Foust, 2012-07-02 This work engages Royce s moral theory revealing how loyalty rather than being just one virtue among others is central to living a genuinely moral and meaningful life Foust shows how the theory of loyalty Royce advances can be brought to bear on issues

such as the partiality impartiality debate in ethical theory *Race Questions, Provincialism and Other American Problems (Classic Reprint)* Josiah Royce, 2015-07-09 Excerpt from *Race Questions Provincialism and Other American Problems* The five essays which make up the present volume were all at some time read before various audiences as addresses Each one contains indications of the special occasion for the sake of which it was first prepared Yet each one of them also states opinions which from my own point of view make it a part of an effort to apply to some of our American problems that general doctrine about life which I have recently summed up in my book entitled *The Philosophy of Loyalty* In the light of that philosophy I therefore hope that the various special opinions here expressed may be judged This book I regard as an auxiliary to its more systematic predecessor About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Oxford Handbook of the Literature of the U.S. South* Fred Hobson, Barbara Ladd, 2016 *The Oxford Handbook of the Literature of the U S South* brings together contemporary views of the literature of the region in a series of chapters employing critical tools not traditionally used in approaching Southern literature It assumes ideas of the South global multicultural plural more Souths than South that would not have been embraced two or three decades ago and it similarly expands the idea of literature itself Representative of the current range of activity in the field of Southern literary studies it challenges earlier views of antebellum Southern literature as well as in its discussions of twentieth century writing questions the assumption that the Southern Renaissance of the 1920s 1930s and 1940s was the supreme epoch of Southern expression that writing to which all that had come before had led and by which all that came afterward was judged As well as canonical Southern writers it examines Native American literature Latina o literature Asian American as well as African American literatures Caribbean studies sexuality studies the relationship of literature to film and a number of other topics which are relatively new to the field *Americans and the California Dream, 1850-1915* Kevin Starr, 1986-12-04 Series statement from author s Material dreams Bibliography p 460 479

Jews and the American Soul Andrew R. Heinze, 2021-03-09 What do Joyce Brothers and Sigmund Freud Rabbi Harold Kushner and philosopher Martin Buber have in common They belong to a group of pivotal and highly influential Jewish thinkers who altered the face of modern America in ways few people recognize So argues Andrew Heinze who reveals in rich and unprecedented detail the extent to which Jewish values often in tense interaction with an established Christian consensus shaped the country s psychological and spiritual vocabulary *Jews and the American Soul* is the first book to recognize the central role Jews and Jewish values have played in shaping American ideas of the inner life It overturns the

widely shared assumption that modern ideas of human nature derived simply from the nation's Protestant heritage Heinze marshals a rich array of evidence to show how individuals ranging from Erich Fromm to Ann Landers changed the way Americans think about mind and soul The book shows us the many ways that Jewish thinkers influenced everything from the human potential movement and pop psychology to secular spirituality It also provides fascinating new interpretations of Sigmund Freud Alfred Adler and Western views of the psyche the clash among Protestant Catholic and Jewish moral sensibilities in America the origins and evolution of America's psychological and therapeutic culture the role of Jewish women as American public moralists and more A must read for anyone interested in the contribution of Jews and Jewish culture to modern America Charles W. Chesnutt: Essays and Speeches Joseph R. McElrath, Jr., Robert C. Leitz, Jesse S. Crisler, 2001-12-01 Charles W Chesnutt 1858-1932 has been considered by many the major African American fiction writer before the Harlem Renaissance This book collects essays he wrote from 1899 through 1931 the majority of which concern white racism and political and literary addresses he made to both white and black audiences from 1881 through 1931

Another white Man's Burden Tommy J. Curry, 2018-12-01 Demonstrates the extent to which Josiah Royce's ideas about race were motivated explicitly in terms of imperial conquest Another white Man's Burden performs a case study of Josiah Royce's philosophy of racial difference In an effort to lay bare the ethnological racial heritage of American philosophy Tommy J Curry challenges the common notion that the cultural racism of the twentieth century was more progressive and less racist than the biological determinism of the 1800s Like many white thinkers of his time Royce believed in the superiority of the white races Unlike today however whiteness did not represent only one racial designation but many Contrary to the view of the British born Germanophile philosopher Houston S Chamberlain for example who insisted upon the superiority of the Teutonic races Royce believed it was the Anglo Saxon lineage that possessed the key to Western civilization It was the birthright of white America he believed to join the imperial ventures of Britain to take up the white man's burden To this end he advocated the domestic colonization of Blacks in the American South suggested that America's xenophobia was natural and necessary to protecting the culture of white America and demanded the assimilation and elimination of cultural difference for the stability of America's communities Another white Man's Burden reminds philosophers that racism has been part of the building blocks of American thought for centuries and that this must be recognized and addressed in order for its proclamations of democracy community and social problems to have real meaning Curry has paid attention to the odd and icky bits of Royce tracking down the offhand cultural references the unfamiliar names and historical contexts A solid analysis of early twentieth century conceptions of race and colonialism reveals an unseemly picture before our contemporary eyes Curry is right we shouldn't ignore or soft pedal this Lee A McBride III the College of Wooster **Beyond Ethnicity** Werner Sollors, 1987-10-29 This highly original study examines the role of ethnicity in American literature and what that literature has said and continues to say about our remarkably diverse culture Sollors focuses particularly on the conflict between

descent and consent between the concern for one's racial ethnic and familial heritage and the conflicting desire to choose one's own destiny regardless of that heritage Grave and hilarious tender and merciless The book performs a public service
