

Sails In The Wind Viking

Pasquale De Marco

Sails In The Wind Viking:

The Vikings: Conquering the Wind and Waves Robert Wernick, 2017-06-07 A terror to the outside world Viking longships were a source of great understandable pride to Norsemen At a time when the majority of men and women in the West lived and died within walking distance of their birthplaces and travel was slow and dangerous Vikings seemed to skitter over the globe like water birds over a pond appearing when and where they were least expected disappearing when they chose Unlike the other peoples of Europe in the early Middle Ages they understood and mastered the power of the sea Here in this short form book is the story of how the Vikings learned to build and sail their longships *The Vikings* Robert

Wernick, 2018-01-10 In the eighth century The Vikings the water borne warriors of Denmark Norway and Sweden conquered much of the British Isles They pillaged the coast of France pushed inland to sack Paris and seized Normandy Sweeping south down the great rivers of central Europe they overwhelmed the Slavs of Russia captured Kiev and clashed with the people of Constantinople the capital of the Byzantine Empire In all this the Vikings took untold treasures but they weren't just barbarians content to plunder and burn They were builders of cities founders of states writers of poetry and makers of laws The Vikings also were bold and tenacious explorers who ventured across oceans to discover new territories including the New World Indeed not since the golden age of the Roman Empire had any people so powerfully influenced the Western world Here from award winning journalist Robert Wernick is their dramatic story *Sailing into the Past* Jenny

Bennett, 2009-06-18 Until recently there was little practical knowledge of the ships of the distant past We could only surmise as to the manner in which a Viking ship sailed or how fast a Greek trireme could be rowed The building of accurate replicas over the past generation has changed all that and what has been learnt about the ships and boats of our ancestors has radically changed our perceptions of sailing and voyaging This beautifully illustrated new book charts those discoveries The worlds leading authorities look at individual replicas and discuss what they have taught us Boris Rankov and John Coates for example discuss the Greek trireme while Antonia Macarthur outlines the lessons learnt on Cooks Endeavour Each chapter deals with a particular vessel and construction sail plans and the intended role are covered before an analysis of sailing performance is discussed Windward ability seakindliness speed and ease of handling are all dealt with General chapters by Richard Woodman and Sean McGrail set the scene A fascinating work which offers the most accessible view yet as to how the ships of our seafaring forbears affected the manner in which they traded fought and explored *The Viking Age* Pasquale

De Marco, 2025-05-22 The Viking Age is a period of history that is often romanticized and misunderstood In this book we will take a closer look at the Vikings and their world We will explore their culture their beliefs and their way of life We will also examine the impact they had on the world around them The Vikings were a complex and fascinating people They were fierce warriors skilled craftsmen and accomplished traders They were also a deeply religious people who believed in a pantheon of gods and goddesses In this book we will explore all aspects of Viking life and culture We will learn about their ships their

weapons their art and their music We will also explore their beliefs about life and death and their place in the universe The Viking Age was a time of great change and upheaval in Europe The Vikings raided and conquered many parts of Europe including England France Germany and Russia They also established settlements in Iceland Greenland and North America The Vikings had a profound impact on the history and culture of Europe They introduced new technologies ideas and customs to the regions they visited This book is a comprehensive and accessible introduction to the Viking Age It is perfect for anyone who wants to learn more about this fascinating period of history In this book you will learn about The history of the Vikings The Viking culture The Viking religion The Viking impact on the world This book is packed with information and insights that will help you understand the Vikings and their world If you like this book write a review on google books

Viking Expeditions Sebastian Farnham, AI, 2025-03-29 Viking Expeditions offers a fresh perspective on Viking history emphasizing their maritime technology and navigational skills rather than solely focusing on raiding and warfare The book explores how their advanced ship design such as the clinker built hulls that provided both strength and flexibility allowed

them to navigate treacherous waters and establish far flung settlements Intriguingly the Vikings success wasn't just about brute force it was rooted in a deep understanding of the sea and environmental adaptation enabling them to traverse vast distances The book examines the evolution of Viking shipbuilding and navigation drawing on archaeological evidence and Norse sagas It investigates how they determined latitude and tracked their position at sea with limited instruments showcasing their resourcefulness Case studies such as the voyages to Iceland Greenland and Vinland in North America illustrate the challenges they faced and the solutions they developed Structured to provide a comprehensive understanding Viking Expeditions begins by outlining the historical context of the Viking age before delving into specific aspects of maritime technology The book progresses through chapters examining ship design navigation techniques and environmental adaptation culminating in a discussion of the lasting impact of Viking exploration on trade cultural exchange and technology

Vikings: Raiders from the Frozen Lands Pasquale De Marco, 2025-07-18 Embark on an epic journey into the world of the Vikings a people who left an indelible mark on history with their daring raids seafaring prowess and cultural legacy In this comprehensive book we delve into the heart of Viking civilization exploring their origins beliefs traditions and innovations From the frozen landscapes of Scandinavia to the sun kissed shores of distant lands we trace the Vikings remarkable voyages and encounters with diverse cultures Discover the secrets of their shipbuilding and navigation techniques which enabled them to conquer vast oceans and establish settlements far and wide Witness their fierce raids and battles as they clashed with kingdoms and empires leaving a trail of both fear and admiration in their wake Unravel the mysteries of Viking mythology and religion with its pantheon of gods and goddesses its captivating sagas and legends and its intricate rituals and ceremonies Explore their art and craftsmanship from intricate jewelry and metalwork to stunning woodworking and textiles Delve into the daily lives of the Vikings their social structures their family dynamics and their unique customs and traditions Learn about their food their clothing their homes and their celebrations gaining a deeper understanding of their everyday existence This book is a testament to the enduring legacy of the Vikings whose influence can still be felt in language place names and cultural traditions around the world Their impact on history is undeniable and their story continues to inspire and fascinate generations Join us on this captivating journey as we uncover the secrets of the Vikings a people who dared to dream of new horizons and left an indelible mark on the world Step into their world and prepare to be amazed by their courage their ingenuity and their unyielding spirit If you like this book write a review

Sailing Made Easy American Sailing, 2010-01-01 Sailing Made Easy is the first step in a voyage that will last you the rest of your life It is a gift from a group of dedicated sailing professionals who have committed their lives to sharing their art their skill and their passion for this wonderful activity This book which Sailing Magazine called best in class upon its release in 2010 is the most comprehensive education and boating safety learn to sail guide to date It is also the official textbook for the ASA Basic Keelboat Standard ASA 101 Incorporated in the textbook are useful illustrations and exceptional photographs of complex

sailing concepts The text s most distinguishing feature is its user friendly spreads in which instructional topics are self contained on opposing pages throughout the book There are also chapter end quizzes and a glossary to help those new to sailing to navigate their way through the extensive nautical terminology

The Vikings , The Vikings Paul B. Du Chaillu,Robert Leighton,Allen French,Charles W. Whistler,H. Rider Haggard,Jessie Margaret Edmondston Saxby,2019-10-31
