Glimcher,Albert Marrin,1976 A collection of the works of Louise Nevelson Noted for her powerful constructions they rank high among the monumental art of the twentieth century Based solidly on Cubism with overtones of Dada and Surrealism her sculpture is a unique and essential expression of modern and particularly urban life **Louise Nevelson** ,1981 **Nevelson: Wood Sculptures** Louise Nevelson,Martin Friedman,1973 This book surveys the stylistic evolution of Louise Nevelson s wood sculpture over three decades focusing on the primal themes so identified with her art table landscapes columns boxes reliefs and walls More than sixty works are illustrated ranging from small scale containers the Cryptics to a sequence of monumental black walls that she has continued to produce since the mid 1950s In addition a number of recent photographs of Nevelson in her studio are included Wood is indisputably Nevelson s medium and the exhibition documents her remarkable use of this material Although she has recently made small precise plexiglass cube constructions and overseen the translation of several of her earlier wood pieces into large corotens

steel sculptures the genesis and essence of her art is in her special use of wood with which she creates seemingly weightless shapes whose iconography relates them to the past as well as to the present She is an accumulator a compulsive forager of abandoned and discarded fragments chair backs architectural scrollwork brush handles weathered planking and sweepings of chips and slivers from the carpenter's floor These become the ingredients of her spectral architectural compositions which painted a uniform color black white or on rare occasions gold allude to a mysterious reality Notes inside cover **Louise Nevelson, Iconography and Sources** Laurie Wilson, 1981 **The World Outside** Shirley Reece-Hughes, Marin R. Sullivan, 2023 Through the voices of scholars contemporary artists family and carefully selected artworks a more nuanced picture of Louise Nevelson emerges in *The World Outside* Louise Nevelson at Midcentury A deep dive into the artist's beginnings with modern dance and her subsequent immersion in avant garde theatrical trends brings new understandings of her drawings and sculptures A reframing of Nevelson's travels to Mexico and Guatemala in 1950 and 1951 respectively and her encounters with pre Columbian art reveal for the first time how colonial archeology haunted her visual language for decades Another previously undiscussed facet of Nevelson's life her folk art interests provides a topic ripe for understanding the artist's approach to America's material culture of the past A pioneering examination of Nevelson's printmaking experiences at Tamarind Lithography Workshop reveals how the artist created alternative modes of viewing through unconventional methods and materials Also discussed anew is Nevelson's stated intention of creating the in between examined here as an endemic and connecting core principle of her work A fresh look recontextualizes Nevelson's experiences during the rise of environmentalism and relays previously undisclosed connections between her art and the ecology movement And finally in the five reflection essays contemporary voices from the dance and art worlds describe Nevelson's vaunted role in their careers a local expert discusses Nevelson's roots and relationship to Maine in vivid detail and the artist's granddaughter shares intimate insights into Nevelson's thoughts on spirituality *Louise Nevelson: Sculpture 1957-1987 (March 28-April 26, 1997)*. PaceWildenstein (Firm), 1997 [Louise Nevelson's Sculpture: Join](#) Julia Bryan-Wilson, 2023 In this radical rethinking of the art of Louise Nevelson 1899-1988 Julia Bryan Wilson provides a long overdue critical account of a signature figure in postwar sculpture A Ukraine born Jewish immigrant Nevelson persevered in the male dominated New York art world Nonetheless her careful procedures of construction in which she assembled found pieces of wood into elaborate structures usually painted black have been little studied Organized around a series of key operations in Nevelson's own process dragging coloring joining and facing the book comprises four slipcased individually bound volumes that can be read in any order Both form and content thus echo Nevelson's own modular sculptures the gridded boxes of which the artist herself rearranged Exploring how Nevelson's making relates to domesticity racialized matter gendered labor and the environment Bryan Wilson offers a sustained examination of the social and political implications of Nevelson's art The author also approaches Nevelson's sculptures from her own embodied subjectivity as a queer feminist scholar She forges an

In this radical rethinking of the art of Louise Nevelson 1899-1988 Julia Bryan Wilson provides a long overdue critical account of a signature figure in postwar sculpture. A Ukraine-born Jewish immigrant, Nevelson persevered in the male-dominated New York art world. Nonetheless, her careful procedures of construction in which she assembled found pieces of wood into elaborate structures usually painted black have been little studied. Organized around a series of key operations in Nevelson's own process: dragging, coloring, joining, and facing, the book comprises four slipcased, individually bound volumes that can be read in any order. Both form and content thus echo Nevelson's own modular sculptures: the gridded boxes of which the artist herself rearranged. Exploring how Nevelson's making relates to domesticity, racialized matter, gendered labor, and the environment, Bryan Wilson offers a sustained examination of the social and political implications of Nevelson's art. The author also approaches Nevelson's sculptures from her own embodied subjectivity as a queer feminist scholar. She forges an expansive art history that places Nevelson's assemblages in dialogue with a wide array of marginalized worldmaking and underlines the artist's proclamation of allegiance to blackness.
