Safe European:

The Human Rights of Migrants and Refugees in European Law Cathryn Costello, 2015-12-25 Focussing on access to territory and authorization of presence and residence for third country nationals this book examines the EU law on immigration and asylum addressing related questions of security of residence Concentrating on the key measures concerning both the rights of third country nationals to enter and stay in the EU and the EU's construction of illegal immigration it provides a detailed and critical discussion of EU and ECHR migration and refugee law Rights of admission include three categories of entrants labour migrants family migrants and asylum seekers and refugees Legal entry raises further questions and recent key measures including the EU Blue Card Directive the Family Reunification Directive and the Dublin Regulation and related instruments are examined As most of these EU measures deal with those border crossings where human rights norms have already established some constraints on state discretion the interaction between the EU norms and the case law of the European Court of Human Rights ECtHR is a key concern The uniting theme is the interaction between established human rights norms in particular the ECHR and EU law Does the EU fulfil its post national promise to create forms of membership beyond the state or in its treatment of non Europeans does it undermine human rights and existing legal protections

The Global Reach of European Refugee Law Hélène Lambert, Jane McAdam, Maryellen

Fullerton, 2013-09-05 Examination of the worldwide emulation of key norms of European refugee protection through transnational processes and actors

Aging in European Societies Constantinos Phellas, 2012-10-02 Between longer life expectancies and declining birth rates Europe's elder population is growing into a sizable minority with considerable impact on nations health systems and economies in other words global implications as well as local and regional ones Those investing in the health of older adults need a double perspective the social and clinical complexity of aging and the larger forces shaping these experiences Aging in European Societies examines aging trends across the continent analyzing individual and collective variables that affect the lives of older adults and drawing salient comparisons with other parts of the world An interdisciplinary panel of experts provides theory research and empirical findings with examples from the UK Cyprus Sweden and others in key areas such as family and social supports physical and cognitive changes dependence and autonomy issues and living arrangements The book's wide net approach offers insights into not only aging but aging well And of particular importance it details approaches to defining and measuring the elusive but crucial concept quality of life Included in the coverage The potential for technology to improve elders quality of life Dementia and quality of life issues Changes in functional ability with aging and over time Family networks and supports in older age Factors influencing inequalities in quality of life Late life learning in the EU Gerontologists sociologists health and cross cultural psychologists and public health policymakers will welcome Aging in European Societies as a springboard toward continued discussion new directions for research and improvements in policy and practice

Civil Protection Cooperation in the European Union

Sten Widmalm, Charles F. Parker, Thomas Persson, 2019-02-20 This fine team of academics moves beyond mere descriptions of capacities structures and processes to explain the effectiveness of Civil Protection in the EU With their exploration of trust as a key factor they deliver the best book so far on this critical topic Arjen Boin Leiden University the Netherlands Grounded in unique and voluminous fieldwork within the EU s nascent community of civil protection practitioners and mechanisms this timely study shows us that interpersonal and professional trust rooted in collegiate relationships is pivotal for bridging the different policy styles embedded in member states administrative cultures and building much needed cohesive effective and resilient European crisis management capacity A gem for crisis management and EU scholars alike Paul t Hart Utrecht University and Netherlands School of Public Administration the Netherlands The EU and its member states have committed themselves to the protection of their citizens and a Europe that protects must be able to respond effectively when disaster strikes Utilizing unique survey data and interviews in nineteen EU member states this book treats civil protection and crisis management as crucial cases for investigating which factors such as trust public administration culture and public administration structure facilitate or hinder effective EU cooperation In addition to investigating the main divides and unifying patterns of cooperation that exist among the EU member states the authors combine knowledge from crisis management studies together with insights from public and social capital studies to examine to what extent so called software factors such as culture trust and norms matter for achieving effective civil protection cooperation and crisis management

Remapping Security on Europe's Northern Borders Jussi P. Laine, Ilkka Liikanen, James W. Scott, 2021-05-03 This book critically analyses the changing EU Russian security environment in the wake of the Ukraine crisis with a particular focus on northern Europe where the EU and the Russian Federation share a common border Russian involvement in conflict situations in the EU s immediate neighbourhood has drastically impacted the European security environment leading to a resurgence of competitive great power relations The book uses the EU Russia interface at the borders of Finland and the European North as a prism through which interwoven external and internal security challenges can be explored Security is considered in the broadest sense of the term as the authors consider how the security environment is reflected politically socially and culturally within European societies The book analyses changing political language and concepts institutional preparedness border governance human security migration and wider challenges to societal resilience Ultimately the book investigates into Finland s preparedness to address new global security challenges and to find solutions to them on an everyday level This book will be an important guide for researchers and upper level students of security border studies Russian and European studies as well as to policy makers looking to develop a wider contextualized understanding of the challenges to stability and security in different parts of Europe

Sustainable Development and Finance in Europe Małgorzata Janicka, Artur Sajnog, 2025-06-09 Sustainable development is a major

challenge of our times The conditions necessary for sustainable transformation cut across all economic entities and sectors that operate on macro and micro economic scales both nationally and internationally The subject of sustainability has been represented in the public space for years but there are few studies available on the practical implementation of the related goals and most publications focus on the issues of green finance and the environment A particularly large information gap relates to the role of sustainable finance in achieving sustainable development which has been underestimated for years This book characterizes and evaluates how stock markets operate in European Union EU countries in terms of the sustainable development of public companies The book addresses two key research areas Firstly it provides an analysis of the legal and institutional environment of the EU stock markets in the sustainable reconstruction of the European economy and secondly it assesses the conditions for EU public companies to implement environmental social and governance ESG non financial reporting requirements and how the ESG indicators based on these function The book presents the methodology for constructing ESG indicators with particular emphasis on Refinitiv which is one of the largest databases in this area and the most recognizable on a global scale The book is a valuable source of knowledge on the conditions and consequences of changes in the financial markets especially the stock markets and is addressed primarily to the academic community but may also be informative engaging and useful for various stakeholders in the business sector including enterprises institutional and individual investors and financial institutions

Austerity Bryan M. Evans, Stephen McBride, 2017-10-03 Bryan M Evans Stephen McBride and their contributors delve further into the more practical ground level side of the austerity equation in Austerity The Lived Experience Economically austerity policies cannot be seen to work in the way elite interests claim that they do Rather than soften the blow of the economic and financial crisis of 2008 for ordinary citizens policies of austerity slow growth and lead to increased inequality While political consent for such policies may have been achieved it was reached amidst significant levels of disaffection and strong opposition to the extremes of austerity The authors build their analysis in three sections looking alternatively at theoretical and ideological dimensions of the lived experience of austerity how austerity plays out in various public sector occupations and policy domains and the class dimensions of austerity The result is a ground breaking contribution to the study of austerity politics and policies
