Safe Passage Thinking Clearly About Life And Death:

Safe Passage Richard E. Simmons, III, 2006-02 Suggests that as mature responsible adults we must recognise that until we choose to examine and accept the philosophical implications of death we actually forego the opportunity of experiencing the rich promises of life

Safe Passage Mark Lazenby PhD, Ruth McCorkle RN, PhD, Daniel P. Sulmasy MD, PhD, 2014-01-08 The study and practice of end of life care has seen an increasing understanding of the need for care that integrates clinical psychosocial spiritual cultural and ethical expertise Yet no one existing volume pulls together perspectives from a diverse array of religions with ethical dilemmas and clinical problems in view Safe Passage coaches clinicians and others on the front lines of care on understanding how to incorporate different traditions of thinking into the most difficult of moments around the end of life The book is structured around five major moments of realization when disease progresses when emergencies happen when dying will be a long process the time of death and when grieving begins Each decision point is introduced with a research summary and an extensive case example that describes disease processes health care delivery possibilities and the end of life dilemmas involved so as to apply across the varying cultural socio economic and spiritual contexts The case example is followed by a clinical commentary written by a palliative care specialist an ethical commentary written by an ethicist and three short essays written by religious thinkers of different traditions Each situation is concluded by remarks on potential approaches that respect religious and spiritual beliefs values and practices at the end of life across all contexts and a bibliography The five decision points are bookended by an introductory section that explores broad historical and cultural perspectives and a conclusion section that summarizes the book and provides guidance for further reading and study

In Unexpected Places Ray Brown, 2011-04-16 It is urgent that we take the death event and the death state more seriously and give them space in our lives

Exodus R. J. Rushdoony, 2009-11-23 Essentially all of mankind is on some sort of exodus However the path of fallen man is vastly different from that of the righteous Apart from Jesus Christ and His atoning work the exodus of a fallen humanity means only a further descent from sin into death But in Christ the exodus is now a glorious ascent into the justice and dominion of the everlasting Kingdom of God Therefore if we are to better understand the gracious provisions made for us in the promised land of the New Covenant a thorough examination into the historic path of Israel as described in the book of Exodus is essential

Taking a Long Road Home Eugene C. Bianchi, 2010-11-15 This memoir invites readers to explore stages of their own spiritual journey Bianchi graphically describes his path from an Italian immigrant family on the West Coast through twenty years as a Jesuit to being a professor of religious studies at Emory University As he develops a more this worldly inner life Bianchi struggles with church teachings about Christ sexuality and authority He candidly reveals how failed marriages gave him a humbler grasp of meeting the transcendent in everyday problems He embraces a contemplative spirituality that links Buddhist and Taoist practices with western mysticism With a foot in Christianity he shows how to walk a way of inter spirituality as a meaningful road for the

contemporary seeker For Bianchi this involves becoming a metaphorical Christian as he moves away from religious certitudes of early life to find spirit in nature and humanity Bianchi a well known writer on spiritual aging challenges Baby Boomers to craft a contemplative life that works for them today With his wife and two cats he discovers a home for body and spirit along the banks of the Oconee River in Athens Georgia

Death and the Early Modern Englishwoman Lucinda M. Becker, 2017-05-15

This study explores the female experience of death in early modern England By tracing attitudes towards gender through the occasion of death it advances our understanding of the construction of femininity in the period Becker illustrates how dying could be a positive event for a woman and for her mourners in terms of how it allowed her to be defined enabled and elevated The first part of the book gives a cultural and historical overview of death in early modern England examining the means by which human mortality was confronted and how the fear of death and dying could be used to uphold the mores of society Becker explores particularly the female experience of death and how women used the deathbed as a place of power from which to bestow dying maternal blessings or leave instructions and advice for their survivors The second part of the study looks at good and bad female deaths The author discusses the motivation behind the reporting of the deaths and the veracity of such accounts and highlights the ways in which they could be used for religious

political and patriarchal purposes The third section of the book considers how death could paradoxically liberate a woman In this section Becker evaluates the opportunity for female involvement in dying and posthumous rituals including funeral rites and sermons commemorative and autobiographical writing and literary legacies While accounts of dying women largely underpinned the existing patriarchy the experience of dying allowed some women to express themselves by allowing them to utilise an established male discourse This opportunity for expression along with the power of the deathbed are the focus for this study

Life to Death: Harmonizing the Transition Richard W. Boerstler, Hulen S. Kornfeld, 1995-10 Written for the terminally ill their families and others involved in the care of the dying Life to Death introduces the technique of co meditation a method to help a patient maintain a clear mind and peaceful heart during the process of dying A script for co meditation sessions with relaxation and visualization techniques is included

Life Against Death: Srebrenica Kadir Habibović, 2020-10-03 After the dissolution of Yugoslavia in 1992 a war broke out In the final stages of the war in July 1995 Serbian forces surrounded and laid siege to the town of Srebrenica The largest genocide in Europe since World War II had begun Out of options Kadir decides to seek refuge at the Potocari enclave a safe zone protected by a UN Dutch battalion but the safe zone provides no protection to the unarmed civilians fleeing from certain death Kadir and his family are captured by Serbian forces and forcibly separated from each other Kadir is imprisoned with other men in the local high school in Srebrenica where they are severely beaten and tortured The next day he is loaded onto the back of a cargo truck with a group of Bosnian prisoners to be executed in a nearby town Watching men being pulled off the backs of trucks and executed Kadir begins shaking with the realization that he is about to be killed just like them He then makes the daring decision to escape and flees into the woods Exhausted alone starving and disoriented with an infection from an injury ravaging his body Kadir wanders aimlessly through the woods for 17 days On the verge of death he hears a voice from the mountains Moved by this surreal experience Kadir finds the strength within himself to go on
