London's Chief Magistrate Fielding continued to write and his career both literary and professional continued to climb. In 1749 he joined with his younger half brother John to help found what was the nascent forerunner to a London police force the Bow Street Runners. Fielding's ardent commitment to the cause of justice in the 1750s unfortunately coincided with a rapid deterioration in his health. Such was his decline that in the summer of 1754 he travelled with Mary and his daughter to Portugal in search of a cure. Gout, asthma, dropsy and other afflictions forced him to use crutches. His health continued to fail alarmingly. Henry Fielding died in Lisbon two months later on October 8th 1754. **Love in Several Masques** Henry

Fielding, 1728 The Plays of Henry Fielding Albert J. Rivero, 1989 Henry Fielding was one of the most interesting playwrights of his time because of his historical position similar to that of George Bernard Shaw and his awareness of what it meant to be a playwright at a time when the native dramatic tradition appeared to have settled down for a long sleep and when the only hope for an awakening lay in such low crowd pleasers as farces, puppet shows, laughing tragedies and ballad operas. By focusing on the plays themselves, Rivero tells the story of Fielding's dramatic career without burdening the reader with an exhaustive history of contemporary plays and playwrights. He provides us with a clear critical account of Fielding's dramatic career in terms of trends in contemporary dramatic affairs that help to account for his artistic choices in individual plays. What Made the Eighteenth Century Writers and Their Novels Stefano Mochi, 2023-05-26 This book examines

eighteenth century novels with a focus on the skills that readers were expected to master in order to read these works. It analyses how such skills were shaped by the cultural and political climate of the time. Starting with a review of the debate on education that began in England in the eighteenth century and the way it was influenced by philosophers such as John Locke, it then discusses the demands that novelists like Defoe, Fielding, Sterne, Godwin, Smollett and Richardson made concerning this subject. Various scientific, philosophical, religious and linguistic theories are used to examine the issues above: Chaos Theory, Wittgenstein's idea of logical space, Grice's cooperative principle, Aristotle's poetics and de Molinos' Quietism.

Henry Fielding, Critic and Satirist Frans Pieter van der Voorde, 1966 Fielding himself frequently stated that satire was his aim. Taking this statement as his point of departure, the author considers Fielding's criticism of men, manners, his attitude towards his treatment of the literature, the politics, the learned professions, the social conditions of his day. **A TRUE AND EXACT CATALOGUE OF ALL THE PLAYS**, 1732 **The New Science and English Literature in the Classical Period**
