A.J. Stevens, A. Gary Dworkin, 2019-07-05 This authoritative state of the art reference work builds on its first edition to

provide a cutting edge systematic review of the relationship between race ethnicity and educational inequality Studying 25 different national contexts drawn from every inhabited continent on earth and building upon material from the earlier edition the work analyses educational policies practices and research on minority students immigrants and refugees The editors and contributors explore principal research traditions from countries as diverse as Argentina China Norway and South Africa examining the factors promoting social cohesion as well as considerations regarding the use of international test score data Seamlessly integrating findings of national reviews the editors and contributors analyse how national contexts of race ethnic relations shape the character and content of educational inequalities and deftly map out new directions for future research in the area Global in its perspective and definitive in content this one stop volume will be an indispensable reference resource for a wide range of academics students and researchers in the fields of education sociology race and ethnicity studies and social policy Chapter 20 of this book is available open access under a CC BY 4.0 license at SpringerLink https://link.springer.com/chapter/10.1007/978-3-319-94724-2_20

Judith Butler, Race and Education Charlotte Chadderton, 2018-05-22 This book provides an analysis of race and education through the lens of the work of Judith Butler Although Butler tends to be best known in the field of education for her work on gender and sexuality her work more broadly encompasses the functioning of power and hegemonic norms and the formation of subjects and thus can also be applied to analyse issues of race Applying a Butlerian framework to race allows us to question its ontological status while considering it a hegemonic norm and a performative notion which has a significant impact on real lives The author considers the implications of Butler's thinking for debates addressing diverse contemporary educational issues in which race continues to be reproduced such as the formation of learner identities the production of the good citizen raising student aspirations counter terrorism and surveillance in education and qualitative research in education This book will be of interest to students and scholars of education and race the sociology of education and equality of opportunity

Race and Class Distinctions Within Black Communities Paul Camy Mocombe, Carol Tomlin, Cecile Wright, 2013-12-17 This book offers both a philosophical and sociological model for understanding the constitution of identity in general and black social identity in particular without reverting to either a social or racial deterministic view of identity construction Using a variant of structuration theory phenomenological structuralism this work against contemporary postmodern and post structural theories seeks to offer a dialectical understanding of the constitution of black American and British life within the class division and social relations of production of the global capitalist world system while accounting for black social agency

Understanding Early Years Inequality Alice Bradbury, 2013-09-02 Understanding Early Years Inequality uses critical sociological perspectives to examine the impact of changing assessment policy on primary school classrooms with a particular focus on issues of inequality Drawing on accounts of life in early years classrooms Alice Bradbury suggests that a specific model of the good learner operates and that this model works to exclude some groups of students from positions of educational success Key

themes examined throughout this book relate to The relationship between assessment policy and children s identities as learners The complexity of classroom life The power of assessment to shape definitions of learning and learners The impact of discourses of class race religion and the inner city on how children are assessed and how assumptions about inner city schools and low attainment can put pressure on teachers to assess children in particular ways In this important text the author argues that assessment policies can have a huge impact on classrooms and teachers as well as having potentially damaging effects for young children particularly those from minoritised and economically disadvantaged backgrounds The book explores in detail the complex interaction of education policies with discourses of attainment and expectation and the resulting reproduction of patterns of inequality Understanding Early Years Inequality will have an immediate impact on current debates about educational policy and practice in Early Years education and will be of particular interest to academics and students in educational studies sociology of education and early childhood studies

Understanding Race and Crime

Colin Webster,2007-07-16 Why are some ethnic minorities associated with higher levels of offending How can racist violence be explained Are the police and criminal justice system racist Are the reasons for offending and victimization among ethnic minorities different from those among ethnic majorities Understanding Race and Crime provides a comprehensive and critical introduction to the debates and controversies about race crime and criminal justice While focusing on Britain and America it also takes a broader international perspective with case studies including the historical legacy of lynching in the United States and racist state crime in the Nazi and Rwandan genocides The book provides a conceptual framework in which racism race and crime might be better understood It traces the historical origins of how thinking about crime came to be associated with racism and how fears and anxieties about race and crime become rooted in places destabilized by rapid social change The book questions whether race and ethnicity alone are significant enough factors to explain differing offending and victimization patterns between ethnic groups Issues examined include Contact conflict with the police Public disorder Involvement with the criminal justice system Understanding Race and Crime is essential reading for students from a range of social science disciplines and for a variety of crime related courses It is also useful to practitioners in the criminal justice field and those interested in understanding the issues behind debates on race and crime
