**Insane Passions** Christine Coffman, 2006-12-12 In France in 1933 two sisters presumed to be lovers murdered the women who employed them as maids Known as the Papin affair the incident inspired not only Jean Genet's 1947 *The Maids* but also an essay by Jacques Lacan that presents the sisters' crime as fueled by a narcissistic homosexual drive that culminated in the assault In this new investigation of the roots of the twentieth century myth of the lesbian as madwoman Christine Coffman argues that the female psychotic was the privileged object of Lacan's effort to derive a revolutionary theory of subjectivity from the study of mental illness Examining Lacan's early writings French surrealism Djuna Barnes *Nightwood* and H D's homoerotic fiction in light of feminist and queer theory *Insane Passions* argues that the psychotic woman that fascinates modernist writers returns with a murderous vengeance in a number of late twentieth century films including *Basic Instinct* *Sister My Sister* *Single White Female* and *Murderous Maids* Marking the limit of social acceptability the psychotic lesbian repeatedly appears as the screen onto which the violence and madness of twentieth century life are projected

### **Contemporary Art and Classical Myth**

Jennie Hirsh, 2017-07-05 Contemporary art is deeply engaged with the subject of classical myth. Yet within the literature on contemporary art, little has been said about this provocative relationship. Composed of fourteen original essays, *Contemporary Art and Classical Myth* addresses this scholarly gap, exploring and in large part establishing the multifaceted intersection of contemporary art and classical myth. Moving beyond the notion of art as illustration, the essays assembled here adopt a range of methodological frameworks from iconography to deconstruction and do so across an impressive range of artists and objects: Francis A. S. Ghada Amer, Wim Delvoye, Luciano Fabro, Joanna Frueh, Felix Gonzales Torres, Duane Hanson, Yayoi Kusama, Roy Lichtenstein, Kara Walker, and an iconic photograph by Richard Drew, subsequently entitled *The Falling Man*. Arranged so as to highlight both thematic and structural affinities, these essays manifest various aspects of the link between contemporary art and classical myth while offering novel insights into the artists and myths under consideration. Some essays concentrate on single works as they relate to specific myths, while others take a broader approach, calling on myth as a means of grappling with dominant trends in contemporary art.

### **Sex on the Couch**

Richard Boothby, 2014-05-01 At just the moment when many people are ready to throw Freud on to the ash heap of intellectual history, *Sex on the Couch* rescues from Freud's theories a fascinating series of reflections on the nature of sexuality and gender. Richard Boothby presents here a fresh and engaging view of Freud. *Sex on the Couch* offers new insights into our concepts of masculinity and femininity, placing them in relation to Freud's theory of the Life and Death drives. Richard Boothby also engages feminist critiques of Freud, putting forward new and specific responses to questions that have shaped contemporary understanding of feminism and psychoanalysis. Boothby's Freud, far from being passé, is in possession of insights that enrich our understanding of modernity and its distinctive character. In a refreshingly readable style, Richard Boothby writes here not only for the scholarly reader but for the student and lay reader curious about Freud's theories and their use in contemporary world.

Women, Love, and Power Elaine Baruch, 1992-10 Elaine Baruch is not only among the most quiet voiced and fair minded of feminist writers. She is also among the most far ranging in her scholarship, equally at ease with the writers of the Renaissance and Freud, the medieval troubadours, and our contemporary polemicists. Instructive, absorbing, and persuasive, Diana Trilling's lively mind is at work here, and a keen and witty writer too. Irving Howe: This is a fine collection of essays making many imaginative conjectures and amusing connections. *Times Literary Supplement*. In these essays, what emerges is a history of

romantic love Highly recommended Library Journal Arguing that romantic love need not be a tool of women's oppression feminist critic Baruch contends that unacknowledged male fantasies about love motivate much literature by men rewarding provocative Publishers Weekly Utilizing both Freudian and non Freudian psychoanalysis as well as feminist criticism Baruch examines literary works by women and men from medieval and Romantic periods as well as cultural observations on the twentieth century and how they have influenced attitudes toward love Joyce and the Perverse Ideal David Cotter, 2013-08-21 Representations of masochism both overt and oblique permeate the work of James Joyce While a number of critics have noted this to date there has been no sustained and focused analysis of this trope in his writings David Cotter argues that such an examination is key to understanding the meanings and messages of Joyce's work Adding further dimensions to moral political and aesthetic considerations in the novels and stories particularly *Ulysses* this book provides a comprehensive account of masochistic elements in James Joyce's work Cotter draws upon psychoanalytic theory and social history to illustrate the subversive power of perversity in the literature of the modern period This edition first Published in 2003 Routledge is an imprint of Taylor Francis an informa company The Sight of Sound Richard D. Leppert, 1993 Leppert's originality is immensely encouraging to those of us who are convinced that musicology is undergoing a paradigmatic change Derek B Scott author of *The Singing Bourgeois* A wonderfully stimulating book Will be of great importance to musicologists and students of culture generally Ruth Solie editor of *Musicology and Difference* *The Female Body in the Looking-Glass* Basia Sliwinska, 2016-06-29 In his theory of the mirror stage the psychoanalyst and psychiatrist Jacques Lacan argued that the female body is defined by its lack of male attributes Within this framework he described female sexuality primarily as an absence and assumed female subordination to the male gaze However what happens if one follows Jean Baudrillard's advice to swallow the mirror and go through the looking glass to explore the reflections and realities that we encounter in the cultural mirror which reflects the culture in question its norms ideals and values What if the beautiful is inverted and becomes ugly and the ugly is considered beautiful or shape shifts into something conventionally thought of as beautiful These are the fundamental questions that Basia Sliwinska poses in this important new enquiry into gender identity and the politics of vision in contemporary women's art Through an innovative discussion of the mirror as a metaphor Sliwinska reveals how the post 1989 practices of woman artists from both sides of the former Iron Curtain such as Joanna Rajkowska Marina Abramovic Boryana Rossa Natalia LL and Anetta Mona Chisa and Lucia Tkacova go beyond gender binaries and instead embrace otherness and difference by playing with visual tropes of femininity Their provocative works offer alternative representations of the female body to those seen in the cultural mirror Their art challenges and deconstructs patriarchal representations of the social and cultural other associated with visual tropes of femininity such as Alice in Wonderland Venus and Medusa *The Female Body in the Looking Glass* makes a refreshing radical intervention into art theory and cultural studies by offering new theoretical concepts such as the mirror and genderland inspired by Alice's adventures in

Wonderland as critical tools with which we can analyse and explain recent developments in women's art      *Dangerous Desire* Pamela Barnett, 2004-11-15 *Dangerous Desire* is an important work that calls attention to how post 1960s literary representations of rape have shaped the ways in which both sexual and social freedoms are imagined in American culture Exploring key post sixties texts including Cleaver's *Soul on Ice* Brownmiller's *Against Our Will* French's *The Women's Room* Naylor's *The Women of Brewster Place* Walker's *Meridian* and Dickey's *Deliverance* Barnett finds that the widespread literary explorations of rape were almost always conjoined with one or more of the radical social movements of the sixties civil rights black nationalism women's liberation and black feminism Sexual violence emerges in these texts when the transformative possibilities articulated by sixties era liberation movements trigger and intensify imbalances of power and cultural difference for example Eldridge Cleaver's claim that he lashed out against the white power structure by raping white women This book should be of considerable interest to students and scholars of 20th century American literature as well as American Studies and African American Studies scholars interested broadly in issues of sexuality race and violence      John Lyly Ruth Lunney, 2017-03-02 John Lyly is the first collection of essays dedicated solely to the work of this University Wit celebrity prose writer and playwright to the court of Elizabeth Lyly's energy and wit inspired his contemporaries to follow new directions in prose fiction and stage comedy and his writings still illuminate sixteenth century culture for the modern reader The twenty four essays in this selection include some older classics but most date from 1990 onwards and reflect current critical concerns with politics and sexuality class and audience Both Euphues books and the eight plays receive some detailed attention The essays are grouped into four sections Lessons in Wit Courting the Queen Playing with Desire and Performing Lyly A biographical summary and critical survey are provided in the introduction other voices and insights are alluded to in the notes and listed in the wide ranging bibliography      A New Humanity Is Rising The Aquarian Team, 2021-03-19 We are going through a difficult time presently as we reach the bottom of the involution curve of human history According to the great cycles of humanity's development this descent was intended in order to better know ourselves through matter These cycles are part of a planetary evolution design under guidance from time immemorial leading us to presently live one of these major cycles of our history Indeed we are initiating the evolution phase the one of rediscovering our essential divine nature In this work we invite you to discover your inner temple to consider alternative medicines to balance the two eternal principles within each of you to use the great four sciences of the Initiates to discover how women hold the keys for a new humanity and finally to live your own inner divinity on a daily basis Already we perceive the dawn of a new day whereby the sun is rising in the consciousness and the warmth of the heart is calling for a deeper connection

**Sexuality and Gender Now** Leezah Hertzmann, Juliet Newbigin, 2019-08-08 *Sexuality and Gender Now* uses a psychoanalytic approach to arrive at a more informed view of the experience and relationships of those whose sexuality and gender may not align with the heterosexual norm This book confronts the heteronormative bias dominant in psychoanalysis

using a combination of theoretical and clinical material offering an important training tool as well as being relevant for practicing clinicians. The contributors address the shift clinicians must make not only to support their patients in a more informed and non prejudicial way but also to recognise their own need for support in developing their clinical thinking. They challenge assumptions, deconstruct theoretical ideas, extend psychoanalytic concepts and importantly show how clinicians can attend to their pre conscious assumptions. They also explore the issue of erotic transference and countertransference which if unaddressed can limit the possibilities for supporting patients more fully to explore their sexuality and gender. Theories of psychosexuality have tended to become split off from the main field of psychoanalytic thought and practice or read from an assumed moral high ground of heteronormativity. The book specifically addresses this bias and introduces new ways of using psychoanalytic ideas. The contributors advocate a wider and more flexible attitude to sexuality in general which can illuminate an understanding of all sexualities including heterosexuality. *Sexuality and Gender Now* will be essential reading for professionals and students of psychoanalysis who want to broaden their understanding of sexuality and gender in their clinical practice beyond heteronormative assumptions.

**Culture, Society and Sexuality** Richard Guy Parker, Peter Aggleton, 1999. This work offers an introduction to the central debates in sexuality research. Among the issues examined are the social and cultural dimensions of sex, human sexuality and sex research.

*Sapphic Fathers* Gretchen Schultz, 2015-01-15. Literature that explored female homosexuality flourished in late nineteenth century France. Poets, novelists and pornographers, whether Symbolists, Realists or Decadents, were all part of this literary moment. In *Sapphic Fathers* Gretchen Schultz explores how these male writers and their readers took lesbianism as a cipher for apprehensions about sex and gender during a time of social and political upheaval. Tracing this phenomenon through poetry, Baudelaire, Verlaine, erotica and the popular novel, Belot and literary fiction, Zola, Maupassant, P. ladan, Mend s and into scientific treatises, Schultz demonstrates that the literary discourse on lesbianism became the basis for the scientific and medical understanding of female same sex desire in France. She also shows that the cumulative impact of this discourse left tangible traces that lasted well beyond nineteenth century France, persisting into twentieth century America to become the basis of lesbian pulp fiction after the Second World War.
