Chorpenning, Chorpenning Osfs Joseph, 2024-12-13 It is a commonplace in devotional literature historical scholarship and papal writings that Saint Teresa of vila played a key role in the development of veneration of Saint Joseph Saint Joseph and the Carmelite Reform of Saint Teresa of vila unpacks this commonplace by recovering the often overlooked back story to Teresa s story namely the extraordinarily rich liturgical cult of Saint Joseph in the Ancient Order of Carmel which fully flowered in the Teresian Carmel and beyond to the universal Church This volume charts a narrative arc from the liturgical cult of Saint Joseph in the Carmelite Order of Ancient Observance to Saint Joseph s vital formative presence in Saint Teresa s life and reformed Carmel as father teacher of prayer and intercessor in every need to the Carmelite family as a whole giving liturgical expression to its privileged relationship with Saint Joseph by the establishment of the Feast of the Patronage of Saint Joseph to this feast becoming widespread outside Carmel and ultimately extended to the Universal Church 1847 and finally to Saint Joseph s proclamation as Patron of the Universal Church 1870 An epilogue considers the absence of Joseph s title Patron of the Universal Church in the post Vatican II liturgical calendar and books while the papal magisterium has

consistently insisted that this patronage is ever necessary for the Church as not only a protection against all dangers but also an impetus for its mission of evangelization and re evangelization An appendix reprints the letter Saint Joseph Patron of Carmel jointly issued by the Prior General of the Order of Carmelites of the Ancient Observance and the Superior General of the Order of Discalced Carmelites to mark the 150th anniversary of the proclamation of Saint Joseph as Patron of the Universal Church

Crossing the Threshold of Love Mary Shivanandan, 1999 The papal encyclical Humanae Vitae predicted the disintegration of marriage and family life partly as a result of the widespread use of contraception Pope John Paul II has since addressed the problem by articulating a fresh understanding of marriage love and sexuality which takes account of the dignity of the human person and especially of women In this most exhaustive and scholarly assessment of John Paul II s Christian anthropology ever written Mary Shivanandan examines the scientific data and the theological analysis that underlie his teachings on marriage and sexuality Her book will be an essential text for the study of the development meaning and implications of Catholic doctrine in this controversial area It is both lucid and multi disciplinary Its appearance marks a new stage in the debate over sexuality in the modern world ABOUT THE AUTHOR Mary Shivanandan STD is a professor at the John Paul II Institute for Studies on Marriage and the Family PRAISE FOR THE BOOK Mary Shivanandan has successfully accomplished a daunting task the

distillation of John Paul's profound and complicated vision of the essence of man and the meaning of marital love. A very valuable presentation of the thought of John Paul on human sexuality, marriage and the family. Anyone who wants to understand the Pope on these matters must have Shivanandan's book as part of his personal or formal curriculum. New Oxford Review. An exceptionally brilliant study. Shivanandan very accurately and clearly sets forth the major ideas developed at length by Pope John Paul II in many of his writings. She has entered into serious dialogue with contemporary thinking regarding the nature of the human person, the meaning of the human body and the meaning of human sexuality, relating and contrasting this thinking with that of John Paul II. Prof. William E. May, John Paul II Institute for Studies on Marriage and Family. Shivanandan has made a significant contribution to the enrichment of our understanding of marriage. In a concise way, she reveals the subtle insights of John Paul II which resonate in so many people's lives once they are explained in such a clear way. Rev. Msgr. Peter J. Elliott, Casa Internazionale del Clero, Rome. The monumental text book the prolife movement has been waiting for. This is the definitive study of the Pope's innovative theology of the body and its implications for human life and marriage. Faith Culture Bulletin. This is an exceptional study. Shivanandan not only offers a tour de force of the evolution of John Paul's thought but also demonstrates its far-reaching implications for the lives of couples, families and whole societies. She unmasks the deception of our safe sex society by demonstrating that only when we come to see the body and sexual intercourse as the expression of transcendence of the person will we be able to cross the threshold of love. Mary Shivanandan's new book, *Crossing the Threshold of Love*, should establish her as a recognized scholar, theologian and expert on Pope John Paul II's anthropology. National Catholic Register. Pope John Paul II's thought and teaching on human sexuality evolved over a couple of decades and Professor Mary Shivanandan unpacks this thought carefully and extensively. In presenting John Paul II's thought, Mary Shivanandan brings a thorough grounding in philosophy and a theological education. She also has twenty years of experiential learning in the matter of Natural Family Planning and what this can bring to communion in one flesh. A full index of subjects as well as a generous bibliography enrich this work. Liguorian. Shivanandan is largely successful in bringing out the main elements of the Pope's personalism. She has

What to Do with the Least of Our Brothers? Fr. C. Ryan McCarthy, It seems at times unthinkable that a book like this would have to be written although I am relatively sure that Aldous Huxley foresaw its necessity when he wrote Brave New World But the time has arrived where babies are manufactured in sterile facilities and tested for their fitness for life in the world While we have not yet advanced sufficiently in biological sciences to entirely forego natural gestation in favor of prenatal programming process which Huxley describes we have reached the point where those unwanted embryos are set aside freeze dried and abandoned or destroyed when they do not meet the standard set for a child This book affirms the intrinsic goodness of the life of each embryo and explores from the Catholic perspective the possibility of frozen embryo rescue by adoption It looks at those arguments which see the elements of in vitro fertilization as so contrary to the faith and the natural law as to be irrecoverably intrinsically evil and rejects those in favor of a small and narrow path of adoption to fully re-incorporate a child through the love of a mother and a father into the society which abandoned it **Inside the Vatican**, 2001
