Forrest, 2012-01-03 A renowned psychiatrist explores the world of slot machine gambling and the almost religious devotion that has turned it into a billion dollar industry This astonishing book reveals that there's a lot more to playing slot machines one of America's fastest growing forms of entertainment than good fun deep relaxation and the

dream of a multi million dollar jackpot Slots tells how the machines work how the random numbers that govern them are generated and how the casinos make their profit slowly but surely as they keep only a dime of every dollar invested It also offers strategies of slot play and suggests alternate activities to distract us when casinos become harmfully habitual But ultimately as Dr Forrest writes to spend one s time feeding money to the machines is to participate in well a form of prayer And the gaming industry seems very much aware of it as players annually plunge more than 365 billion into slots of which casinos keep about 30 billion and as casinos 70 to 85 percent of whose profits are earned by slot machines have spread to more than a dozen states and even into a number of racetracks where they re called racinos What this book describes with both humor and a sense of awe is the way slots emporia have steadily been transformed from underground grottos to soaring cathedral like structures where congregants sit and commune all to the end of worshipping the god of chance The Legend of Good Women Carolyn P. Pettersen,2023-03-07 In the impoverished outskirts of French cities known as the banlieues minority communities are turning to American culture history and theory to make their own voices cultures and histories visible Filmmakers have followed suit turning to Hollywood genre conventions to challenge notions of identity belonging and marginalization in mainstream French film French B Movies proposes that French banlieue films far from being a fringe genre offer a privileged site from which to understand the current state of the French film industry in an age of globalization This gritty style appears in popular arthouse films such as Mathieu Kassovitz's La Haine and Bande de filles Girlhood along with the major Netflix hit series Lupin David Pettersen traces how in these works and others directors fuse features of banlieue cinema with genre formulas associated with both Hollywood and Black cultural models as well as how transnational genre hybridizations such as B movies have become part of the ecosystem of the French film industry By combining film analysis cultural history critical theory and industry studies French B Movies reveals how featuring banlieues is as much about trying to imagine new identities and production models for French cinema as it is about representation **The Panoplist, Or, The Christian's**

First issued in 1991, *Pangs of Love* introduced David Wong Louie's bold storytelling. The son of Chinese immigrants, he centered his stories around characters who are in conflict with their place in the world, disconnected from both American society and their own families.
