Quiet Knives:

Caddoran Roger Taylor, 2007-04 An independent novel set in the world of Hawklan Vashnar is the Commander of Arvenstaat's Wardens. Ambitious, ruthless, and weary of the antiquated and irrelevant proceedings of its government, the Moot, he plans to seize power and re-establish the ancient rule of the Dictators. But in a terrifying confrontation, his messenger Thyrn, a young inexperienced Caddoran sensitive to the point almost of telepathy, reads the intentions beneath his words and flees in panic. Accompanied by his uncle, three Wardens, reluctant allies, and Endryk, a shoreman, Thyrn is driven into the Karpas Mountains by Vashnar's relentless pursuit. There, however, a darker power begins to reveal itself, a power which has waited for time beyond knowing for such as Vashnar, a power that will drive his ambitions far beyond the boundaries of Arvenstaat, a power which, apart from Vashnar himself, only Thyrn can sense and oppose. But by any measure, Thyrn is no warrior, and his companions are too few to stand against Vashnar's vicious Tervaidin.

The Phantom - the complete newspaper dailies
Lee Falk, Volume 1 1936-1937 by Lee Falk and Ray Moore

Part of the Plot: 1963 H. Dugan, 2003-02-03 Is this the autobiography of a participant in the assassination plot of 1963? The life it describes is the strange, rather isolated existence of a person who never fit in at any point of his life. Although he readily and incisively comments on actions and the personalities he observed, he really is not open about himself. He moves from a privileged, sheltered childhood through a raw, adventurous adolescence, always motivated by being able to exercise control over the people and events around him. From the excitement of the oil boom and early Hollywood to the Spanish Civil War, he apparently had a finger in many pies of the 20th century. He sees everything from an oblique perspective of his very own. He seems to be consistent when he expresses a huge range of unique opinions and ideas. He makes observations on people's motivations, on how they reconcile their actions with their ethics, on proper areas for government to manage, and on personal and national philosophies. The life that brings him to and carries him beyond an arched window in Dallas is related with a wealth of detail. Everything is here, but those little details that would make it really possible to prove any of his statements with documents. In mid-November 1988, the transcriber was asked to visit a valued friend to discuss an urgent matter of deep concern. The matter was satisfactorily settled, and my friend's mind was put to rest. In the period of relief that followed, my friend said no amount of money could ever repay me for the peace of mind now felt. To change the subject, we talked of the approaching 25th anniversary of events in Dallas, Texas. Suddenly stopping in the middle of a sentence, I followed my friend to the cellar workshop. From among the tools and craft materials, a small, slightly rounded suitcase covered in striped brown glazed paper was pulled from the very back of a shelf under the workbench and put in my hands. It's yours now. Maybe you can do something with it. It might be valuable. By the handful, we took out torn sheets of arithmetic paper with neat, small writing, photographs of all sizes, about 120, and old

postcards and laid them on the bench Some of the torn pages had browned around the edges and were fairly brittle but the printing was clear and legible There were two tintypes Some of the photographs were yellowed some were trimmed only a few had writing or identification and none of the postcards had been mailed Everything was put into a grocery bag for me to take home except the battered little suitcase which I never saw again My friend tied my use of the material to the matter we had previously discussed and I gave my word on this added thing too The obligation has been completed Since then I have sorted and matched pages which at last came out even transcribed them and finally discarded them as I had promised The photos and post cards are still unsorted Making an exact transcription was not difficult The writing was small and legible although some spellings names and places were unfamiliar or puzzling The research I did on the Web for some unfamiliar words gave only limited information and wasn't very helpful Perhaps more knowledgeable people can determine whether this Memoir is true

Where We Fell Apart A. K. Harlen, 2015-10-15 In the glittering heart of New York's art scene Maya Leighton has built her life around control The perfect gallery the perfect reputation the perfect distance from the man who once broke her heart Liam Hart the celebrated architect she walked away from years ago has learned to turn silence into structure and grief into beauty When a high profile exhibition forces them to collaborate again old wounds resurface but so does the connection neither of them ever truly forgot Between glass and steel ambition and vulnerability Maya and Liam must confront what was lost and what still remains As the world watches their story unfold through art both must decide whether love is something you rebuild or something you finally learn to release Where We Fell Apart is a deeply emotional second chance romance about memory healing and the quiet courage of choosing yourself without losing the love that shaped you

Wake, Sleeper Bryan Parys, 2015-10-08 In 1987 when Bryan Parys was four years old his father Alfred pressed record on a tape player next to his hospital bed He began leaving messages for his wife three children and anyone who wanted to know why his terminal cancer at age thirty eight wouldn't shake his faith If God told me to walk into a fiery furnace I'd do it he said perhaps knowing that he would not walk back out In Wake Sleeper Parys tries to understand his father's deathbed fire in the context of a Christian childhood that taught him about eternity Unspoken feelings of doubt lead Parys toward an inner life where he is allowed to question provoke and search for beauty in the void of grief Through the lens of his upbringing in a Christian school and the church that met in the school gymnasium that inner voice emerges in Wake Sleeper The grief of his past contrasts with the tension of his search to fit in told as a lyrical and often humorous meditation on time
