Love And Ecstasy:

The Passion of Love in the Summa Theologiae of Thomas Aquinas Daniel Joseph Gordon, 2023-05-19 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers

The Form of Love James Kuzner, 2021-08-03 Can poetry articulate something about love that philosophy cannot The Form of Love argues that it can In close readings of seven metaphysical poems the book

shows how poets of the early modern period and beyond use poetic form to turn philosophy to other ends in order not to represent the truth about love but to create a virtual experience of love in all its guises The Form of Love shows how verse creates love that can't exist without poetry's specific affordances and how poems can in their impossibility prompt love's radical reimagining Like the philosophies on which they draw metaphysical poems imagine love as an intense form of non-sovereignty of giving up control They even imagine love as a liberating bondage to a friend a beloved a saint a God or a garden Yet these poems create strange striking versions of such love made in rather than through the devices structures and forces where love appears Tracing how poems think Kuzner argues requires an intimate form of reading close even too close attention to and thinking with the text Showing how poetry thinks of love otherwise than other fields the book reveals how poetry and philosophy can nevertheless enter into a relation that is itself like love *Love and Ecstasy* Arthur D. Colman, Libby L. Colman, 1975-06-01 Love Simon May, 2019-03-12 What is love's real aim Why is it so ruthlessly selective in its choice of loved ones Why do we love at all In addressing these questions Simon May develops a radically new understanding of love as the emotion we feel towards whomever or whatever we experience as grounding our life as offering us a possibility of home in a world that we supremely value He sees love as motivated by a promise of ontological rootedness rather than as two thousand years of tradition variously asserts by beauty or goodness by a search for wholeness by virtue by sexual or reproductive desire by compassion or altruism or empathy or in one of today's dominant views by no qualities at all of the loved one After arguing that such founding Western myths as the Odyssey and Abraham's call by God to Canaan in the Bible powerfully exemplify his new conception of love May goes on to re-examine the relation of love to beauty sex and goodness in the light of this conception offering among other things a novel theory of beauty and suggesting against Plato that we can love others for their ugliness while also seeing them as beautiful Finally he proposes that in the Western world romantic love is gradually giving way to parental love as the most valued form of love namely the love without which one's life is not deemed complete or truly flourishing May explains why childhood has become sacred and excellence in parenting a paramount ideal as well as a litmus test of society's moral health In doing so he argues that the child is the first genuinely modern supreme object of love the first to fully reflect what Nietzsche called the death of God **Love's Oneing** Kerrie Hide, 2022-11-08 Grounded in Christian love mysticism Love's Oneing gives voice to the luminous consciousness that awakens from within our oneness in God in contemplation With great sensitivity the book offers nuanced insight into the marriage of kenosis and desire in contemplation through the rich tapestry of writings from nine mystics Julian of Norwich the Cloud of Unknowing author Meister Eckhart Mechthild of Magdeburg Clare of Assisi John of the Cross Teilhard de Chardin Beatrice Bruteau and Ilia Delio With the delicate eye of a spiritual director immersed in mystical literature Kerrie Hide situates these mystical teachings within contemplative prayer whilst offering a scholarly exploration of contemplative practice to embody the insights Deeply grounded in traditional and contemporary mystical classics Hide celebrates how the

Christian mystical tradition lays a foundation for the evolutionary growth of communion consciousness and the insights of quantum science highlighting key moments in contemplation that when surrendered into open into divine love Born of intellectual reflection lived experience and contemplative wisdom Love s Oneing makes a unique contribution to the existing literature on contemplation at a time when the recovery of the mystical dimension of life is crucial for the future of our planet in this climate crisis moment *The Triumph of Love* Benedict Williamson,1923 Woman and Love Bernhard Adam Bauer,1927 Some treatment of gay and lesbian issues anti for the most part but not so benighted as one might expect pt
