemporary Global Perspectives on Gender Economics challenges current economic theory targeting the way gender is often used for economic gain or increased market share. Experts realize that company growth can no longer be achieved by taking a conventional approach but few follow through with introducing new frameworks that change the way diversity is treated. By acknowledging that issues like childcare and the wage gap are not only a woman's challenge, this book speaks to legislators and policymakers, economic developers, corporate practitioners, educational faculties and students of all disciplines who are looking to change the way gender is viewed in the workforce. This essential reference source features chapters that combine the concepts of gender theory, sociology and economics and cover topics including economic equality, gender bias, the history of gender economics, industrial creativity and the impact of social connectedness on life satisfaction.

Organizational Behaviour in a Global Context Albert J. Mills, Jean C. Helm Mills, John Bratton, Carolyn Forshaw, 2006-01-01. At last there is a lucid well-written OB book which covers key issues required in OB teaching but which has a mind of its own. Students and faculty will recognize this is more than standard fare. Bill Cooke, Manchester Business School.

Health Studies Jennie Naidoo, Jane Wills, 2022-03-22. This new edition of Health Studies provides an authoritative and contemporary introduction to the study of health. With chapters including epidemiology, psychology, human and environmental geography and anthropology, it is the only book to explore in one volume all of the core disciplines that contribute to understanding health. It illustrates how the complexity of health problems such as obesity should be viewed with an interdisciplinary perspective. Each chapter explains the disciplinary approach and then its theoretical and research approaches with examples. A highlight of this 4th edition is a new chapter on sports and exercise science providing another scientific chapter on physiology which is applied and will be of interest to all those thinking of employment in sports or leisure industry. The book is accessible and learner-centered and each chapter features a connections feature that links the chapters together, learning tasks, questions for reflection and debate, examples to illustrate concepts, methodologies and to explore contemporary issues, a case study on obesity, food and diet. Comprehensive, accessible and written by leading experts in the different fields, this is the introductory text for all students of health studies.
