Salford Rlfc:

Wiganosophy Matt Macaulay, 2015-11-28 Wiganosophy is a social commentary It blends philosophical discourse with rugby league and Wigan and you don't see a lot of that Socrates would've liked rugby league He was reputedly an argumentative awkward and belligerent little man who enjoyed nothing better than poking at authority with a pointy stick He'd have fitted right in He would probably even have made a decent hooker But we'll never know because they poisoned him The philosophers of old have long since gone and of course we must posthumously thank them for enlightening us in regard to the true nature of life the universe and everything Unfortunately though their combined philosophical musings reveal a glaringly obvious omission They didn't talk anywhere near enough about rugby league Or even Wigan Wiganosophy is a long overdue attempt to redress the balance and fill the gap It is a philosophical exploration of what it means to be a devoted follower of the Wigan Warriors Over the course of eight chapters it unravels the complexity of fanaticism one layer at a time until the true nature of the Wigan Warriors fan is laid bare It's a bit like playing a game of Pass The Parcel with a cherry and white hooped Egyptian mummy At the end of the game you are left with a lot of mess on the floor and hopefully some worthy answers Wiganosophy does not shy away from the difficult questions regarding the nature of the town itself the club's reputation or even the status of rugby league as a national sport Wiganosophy is a philosophical discourse and an honest examination of the nature of the sport the town and the customs *At the George* Geoffrey Moorhouse, 2013-09-19 At the George Geoffrey Moorhouse's testament to a lifelong love of rugby league was shortlisted for the inaugural William Hill Sports Book of the Year award in 1989 The very soul of rugby league a sport that has been called the toughest in the world lives within the pages of *At the George* From first acquaintance some seasons ago I believed it to be the finest book ever penned on the thirteen a side game Today the book remains as fresh as ever and as firmly placed on its pedestal It is a seminal work a precious treasure of the game The book is from the heart written by a man of intellect who was bowled over by what he saw one May afternoon at Maine Road Manchester back in 1946 and who never lost his affection for the game Ian Head from his new Preface to this edition **Rugby League in Twentieth Century Britain** Tony Collins, 2006-09-27 Called the greatest game of all by its supporters but often overlooked by the cultural mainstream no sport is more identified with England's northern working class than rugby league This book traces the story of the sport from the Northern Union of the 1900s to the formation of the Super League in the 1990s through war depression boom and deindustrialisation into a new economic and social age Using a range of previously unexplored archival sources this extremely readable and deeply researched book considers the impact of two world wars the significance of the game's expansion to Australasia and the momentous decision to take rugby league to Wembley It investigates the history of rugby union's long running war against league and the sport's troubled relationship with the national media Most importantly this book sheds new light on issues of social class and working class masculinity regional identity and the profound impact of the decline of Britain's traditional

industries For all those interested in the history of sport and working class culture this is essential reading *Eccles & Swinton Through Time* Steven Dickens,2015-11-15 This fascinating selection of photographs traces some of the many ways in which Eccles Swinton have changed and developed over the last century **All Black and Amber** Steve Lewis,2013 On 30 October 1963 Newport RFC recorded a historic victory over the Fifth New Zealand All Blacks It was the only defeat suffered on their 36 match tour Fifty years on it should be recognised as the finest performance by any team against the mighty All Blacks outside the international arena But it isn't until now The story of how Newport RFC achieved its greatest triumph and why the result should stand above all others is fully explained in a book that also considers the major events that made 1963 one of the most significant years of the post war era *A Tale Of Two Cities* Karen Evans,Penny Fraser,Ian Taylor,2002-11-01 *A Tale of Two Cities* is a study of two major cities Manchester and Sheffield Drawing on the work of major theorists the authors explore the everyday life making contributions to our understanding of the defining activities of life

British Sport: Local histories Richard William Cox,2003 Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian *The Master* Sean Fagan,Daily Messenger,2011-09-01 Dally Messenger was an Australian sporting superstar in the early years of the 20th century a rugby league icon rugby union champion and the most popular sporting personality of this day He was courted by all codes in that heady period of the early 1900s when rugby league and Australian rules were fighting to become the dominant winter sport He represented Australia in rugby league and rugby union and also represented New Zealand in rugby league Thousands flocked to the grounds when he was playing and he is revered as an icon in rugby league to this very day The Master is a popular and authoritative account of the life and times of a superlative sportsman a tribute to a rugby league player without peer and an inspiring story for all those who would marvel at this sporting excellence and outstanding achievements *A*

Tale of Two Cities Ian Taylor,Karen Evans,Penny Fraser,1996 *A Tale of Two Cities* is a study of two major cities Manchester and Sheffield Drawing on the work of major theorists the authors explore the everyday life making contributions to our understanding of the defining activities of life **The Red & The White** Huw Richards,2014-02-10 In every Five Nations D and now Six Nations season the real showdown is always that between England and Wales Wales with its history of playing the finest rugby of all the home nations England with its enviable strength in depth and forward muscle Whether in the vast bowl of Twickenham or the cauldron of the Millennium Stadium every year is a sell out long in advance Over the years there have been innumerable epic encounters In the seventies Wales dominated with Barry John Gareth Edwards at scrum half and JPR Williams at full back but England had the blistering running of David Duckham with his blond hair flying The eighties and nineties saw some incendiary encounters with Paul Ringer and Wade Dooley both involved in high profile punch ups but also England re-establishing dominance and Bill Beaumont and then Will Carling But the decade ended at Wembley with

Scott Gibbs's dramatic last minute swallow dive to snatch victory for Wales. More recently Wales have come back with new stars like Gavin Henson and Shane Williams after years of powerhouse England forward play had held sway. Huw Richards has talked to many veterans of these matches as well as to present players and administrators to tell the whole history of Wales v England at rugby, a contest that is a clash of cultures and histories as well as a titanic sporting occasion. Huw Richards is rugby correspondent of the Financial Times.
