Race And The Subject Of Masculinities:

Race and the Subject of Masculinities Harry Stecopoulos, Michael Uebel, 1997 Although in recent years scholars have explored the cultural construction of masculinity they have largely ignored the ways in which masculinity intersects with other categories of identity particularly those of race and ethnicity The essays in *Race and the Subject of Masculinities* address this concern and focus on the social construction of masculinity black white ethnic gay and straight in terms of the often complex and dynamic relationships among these inseparable categories Discussing a wide range of subjects including the inherent homoeroticism of martial arts cinema the relationship between working class ideologies and Elvis impersonators the emergence of a gay black masculine aesthetic in the works of James Van der Zee and Robert Mapplethorpe and the comedy of Richard Pryor *Race and the Subject of Masculinities* provides a variety of opportunities for thinking about how race sexuality and manhood are reinforced and reconstituted in today's society Editors Harry Stecopoulos and Michael Uebel have gathered together essays that make clear how the formation of masculine identity is never as obvious as it might seem to be Examining personas as varied as Eddie Murphy Bruce Lee Tarzan Malcolm X and Andre Gide these essays draw on feminist critique and queer theory to demonstrate how cross identification through performance and spectatorship among men of different races and cultural backgrounds has served to redefine masculinity in contemporary culture By taking seriously the role of race in the making of men *Race and the Subject of Masculinities* offers an important challenge to the new studies of masculinity Contributors Herman Beavers Jonathan Dollimore Richard Dyer Robin D G Kelly Christopher Looby Leerom Medovoi Eric Lott Deborah E McDowell Jos E Muoz Harry Stecopoulos Yvonne Tasker Michael Uebel Gayle Wald Robyn Wiegman

Cooper, 2021-12-26 Recently the U S has seen a rise in misogynistic and race based violence perpetrated by men expressing a sense of grievance from incels to alt right activists Grounding sociological historical political and economic analyses of masculinity through the lens of cultural narratives in many forms and expressions The Routledge Companion to Masculinity in American Literature and Culture suggests that how we examine the stories that shape us in turn shapes our understanding of our current reality and gives us language for imagining better futures Masculinity is more than a description of traits associated with particular performances of gender It is more than a study of gender and social power It is an examination of the ways in which gender affects our capacity to engage ethically with each other in complex human societies This volume offers essays from a range of established global experts in American masculinity as well as new and upcoming scholars in order to explore not just what masculinity once meant has come to mean and may mean in the future in the U S it also articulates what is at stake with our conceptions of masculinity
