COVID-19 era Patrick Manu, Clara Cheung, Akilu Yunusa-Kaltungo, Fidelis Emuze, Tarcisio Abreu Saurin, Bonaventura H. W.

Hadikusumo, 2023-09-12 This edited book presents a significant and timely contribution to our understanding of a broad

range of issues pertaining to COVID 19 and its relationship to occupational safety health and well being OSHW in the global

construction industry The editors first introduce the industry and its poor OSHW history before highlighting some of the

broader impacts of the pandemic on the sector The book is then divided into two sections Section One focuses on the

management of COVID 19 transmission risk It captures insights practices technologies and lessons learned in relation to

what has and is being done to prevent or mitigate the risk of COVID 19 transmission among the construction workforce

Construction Safety Health and Well being in the COVID 19 Era also details case studies lessons and best practices for

managing sites and workforces when infections inevitably do occur Section Two brings together international chapters

discussing the impacts of COVID 19 on the OSHW of the construction workforce both on and off site as well as the

management of those impacts Furthermore this presents implications of the pandemic at the short medium and long term for

other performance measures of construction projects such as cost schedule quality and most importantly how the pursuit non

pursuit of such performance measures have impacted will impact the OSHW of construction workers and professionals in the

industry This book addresses the gap in literature by offering global perspectives on the OSHW impacts and implications of

COVID 19 in the construction industry and will help its wide readership including construction industry organisations

professionals researchers government bodies policy makers and students to understand a broad suite of issues pertaining to

COVID 19 and its relationship to OSHW in construction **Safety and Health in Construction** International Labour
