Saint Pascal Changing Leadership And Social Organization In A Quebec Town:

Saint-Pascal Gerald L. Gold,1975 *Small Town in Modern Times* David Morton Rayside,1991 Alexandria a town of about 3 500 people in Glengarry County in Eastern Ontario conforms in some respects to the stereotype of small towns as friendly communities without the strains of city life Although David Rayside found Alexandria to be a pleasant town in this penetrating study he reveals that this community which includes an almost equal mix of anglophones and francophones is also marked by social inequalities and divisions that parallel those in urban centres *The Jews of North America* Multicultural History Society of Ontario,1987 The Jews of North America based on the latest research by fifteen historians and scholars from Canada Israel and the United States is the first book to focus on the ethnic totality of the American and Canadian Jewish experience The book blends a rich array of interrelated themes into a composite whole that is central to an understanding of North American Jewish history The emphasis on continuity of tradition in these essays counters the prevailing myth of discontinuity which promotes the notion of the great sense of separation Jews felt from the world we have lost The volume also provides an interesting comparative dimension by examining the similarities and dissimilarities of the American Jewish immigrant experience in both Canada and the United States **The New Practical Guide to Canadian Political Economy** Daniel Drache,Wallace Clement,1985-01-01 The New Practical Guide to Canadian Political Economy is a handy reference to the vast range of research and writing that political economists in Canada have completed to the date of publication The book is divided into twenty five subject bibliographies each one compiled and introduced by an expert in the field The overall range of subjects includes economic development in Canada Canada s external economic relations regional disparities and regional development social and economic classes women Native peoples politics and the Canadian state nationalism culture and political thought The book is indexed by author and includes a helpful shortlist of the staples in Canadian political economy Published in 1985 The New Practical Guide to Canadian Political Economy remains a useful reference to some of the classic literature of the discipline *Paradise* Stanley Barrett,1994-12-15 What was life like in the 1950s in small communities in Ontario Lower class and upper class residents might have different memories of those days but on one thing they would agree it is a much different world in rural Ontario today The old guard has lost most of its power displaced partly by big brother in the form of bureaucracy and new comers from the city in search of affordable housing even if it means commuting daily to work Unlike their British origin predecessors the newcomers who have begun to appear in the countryside represent a wide range of ethnic and economic backgrounds Paradise concentrates on the transformed class system of one community in rural Ontario In a comparison of the decade following the First World War and the 1980s Stanley R Barrett analyses the changing face and structure of a town as it has had to adapt to modern social and economic realities Particular attention is paid to the phenomenon of the commuter in search of affordable housing and the influx of immigrants of varied ethnic backgrounds and the interaction between these newcomers and long term residents What is striking is just

how massive the changes in small town Ontario have been since the Second World War to the extent of almost obliterating long assumed distinctions between rural and urban society Consciousness and inquiry Frank Manning, 1983-01-01 The papers in this volume were prepared for Consciousness and Inquiry a conference jointly sponsored by the National Museum of Man and the Canadian Ethnology Society and held in London Ontario in 1981 The papers focus on interests and concerns which characterize contemporary Canadian ethnology Published in English Sustaining the Nation Monica Heller, Lindsay A. Bell (Anthropologist), Michelle Daveluy, Miriam Smith McLaughlin, Mireille McLaughlin, Hubert Noël (Linguistic Anthropologist), 2016 An ethnographic investigation of language nationalism mobility and political economy set across francophone Canada The book examines how social difference race ethnicity language gender has been used to sort out who must or can be mobile and who must or can remain in place in the organization of global circulation of human and natural resources Issues in Cultural Anthropology David W. McCurdy, James P. Spradley, 1987 This book looks at cultural anthropology through articles about the major issues that have concerned sometimes divided anthropologists **Journal of the Indian Anthropological Society** Indian Anthropological Society, 1978 **A Bibliography of Ethnographic Films** Rolf Husmann, 1992
