Racial And Ethnic Competition Modern Revivals In Sociology:

Racial and Ethnic Competition Michael P. Banton, 1992 **Racial and Ethnic Competition** Michael Banton, 1992 Most studies of racial and ethnic relations discuss the position in a single country Professor Banton's book is notable for its internationalism It formulates principles that govern the development of relations between racial and ethnic groups everywhere drawing upon case studies from across the globe The arguments which organize this mass of evidence are taken from a rational choice theory of behaviour combining elements from modern economics with older sociological interpretations According to this theory much turns on whether people as they seek their economic and social goals choose to compete as groups or individuals for group competition reinforces any boundaries that are marked by physical difference whereas individual competition dissolves them Many of the concepts that have been used in racial and ethnic studies reflect the values of the more articulate groups in given societies at particular times The SAGE Handbook of Sociology Craig Calhoun, Chris Rojek, Bryan S Turner, 2005 Providing an authoritative guide to theory and method the key sub disciplines and the primary debates in contemporary sociology this work brings together the leading authors to reflect on the condition of the discipline The Global Dynamics of Racial and Ethnic Mobilization Susan Olzak, 2006-05-24 This book tests a new approach to understanding ethnic mobilization and considers the interplay of global forces national level variation in inequality and repression and political mobilization of ethnicity It advances the claim that economic and political integration among the world's states increases the influence of ethnic identity in political movements Drawing on a 100 country dataset analyzing ethnic events and rebellions from 1965 to 1998 Olzak shows that to the degree in which a country participates in international social movement organizations ethnic identities in that country become more salient International organizations spread principles of human rights anti discrimination sovereignty and self determination At the local level poverty and restrictions on political rights then channel group demands into ethnic mobilization This study will be of great importance to scholars and policy makers seeking new and powerful explanations for understanding why some conflicts turn violent while others do not **A Dictionary of Sociology** John Scott, 2014 Coverage is extensive and includes terms from the related fields of psychology economics anthropology philosophy and political science Provided by publisher Kultur und Ethnizität als Forschungsdimensionen Gabriele Khan-Svik, 2008 Kultur und Ethnizität sind zentrale Begriffe der Interkulturellen Pädagogik Die Auseinandersetzung mit einschlägigen wissenschaftlichen Texten sowie mit dem Alltagsdiskurs in der pädagogischen Praxis lässt den Eindruck entstehen dass ein Gebäude auf einem Boden errichtet wird der nicht genau gemessen und kartografiert ist Die zugrundeliegenden Begriffe Kultur und Ethnizität sind nicht immer ausreichend geklärt und so werden Häuser auf unsicheren Fundamenten errichtet Wen wundert es dass manche schwanken und vom Einsturz bedroht sind Die Begriffsklärung nimmt Bezug auf Forschungsergebnisse der Kulturanthropologie Ethnologie mit einigen Seitenblicken auf soziologische Ansätze Schließlich werden Beiträge aus der Interkulturellen Pädagogik unter Heranziehung

von empirischen Studien diskutiert The Feasibility of Democracy in Africa Claude Ake, 2000 The book outlines in a sweeping continental survey and with telling detail how the democratic commitment has transformed Africa's legacy of dictatorship military regimes and single party rule Yet at the same time as we are all democrats now Ake shows how cleverly conservative autocrats have stolen the democratic message and subverted its promise The danger of trivializing democracy into successive multi party elections where one narrow elite succeeds another is a real one in present day Africa and the book spells out the hazards that lie ahead for nascent democratic movements at the grassroots Exploring Osaka David M. Dunfield, 1993 A comprehensive English language guide to the city of Osaka for business travellers and tourists alike Second only to Tokyo as a banking and trade centre of Japan Osaka is a centre of tradition and culture as well the home of bunraku puppet theatre for example and is minutes by rail from Japan's ancient capitals of Kyoto and Nara A variety of suggested sightseeing itineraries are included as well as recommended museums restaurants and hotels a list of festival dates and sources of additional information **The Minority Concept in the Turkish Context** Samim Akgönül, 2013-03-28 In *The Minority Concept in the Turkish Context* Samim Akgönül presents a conceptual discussion of the term minority from various perspectives most notably history sociology and political science The concept of minority has a specific understanding in the Turkish political sociological and legal context due to the Ottoman Millet system approach The conceptual discussion is illustrated by three case studies religious minorities in Turkey that are the result of the elimination policies during the Turkish nation building process Muslim minorities in Greece as heritage of the Ottoman domination until the 20th century and new minorities originating from Turkey and living in France as the result of the Turkish immigration of 1960s and following decades **Science and the Sociology of Knowledge** Michael Mulkay, Michael Joseph Mulkay, 1992 The major contributors to the sociology of knowledge have agreed that the conclusions of science depend on social action only in a very limited sense This view is examined critically and it is argued that scientific knowledge should be included fully within the scope of sociological analysis The production of scientific knowledge is depicted as a process of negotiation the outcome of which depends on participants use of resources which are both technical and social It is shown how cultural resources are taking over from the broader cultural milieu and incorporated into the body of certified knowledge and how in the wider political context scientists' claims are conditioned and affected by their social allegiances Economic Analysis in Historical Perspective John Creedy, Denis Patrick O'Brien, 1992 This book concentrates on major ideas in economics rather than taking the great men approach to the history of economic thought It approaches the subject from the viewpoint of the modern literature rather than working forwards from the historical material The student should thus be able to more easily relate previous economic writings to the subject matter of an undergraduate course Racialization Karim Murji, John Solomos, 2005 Racialization has become one of the central concepts in the study of race and racism It is widely used in both theoretical and empirical studies of racial situations There has been a proliferation of texts that use this notion in quite

diverse ways It is used broadly to refer to ways of thinking about race as well as to institutional processes that give expression to forms of ethno racial categorization An important issue in the work of writers such as Robert Miles for example concerns the ways in which the construction of race is shaped historically and how the usage of that idea forms a basis for exclusionary practices The concept therefore refers both to cultural or political processes or situations where race is invoked as an explanation as well as to specific ideological practices in which race is deployed It is evident however that despite the increasing popularity of the concept of racialization there has been relatively little critical analysis exploring its theoretical and empirical usages It is with this underlying concern in mind that Racialization Studies in Theory and Practice brings together leading international scholars in the field of race and ethnicity in order to explore both the utility of the concept and its limitations
