Quiet Answer:

Quiet Works Joseph McCormack, 2024-10-15 We live and work in a world of nonstop noise It s time to reimagine how we work and make silence the secret ingredient From the time we wake up our workday starts We re on the smartphone texting and emailing scrolling news feeds jumping on video conference calls It s a 24 7 hamster wheel Work culture at the office hybrid or remote is defined by too much information and constant collaboration There s no time and place for thinking alone In Quiet Works Joe McCormack proposes a simple practical and useful way to work more strategically and intentionally You will learn to Make appointments for quiet not run from or cancel them Set boundaries to alert others not to disturb or distract you Balance time spent alone in quiet with time together collaborating Design workspaces that are conducive to quiet Use tools and practices that are realistic and rewarding The noise of constant distractions interruptions and digital devices doesn t need to defeat us We can set the conditions for ourselves colleagues and organizations to slow down periodically while everything is speeding up Quiet Works will help you become a stronger professional who is empowered and energized to work in a better smarter and more productive way in today s competitive noisy environment *The Quiet Sound of Disappearing* Ryan Rayston, 2011-04 Feather Harrington sits on an airplane with a pound of cocaine taped to her body The Quiet Sound of Disappearing by Ryan Rayston is a tense gritty unorthodox bizarrely funny fictionalized story of one woman s descent into drugs and dealing her arrest and her daring struggle to find her way back This engrossing account of the hedonistic drug culture of the early eighties provides humorous and searing testimony to the literal trials and tribulations of that time She bottoms out in a pivotal moment that leads her to try and fail rehab After getting sober on her own Feather is arrested and indicted as a co conspirator in a large DC drug scandal Shockingly brave and honest this gorgeously written stream of consciousness novel gets at the gritty heart of what it is like to battle a disease and carry a shameful secret The Quiet Sound of Disappearing is an emotional rollercoaster about love loss need and managing to survive the unsurvivable

Cronkhite,2010-05-11 In the mid 1970s A Course in Miracles was published It is a self study course designed to help you undo your conscious and unconscious beliefs that you are separate from God so that you can return to your natural State of Boundless Love Peace and Joy Since then it has become the Holy Book of over a million people worldwide who have experienced a loving transformation to a more peaceful life But the Course though beautifully written is in dense and difficult figurative language that can be hard to understand It can take many years to pierce through how it says what it says to understand its loving means for returning to an awareness of your Eternal Oneness with God The Message of A Course in Miracles is a paragraph by paragraph translation of the Course into plain everyday language which brings its loving message to the surface so that you can attain a deeper understanding of it faster It is for anyone seeking a simple and clear means for attaining lasting inner peace
