Gregory Palamas As A Hagiorite** Metropolitan Of Nafpaktos Hieroteos, 1997 St. Gregory Palamas and Orthodox Spirituality John Meyendorff, 1974 This richly documented and lavishly illustrated study of Orthodox spirituality traces the development of Orthodox mysticism from the desert fathers through the patristic tradition to Byzantine hesychasm and its heritage in Russian monasticism It shows how the work of Palamas transcends the limits of one school of spirituality and renews in its deepest essence the life of the Christian Mystery Jacket

Restoring the Inner Heart Mary Naumenko, 2019-10-01 Written close to the end of the great writer s life Fyodor Dostoevsky s short story The Dream of a Ridiculous Man tells of a transformation of the heart and a journey from despair to joy a joy that can be known by all through the experience of God that transcends a simply rational discourse In this eye opening literary study the title character and his spiritual metamorphosis are examined in depth in light of the ancient concept of Nous as it developed from the Greek philosophers to the Christian fathers By comparing the Ridiculous Man to similar characters in Dostoevsky s corpus the author shows how an Orthodox Christian understanding of the Nous underpins Dostoevsky s own anthropology and how his literary works in turn guide the reader toward a truer vision of humanity

Paths To The Heart: Sufism And The Chris James S. Cutsinger, 2010-08-01 Despite the long and well known history of conflict between Christians and Muslims their mystical traditions especially in the Christian East and in Sufism have shared for centuries many of the same spiritual methods and goals The purpose of this book the first major publication of its kind is

to promote precisely this more inward kind of ecumenical perspective These essays point to a spiritual heart in which the deeper meaning of Christian and Muslim beliefs and practices come alive and where spiritual pilgrims may discover beyond the level of seemingly contradictory forms an inner commonality with those who follow other paths Orthodox Mysticism and Asceticism Constantinos Athanasopoulos,2020-08-27 The scholarly contributions gathered together in this volume discuss themes related to the cultural social and ethical dimension of St Gregory Palamas works They relate his mystical philosophy and theology to contemporary debates in metaphysics philosophy of language ethics philosophy of culture political philosophy epistemology and philosophy of religion and theology among others The book considers a variety of topics of special interest to Christian theologians philosophers and art historians including church and state relations similarities and differences between Palamas contemporary phenomenologists and philosophers of language and hesychast influences on late Byzantine iconography *Gregory Palamas' Metaphysics of Light* Patrícia Calvário,2024-12-23 This book examines Gregory Palamas perspective on light applying the metaphysics of light framework introduced by Clemens Baeumker and adapting it to propose a new theoretical approach to Palamas thought It explores Palamas understanding of light addressing its ontological epistemological and transformative aspects which he articulates through the integration of scriptural exegesis and the direct experiences of monastic prayer The analysis covers Palamas key concepts from the essence energy distinction to the potential for experiencing the divine through the body in this life The book situates Palamas thought both within its historical context and the broader field of metaphysics providing a philosophical perspective This meticulous study invites readers interested in the intersections of Byzantine theology philosophy and metaphysics offering a comprehensive examination of a system that challenges conventional views on corporeality and finitude
