Schall, 1998 The engaging and inquiring mind of French philosopher Jacques Maritain reflected on subjects as varied as art and ethics theology and psychology and history and metaphysics Maritain s work on the theoretical groundings of politics arose from his diverse studies In this book distinguished theologian and political scientist James V Schall explores Maritain s political philosophy demonstrating that Maritain understood society state and government in the tradition of Aristotle and Aquinas of

natural law and human rights and duties Schall pays particular attention to the ways in which evil appears in political forms and how this evil can be morally dealt with Schall's study will be of great importance to students and scholars of political science philosophy and theology

Aquinas and the Early Chinese Masters Joshua Brown, Joshua R. Brown, 2024 *Aquinas and the Early Chinese Masters* lays intellectual foundations for the integration of Chinese philosophy into Catholic theology Although Catholic theology in Chinese contexts has drawn upon Chinese philosophical concepts few have attempted to develop a rigorous systematic approach to testing what in the Chinese philosophical traditions can be fruitful or unfruitful for Catholic theological expression This book attempts to model such an approach by engaging classical Chinese philosophy with the mind and spirit of St Thomas Aquinas who read Aristotle and other pagan philosophers with both charitable appreciation and a firm critical eye It applies this Thomistic lens through concrete comparative engagements with three main representatives of early Chinese philosophy Mencius Mengzi Xunzi and Mozi In each chapter the book presents Aquinas thought as an evaluative frame for perceiving how Chinese philosophical commitments and concepts do or do not seem fit for adoption into Catholic theological science Following the general structure of the *Summa theologiae* the book is comprised of six chapters touching on the doctrine of God morality and Christology The first two chapters engage Confucian master Mengzi's notion of Heaven Tian and then the Mohist doctrine of Heaven's Will Tian zhi Chapter three provides a Thomistic

assessment of the two main positions in the classical Confucian debate on the goodness of man's moral nature renxing Chapter four compares Aquinas account of charity and Mozi's doctrine of universal love jian ai Chapter 5 offers a Thomistic assessment of the possibility of understanding Christ in terms of Xunzi's sage shengren Finally Chapter 6 explores Christ as a moral teacher by putting Aquinas reading of Matt 8 21 22 into conversation with Confucian ethics of filial virtue **Stephen King and Philosophy** Jacob M. Held, 2016-08-15 Haunting us with such unforgettable stories as The Shining The Shawshank Redemption Salem's Lot Carrie The Green Mile and Pet Sematary Stephen King has been an anchor of American horror science fiction psychological thrillers and suspense for more than forty years His characters have brought chills to our spines and challenged our notions of reality while leaving us in awe of the perseverance of the human spirit The first book in the new Great Authors and Philosophy series Stephen King and Philosophy reveals some of the deeper issues raised by King's work From retribution freedom and moral relativity to death and insanity the chapters of this book expose how King's stories access the questions and fears that haunt each of us in the middle of the night Contributions by Katherine Allen Randall E Auxier Charles Bane Matthew Butkus Kellye Byal Cam Cobb Timothy Dale Paul R Daniels Joseph J Foy Bertha Alvarez Manninen Tuomas W Manninen Garret Merriam Michael K Potter and C Taylor Sutton *Authentic Metaphysics in an Age of Unreality, Second Edition* Leo Sweeney, William J. Carroll, John J. Furlong, 2007-03-19 In an age where appearances are often substituted for what really is deception and falsity for honesty and truth this metaphysics book takes things as they actually are and discovers that reality is actuality which as subsistent is God that philosophical knowledge in its content is caused by what is known and is objectively true It considers goodness and beauty human existents as individual relational units e g the family agents and goals chance and evil It is in contrast with Sartrean existentialism process philosophy linguistic analysis phenomenology hermeneutics and deconstructionism The Suffering Servant in Aquinas Daniel Waldow, 2024-09-27 The Suffering Servant text of Isaiah 53 is a perennial topic of debate within Jewish and Christian biblical theology Is the Suffering Servant an individual a group or both How and why did he suffer What role did God play in his suffering How is his suffering related to human salvation The answers to these questions often divide Jewish and Christian readers of Scripture as well as Christians across different denominations In particular Isaiah 53 tends to inform different Christian accounts of the origin nature and saving value of Christ's Passion The Suffering Servant in Aquinas contributes to the debate on the meaning of Isaiah 53 and its bearing upon the Passion of Christ by examining how St Thomas Aquinas engaged this biblical text This book examines every explicit reference to Isaiah 53 that Aquinas makes in his biblical commentaries Commentary on the Sentences Summa Theologiae and Opuscula It analyzes how and why Aquinas interprets Isaiah 53 in the ways that he does It focuses especially upon how Aquinas draws upon Isaiah 53 to shed light on the saving mystery of Christ's Passion Readers will see how Aquinas articulates the relationship between God's will and Christ's suffering the diverse forms of Christ's pain the degree to which the Passion can be considered a punishment and the saving

functions of the Passion as example merit satisfaction and sacrifice This book makes an original contribution to the growing field of Biblical Thomism It examines Aquinas s exegetical methods as well as the role of Scripture within his speculative theology And it properly contextualizes Aquinas s exegesis by considering the differences between his Latin version of Isaiah 53 and contemporary renderings of Hebrew and Greek versions Readers will see that Aquinas s Christological interpretations of Isaiah 53 are both exegetically intriguing and theologically rich The Publishers' Trade List Annual ,1985
