Sahara Strike:

Sahara Strike Denis Cleary, Frank J. Maher, 1980 *Charon's Landing* Jack Du Brul, 2006-01-03 Years ago a secret Soviet plan was created to destroy the Alaskan oil pipeline Now those plans have been stolen by the brilliant and treacherous ex KGB agent Ivan Kerikov Joining forces with a powerful Arab oil minister Charon's Landing is about to be unleashed at last But they didn't count on the one man who possesses the determination and daring to stop them cold They didn't count on Philip Mercer *Dunaway V. State of Illinois Department of Labor*, 1982 *The Catering Industry Employee*, 1981

Considers 91 H R 11792 *Foreign Assistance Act of 1969* United States. Congress. House Foreign Affairs, 1969 *The Quarterly Journal of the Geological Society of London* Geological Society of London, 1873 Vols 1 108 include Proceedings of the society separately paged beginning with v 30 *The Aldine "tip-top Tales"*, 1894 *The Half War* Robert P Haffa Jr, 2019-07-11 This book offers a strategic organizational and logistical analysis in a historical context of the planning of conventional forces to meet a limited contingency The central question is Why from 1960 to 1982 did the U S fail to construct a coherent limited contingency force Analysis of a series of comparative case studies reveals that the strategic concept to the half war or limited contingency was never articulated adequately enough to support specific force planning Organizations designed to oversee and command limited contingency forces fragmented by interservice rivalries and the absence of joint doctrine lacked multiservice composition and a unified command structure A search for economy in limited contingency forces seemed justified by illusions about their capabilities Low budgetary priority and Congressional perceptions that enhanced U S rapid deployment capabilities would encourage U S global intervention contributed to the lack of logistical and mobility systems dedicated to them The wider intent of this study is to shed light on the general purpose force planning process and to suggest policy guidance as the United States once again embarks on a major conventional force planning initiative Rather than being trapped by the past new efforts to meet vital U S military interests below the nuclear threshold must identify half war planning contingencies structure unified commands capable of directing tailored conventional forces in specific theaters and provide adequate strategic mobility systems **Problems of Communism**, 1981 **Shouting in a Cage** Sofia Fenner, 2023-07-11 Durable authoritarian rule often rests on the co optation of challengers The conventional story is straightforward rulers entice opposition groups to sell out offering them benefits if they set aside their antiauthoritarian aspirations and become part of the system However co optation does not always neutralize former adversaries and even seemingly domesticated opponents can turn on their rulers Co optation does weaken opposition but it is not as simple reliable or transactional as existing theories claim Shouting in a Cage offers new ways to understand co

optation's power and its limits by examining two co-opted parties: the Wafd Party in Egypt and the Istiqlal Party in Morocco. Sofia Fenner argues that co-optation is less a corrupt bargain than a discursive contest, a clash of competing interpretations. Co-opted parties conjure up imagined futures in which their short-term choices will lead to the realization of their long-term democratic goals. Meanwhile, other actors point to the disconnect between these parties' antiauthoritarian aspirations and their participation in authoritarian systems. Fenner demonstrates that co-opted parties come to look hypocritical precisely because they refuse to give up their oppositional commitments. Their credibility sapped, they become unappealing allies and eventually political afterthoughts. However, such parties retain a surprising capacity for opposition rooted in the literal and metaphorical idea of party as family. Based on extensive archival research and ethnographic fieldwork in North Africa, *Shouting in a Cage* broadens our understanding of political behavior under authoritarianism. *Hand of the prince* Pablo de Orellana, 2025-03-18 This book is dedicated to how diplomacy makes deals and trades in knowledge. It proposes an approach to examine how diplomatic knowledge production describes what diplomats see, how these descriptions develop, and whether they were convincing to one's own policymakers or even those of other actors. These descriptions are vital; actors can be inserted into global categories: Communism or Terrorism that beget significant security, relational, and policy consequences. Diplomacy and policy constitute the world we inhabit based on what policymakers made of descriptions, assessments, and analysis. Such is the power of knowing who we and the others are. **The Black Diamond**, 1927

Dictionary of African Biography Emmanuel Kwaku Akyeampong, Professor Henry Louis Gates, Jr., 2012-02-02 From the Pharaohs to Fanon, *Dictionary of African Biography* provides a comprehensive overview of the lives of the men and women who shaped Africa's history. Unprecedented in scale, DAB covers the whole continent from Tunisia to South Africa, from Sierra Leone to Somalia. It also encompasses the full scope of history from Queen Hatsheput of Egypt (1490-1468 BC) and Hannibal, the military commander and strategist of Carthage (243-183 BC) to Kwame Nkrumah of Ghana (1909-1972), Miriam Makeba, and Nelson Mandela of South Africa (1918-2013). **Decisions and Orders of the National Labor Relations Board** United States.
