Sakuntala Texts Readings Histories:

Sakuntala Romila Thapar, 2011 The figure of Sakuntala appears in many forms throughout South Asian literature most famously in the Mahabharata and in Kalidasa's fourth century Sanskrit play Sakuntala and the Ring of Recollection In these two texts Sakuntala undergoes a critical transformation relinquishing her assertiveness and autonomy to become the quintessentially submissive woman revealing much about the performance of Hindu femininity that would come to dominate South Asian culture Through a careful analysis of sections from Sakuntala and their various iterations in different contexts Romila Thapar explores the interactions between literature and history culture and gender that frame the development of this canonical figure as well as a distinct conception of female identity *Śakuntalā* Romila Thapar, 2000 This Book Attempts To Explore Some Of The Links Between Culture History And Gender And Between Literature And History Through Reading Variant Versions Of The Narrative Of Sakuntala

Temple Imagery from Early Mediaeval Peninsular India Archana Verma, 2017-07-05 Analyzing the ways in which ideas of heroic discourse and the socio-religious and political needs of the period moulded iconography this book explores the evolution of the iconography of the early mediaeval Hindu temples of the Indian peninsula over the course of the sixth twelfth centuries C E In order to study the socio-religious and political atmosphere in which the early mediaeval temple iconography grew and developed its specific forms the author makes use of the inscriptions archaeological and the literary materials ranging from the fourth centuries B C E to the thirteenth century C E as these give an idea of the continuities and discontinuities in the ideas of heroic and political discourses which lie at the back of the visual art forms that they created Of particular interest are the royal charters issued in Sanskrit and Tamil the religious narratives from the Sanskrit epics and the Puranas iconographic canons that form a part of the religious texts known as the Agamas written in Sanskrit the court literature of the early mediaeval period and the early historical Sangam Tamil literature apart from the archaeological material from the Indian peninsula The author focuses particularly on exploring the ideas of power current in the society that created the

India and the World Claude Markovits, 2021-03-25 In this pioneering history of modern India Claude Markovits offers a new interpretation of events of world importance focusing on the multiplicity of connections between India and the world Beginning with an examination of India's evolving role in the world economy he deals successively with the movement of people out of and into India the role played by Indian soldiers in a series of conflicts from the mid eighteenth to the late twentieth century the place of India in the global circulation of ideas and cultural productions and the relationships established between Indians and others both abroad and at home Challenging dominant state centred histories by focusing on the lived experiences of people Markovits demonstrates that the multiple connections established between India and other lands did not necessarily result in mutual knowledge but were often marked by misunderstanding

Under the Bhasha Gaze P. P. Raveendran, 2023 This book on Indian literature offers a critique of the aesthetics and politics of modernity as embodied in Indian bhasha literature of the past two centuries It discusses the complex ways in which the bhasha imagination even as it reshaped the history of colonial modernity simultaneously allowed itself to be shaped by it in turn

The Goddess as Role Model Heidi R.M. Pauwels, 2008-10-09 This book seeks to understand the major mythological role models that mark the moral landscape navigated by young Hindu women Traditionally the goddess Sita faithful consort of the god Rama is regarded as the most important positive role model for women The case of Radha who is mostly portrayed as a clandestine lover of the god Krishna seems to challenge some of the norms the example of Sita has set That these role models are just as relevant today as they have been in the past is witnessed by the popularity of the televised versions of their stories and the many allusions to them in popular culture Taking the case of Sita as main point of reference but comparing throughout with Radha Pauwels studies the messages sent to Hindu women at different points in time She compares how these role models are portrayed in the most authoritative versions of the story She traces the ancient Sanskrit sources the medieval vernacular retellings of the stories and the contemporary TV versions as well This comparative analysis identifies some surprising conclusions about the messages sent to Indian women today which belie the expectations one might have of the portrayals in the latest more liberal versions The newer messages turn out to be more conservative in many subtle ways Significantly it does not remain limited to the religious domain By analyzing several popular recent and classical hit movies that use Sita and Radha tropes Pauwels shows how these moral messages spill into the domain of popular culture for commercial consumption

Performance and Culture Archana Verma, 2011-01-18 This book deals with various aspects of performance in India especially that related to dance and dance drama Rather than being a description of the various dance forms of India it attempts to discuss the social equations and cultural ideas that a performance attempts to portray In this sense a performance is a narrative At the same time performances also deal with well known narratives from the religious traditions of India often redefining and recounting them in the process of performance A study of these aspects is important to understand the kind of equations that define

these discourses on the performance narratives Chapter I shows the different forms of dances that are described in the iconographic canons and also the famous dance treatise the *Natyashastra* correlating them with the sculptures of dance available in the temples Here the temples of south India datable to 6th 13th centuries have been studied for this purpose Attempt is made to study the gender equations that are expounded through these dance images and texts as also the correlation between the audience and the performance and how these ideas are intertwined with the religious images Chapter II deals with four Sanskrit burlesque plays written in the ancient period which reverse social equations and classical dramatic representations through the genre of satire Almost every elite class person generally idealized in the classical Sanskrit plays is lampooned here Issues of audience perception and the reception of this kind of reversed images of the ideal figures of the society are discussed in this chapter Chapter III deals with the aesthetics of eroticism that form the basis of many Indian classical dances how they are intertwined with the notion of devotionism in Hinduism and how they are negotiated in the Indian classical dances in our contemporary period A case study is done here of Odissi the classical dance from the eastern state of Orissa which draws extensively from the temple sculptures of dance Chapter IV shows that sacred narrative in India is not always a means of glorifying the divine Rather sometimes it is also used to satirize the established notions of religiosity and of divinity This forms the basis of this very interesting semi classical dance drama form called Ottan Thullal from the southern state of Kerala Kathakali the classical dance drama and Mohiniattam the classical dance from Kerala have dominated the scene so much that this form of dance drama has been overshadowed and it is little known to the world outside Kerala even in India There is not much scholarship on Ottan Thullal This chapter deals with this form and the manner in which it uses the idiom of satire to narrate the religious legends Chapter V is a study of the Mithila narratives from the eastern region of Mithila in Bihar to understand the ways in which gender equations in the Mithila society influence the making of these narratives There is a discussion of the nature of folk narratives in this chapter Chapter VI takes some folk forms of performance and visual narratives from different states of India to show how social equations such as power hierarchy gender and caste dimensions are negotiated All these use the traditional religious space to work out these equations Chapter VII on one hand is a comparative study of two Hindi films made in 1960s based on the lives of two women dancers from ancient India One of them is a historical figure and the other is a figure On the other hand this is an attempt to show how the narratives of these women dancers are remodeled in literary as well as the cinematic medium every time these narratives are retold Effort is made to show how the cultural memory of the ancient history of India that the modern narrators of these stories have been received as a process of acculturation which influences this recasting of narratives in literature as well as in film It is also shown that this process of narration through cultural memory is not a new phenomenon since it occurred even in the ancient period when narrative was being remodeled to present in a new form before the audience

Fiddler in the Zoo Chrysostom Arangaden, 2011-12-06 There is a celestial violinist playing to us we need only

listen to catch the tune and break free of the cage of ecclesiastical creeds and dogmas In Fiddler in the Zoo author and theologian Chrysostom Arangaden reminds us that knowledge is our destiny and that its dissemination offers no barrier He invites us to explore the traditional beliefs that bind us as he inspires us to be reborn into the glorious liberty of the children of God Arangadens work follows the words of Bengali poet Rabindranath Tagore in Gitanjali Where the mind is without fear and where knowledge is free as the charter for humans everywhere In the chapter Bible through the Looking Glass he journeys beyond the Scriptures as they are written seeking deeper meaning and interpretation In Revelation and Reason he gently nudges us into a renewed search not for happiness as happiness can only be a by product but for that elusive something that can encourage us to strive against and triumph over evil both that within us and that beyond our control Today people in circumstances that are vastly different from ancient Galilee whether they are fishermen or physicists artisans or astronomers are invited to listen to Jesus in joy or sorrow and to learn from Him Arangaden shares his insight into the beauty of Christianity offering a guide to living and a call to the fullness of life

Novelist Tagore Radha Chakravarty, 2016-04-08

Rabindranath Tagore is widely regarded as a poet philosopher and educationist but his novels remain a relatively underexplored aspect of his oeuvre Focusing on gender and modernity as key features of his fiction this book charts Tagore s evolution as a novelist from self conscious psychologizing in Chokher Bali to an engagement with nationalism in Gora and Ghare Baire The Home and the World a portrayal of asceticism and desire in Chaturanga Quartet an analysis of marriage sexuality and change in Bengali society in Yogayog Relationships an effervescent fusion of social satire and literary experimentation in Shesher Kabita Farewell Song and an intense dramatic study of love politics and terrorism in Char Adhyay Four Chapters This study demonstrates that Tagore s writings cannot be readily assimilated within current theoretical frameworks and urges us to rethink the conventional oppositions between tradition and modernity masculinity and femininity East and West and local and global Addressing a major gap in the field the book reconstructs Tagore as a novelist of eminent stature demonstrates the range and complexity of his creative genius his contribution to literary history and the relevance of his reflections to our times Enriched by insights into the biographical and socio historical contexts of his novels this book will be of special interest to researchers teachers and students of comparative and world literature history postcolonial studies and gender studies as also to Tagore enthusiasts
