Halving It All Francine Deutsch, 2000-04-07 The best way to have it all both a full family life and a career is to halve it all That s the message of Francine Deutsch s refreshing and humane book based on extensive interviews with a wide range of couples Deutsch casts a skeptical eye on the grim story of inequality that has been told since women found themselves working a second shift at home She brings good news equality based on shared parenting is possible and it is emerging all around us Some white collar fathers achieve as well as talk about equality and some blue collar parents work alternate shifts to ensure that one parent can always be with the children Using vivid quotations from her interviews Deutsch tells the story of couples who share parenting equally and some who don t The differences between the groups are not in politics education or class but in the way they negotiate the large and small issues from whose paid job is important to who applies the sunscreen With the majority of mothers in the workforce parents today have to find ways of sharing the work at home Rigid ideas of good mothers and good fathers Deutsch argues can be transformed into a more flexible reality the good parent Halving It All takes the discussion beyond shrill ideological arguments about working mothers and absent fathers Deutsch shows how with the best of intentions people perpetuate inequalities and injustices on the home front but also and more important how they can devise more equal arrangements out of explicit principles or simply out of fairness and love

Transcending the Boundaries of Law Martha Albertson Fineman, 2010-07-12 Transcending the Boundaries of Law is a ground breaking collection that will be central to future developments in feminist and related critical theories about law In its pages three generations of feminist legal theorists engage with what have become key feminist themes including equality embodiment identity intimacy and law and politics Almost two decades ago Routledge published the very first anthology in feminist legal theory At the Boundaries of Law M A Fineman and N Thomadsen eds 1991 which marked an important conceptual move away from the study of women in law prevalent in the 1970s and 1980s The scholars in At the Boundaries applied feminist methods and theories in examining law and legal institutions thus expanding upon work in the Law and Society tradition This new anthology brings together some of the original contributors to that volume with scholars from subsequent generations of critical gender theorists It provides a retrospective on the past twenty five years of scholarly

engagement with issues relating to gender and law as well as suggesting directions for future inquiry including the tantalizing suggestion that feminist legal theory should move beyond gender as its primary focus to consider the theoretical political and social implications of the universally shared and constant vulnerability inherent in the human condition **At the Heart of it** Walt Harrington, 1996 Delving into the everyday lives of real everyday people Walt Harrington skillfully draws the reader into an intimate relationship with the men and women profiled in this powerful collection of stories people like V I Smith a homicide detective Deane Guy a stock car racer Jackie Jordan a social worker in family services and Sheri D Amato a girls soccer coach Originally appearing in the Washington Post Magazine these stories which capture a cross section of Americans stand out in the field of journalism because of the unique way in which Walt Harrington uses unheralded individual lives to elaborate on the great human issues of the day In Mothers and Daughters three generations of women discuss how society affected the choices they made and who they became The Mystery of Goodness follows a Harvard educated lawyer who handles death row cases for very little money because he feels the system is unfair to African Americans In To Have and Have Not a young couple with two small children struggle to make ends meet Harrington describes in detail the creation of a poem by Rita Dove then United States Poet Laureate in The Shape of Her Dreaming Harrington has adeptly combined sociology and journalism into beautiful prose As literary journalism the stories employ scene dialogue and physical description within a narrative framework At the same time they also adhere to all the traditional journalistic standards of accuracy fairness and balance As a result At the Heart of It represents a subgenre that is rarely practiced and seldom understood even within the profession of journalism All of these stories are snapshots pieces of everyday life in America that are intended to be a mirror held to the lives of readers These are not stories about which you can remain neutral even the most casual readers will be moved by the glimpses Walt Harrington provides us of ourselves

Cross-Border Marriages Nicole Constable, 2010-08-03 Illuminating how international marriages are negotiated arranged and experienced Cross Border Marriages is the first book to chart marital migrations involving women and men of diverse national ethnic and class backgrounds The migrations studied here cross geographical borders of provinces rural urban borders within nation states and international boundaries including those of China Japan South Korea India Vietnam the Philippines the United States and Canada Looking at assumptions about the connection between international marriages and poverty opportunism and women's mobility the book draws attention to ideas about global patterns of inequality that are thought to pressure poor women to emigrate to richer countries while simultaneously suggesting the limitations of such views Breaking from studies that regard the international bride as a victim of circumstance and the mechanisms of international marriage as traffic in commodified women these essays challenge any simple idea of global hypergamy and present a nuanced understanding where a variety of factors not the least of which is desire come into play Indeed most contemporary marriage scapes involve women who relocate in order to marry rarely is it the men But Nicole Constable and

the volume contributors demonstrate that contrary to popular belief these brides are not necessarily poor nor do they categorically marry men who are above them on the socioeconomic ladder Although often women may appear to be moving up from a less developed country to a more developed one they do not necessarily move higher on the chain of economic resources Complicating these and other assumptions about international marriages the essays in this volume draw from interviews and rich ethnographic materials to examine women s and men s agency their motivations for marriage and the importance of familial pressures and obligations cultural imaginings fantasies and desires in addition to personal and economic factors Border crossing marriages are significant for what they reveal about the intersection of local and global processes in the everyday lives of women and men whose marital opportunities variably yield both rich possibilities and bitter disappointments

Making Up with Mom Julie Halpert, Dr. Deborah Carr, 2016-02-09 Young women today have infinitely more options than their mothers and grandmothers did decades ago Should I become a doctor a writer or a stay at home mom Should I get married or live with my boyfriend Do I want children Women in their twenties thirties and forties today are wrestling with life altering decisions about work and family and they need all the support they can get But the very person whose support they crave most their mother often can t get on board and a rift is created between the two generations even for women who have always had a strong relationship A mother s simple question like How can you trust a nanny to watch your children all day can bring her poised accomplished CEO daughter to tears or provoke a nasty response more suitable to a surly teenager than a leader of industry Why can t mothers and daughters today see eye to eye when it comes to important choices about love work children money and personal fulfillment Why does a mother s approval matter so much even to the most confident and self possessed daughter And when daughters choose paths different from their mothers why is it so painful for the older generation Making Up with Mom answers these important questions by focusing on three core issues dating marriage career and child rearing Relying on interviews with nearly a hundred mothers and daughters and offering helpful tips from more than two dozen therapists Julie Halpert and Deborah Carr explore a wide range of communication issues and how to resolve them so mothers and daughters everywhere can reclaim their loving relationships This enlightening book is a must read for all women today Advance Praise for Making Up with Mom A sympathetic helpful and accurate look at a topic that affects us all and grows more important every day Kathleen Gerson professor of sociology at New York University and author of Hard Choices How Women Decide About Work Career and Motherhood A well written thoughtful book that could help every mother and daughter connect or reconnect at a deeper more fulfilling level Alvin Rosenfeld M D coauthor of The Over Scheduled Child Avoiding the Hyper Parenting Trap and lecturer at Harvard Medical School If Nancy Friday s My Mother My Self helped a generation of daughters understand their conflicted relationships with their mothers almost thirty years ago Making Up with Mom may well be the book that helps mothers and daughters today understand both themselves and each other It is a book I ve been waiting for Deborah Siegel Ph D author of Sisterhood

Interrupted From Radical Women to Grrls Gone Wild Making Up with Mom is a must read for women who want better relationships with their mothers or daughters or both The book is chock full of support and good sound advice culled from the authors interviews with many women across generations This practical book considers many of the most important issues that women face and in so doing it invites the readers both mothers and daughters to find ways to relate to each other in healthier and more effective ways A good thorough read Dr Dorothy Firman coauthor of Daughters and Mothers Making It Work Chicken Soup for the Mother Daughter Soul and Chicken Soup for the Father Son Soul **Understanding Marriage** Patricia Noller, Judith A. Feeney, 2002-09-26 This edited volume draws together a wide range of exciting developments in the study of marital interaction A significant feature of the book is its focus not only on conflict and negative interactions but also on the processes by which couples maintain happy and constructive relationships The chapters review and integrate the extensive literature in this area as well as presenting important research findings The contributors come from the disciplines of communication social psychology and clinical psychology and have national and international reputations for their work in this area The findings reflect developments in theory and methodology and have important implications for those working to strengthen and repair marital relationships For Better or For Worse Hung Cam Thai, 2008-02-20 Marriage is currently the number one reason people migrate to the United States and women constitute the majority of newcomers joining husbands who already reside here But little is known about these marriage and migration streams beyond the highly publicized and often sensationalized phenomena of mail order and military brides Less commonly known is that most international couples are immigrants of the same ethnicity In For Better or For Worse Hung Cam Thai takes a closer look at marriage and migration with a specific focus on the unions between Vietnamese men living in the United States and the women who marry them Weaving together a series of personal stories he underscores the ironies and challenges that these unions face He includes the voices of working class immigrant men dealing with marginalization in their adopted country These men speak about wanting traditional wives who they hope will recognize their gendered authority Meanwhile young Vietnamese college educated women undesirable to bachelors in their own country who are seeking subservient wives express a preference for men of the same ethnicity but with a more liberal outlook on gender men they imagine they will find in the United States A sense of foreboding pervades the book as Thai captures the incompatible viewpoints of the couples who appear to be separated not only geographically but ideologically Equal Partners - Good Friends Claire Rabin, 2002-09-11 Examines connection between inequality in marriage and marital distress drawing on extensive research and interviews Focusing on issues of gender sex roles and power Rabin provides a new clinical treatment model for couple therapists **Recreating Partnership** Phillip Ziegler, Toby Hiller, 2001-07-31 All couples go through challenging times some survive and thrive others don't How can we understand and use this distinction in the practical application of therapy In their solution oriented competency based approach to couples therapy Phillip Ziegler and Tobey Hiller answer this

graduate students involved in CMFT *Sex, Culture, and Justice* Clare Chambers, 2010-11 Autonomy is fundamental to liberalism But autonomous individuals often choose to do things that harm themselves or undermine their equality In particular women often choose to participate in practices of sexual inequality cosmetic surgery gendered patterns of work and childcare makeup restrictive clothing or the sexual subordination required by membership in certain religious groups In this book Clare Chambers argues that this predicament poses a fundamental challenge to many existing liberal and multicultural theories that dominate contemporary political philosophy Chambers argues that a theory of justice cannot ignore the influence of culture and the role it plays in shaping choices If cultures shape choices it is problematic to use those choices as the measure of the justice of the culture Drawing upon feminist critiques of gender inequality and poststructuralist theories of social construction she argues that we should accept some of the multicultural claims about the importance of culture in shaping our actions and identities but that we should reach the opposite normative conclusion to that of multiculturalists and many liberals Rather than using the idea of social construction to justify cultural respect or protection we should use it to ground a critical stance toward cultural norms The book presents radical proposals for state action to promote sexual and cultural justice **Equally Shared Parenting** Marc Vachon, Amy Vachon, 2010-01-05 This Is Parenting on Your Own Terms Chances are you'd rather not forfeit your happy rested life the moment you become a parent As a mom you may want to keep your career but aren't sure how to balance it with housework and childcare As a dad you probably want to witness your child's milestones but a demanding job may get in the way And what about time for yourself never mind your sex life Marc and Amy Vachon were determined to beat this scenario when their first child was born They vowed to sidestep the world's expectations of new parents and create a parenthood model that worked for them Their strategy was to share everything the good and the bad They became peers in each area of parenthood childcare housework and breadwinning They also made time for themselves and for each other They shared the burdens so nobody was overwhelmed and the joys so neither missed out on the fun Drawing on Marc and Amy's experiences as well as those of dozens of ESP couples Equally Shared Parenting shows you how to create a balanced life that is rarely experienced by today's parents It's not just about who vacuums and who does the dishes or who brings in the paycheck and who tends to the kids You'll learn how to look at every aspect of parenthood money careers and your individual needs so you can build a life that works for you both
