Towill,1989-01-01 *The Saints of Scotland* Alan Macquarrie,1997 *A Calendar of Scottish Saints* Michael Barrett,1904 **A Calendar of Scottish Saints (Esprios Classics)** Dom Michael Barrett,2019-09-19 The title of Scottish applied to the holy ones whose names occur in these short notices must be understood to refer not so much to their nationality as to the field in which they laboured or the localities where traces of their cultus are to be found The Calendar here submitted does not pretend to be exhaustive the saints therein noted are those who appear prominently in such records as remain to us and in the place names which still recall their personalities In this new edition much additional information has been inserted and many emendations made to render the Calendar as complete as possible *Kind Neighbours: Scottish Saints and Society in the Later Middle Ages* Tom Turpie,2015-08-31 In *Kind Neighbours* Tom Turpie explores devotion to Scottish saints and their shrines in the later middle ages He provides fresh insight into the role played by these saints in the legal and historical arguments for Scottish independence and the process by which first Andrew and later Ninian were embraced as patron saints of the Scots *Kind Neighbours* also explains the appeal of the most popular Scottish saints of the period and explores the relationship between regional shrines and the Scottish monarchy Rejecting traditional interpretations based around church led patriotism or crown patronage Turpie draws on a wide range of sources to explain how religious political and environmental changes in the later middle ages shaped devotion to the saints in Scotland *The Cult of Saints and the Virgin Mary in Medieval Scotland* Stephen I. Boardman,Steve Boardman,Eila Williamson,2010 A new investigation of the saints cults which flourished in medieval Scotland fruitfully combining archaeological historical and literary perspectives Of all the Celtic countries Scotland has lacked the kind of scholarly attention that has been lavished fruitfully on Wales Ireland Cornwall and Brittany And yet of all of them Scotland offers the widest range of interfaces with broader work on the cult of saints The papers presented here cover this territory very effectively the book brings together excellent studies that successfully explore the wide ramifications of the topic Anyone with an interest in saints cults will want this book DAUVIT BROUN Professor of Scottish History University of Glasgow This volume examines the phenomena of the cult of saints and Marian devotion as they were manifested in Scotland ranging from the early medieval period to the sixteenth century It combines general surveys of the development of the study of saints in the early and later middle ages with more focused articles on particular subjects including St Waltheof of Melrose the obscure early medieval origins of the cult of St Munnu the short lived martyr cult of David duke of Rothesay and the Scottish saints included in the greatest
