Sakharov David Rintels,2000-12-01 David Rintels biographical script focuses on Russian physicist Andrei Sakharov s life from his initial involvement in his country s civil rights movement to his winning the Nobel Prize Sakharov protested Russia s human rights violations with a lengthy hunger strike and ultimately some of his actions caused him and his wife to be exiled to the industrial city of Gorky While still living in Gorky Sakharov was awarded the Nobel Prize but he was not allowed to leave the city to receive it

Sakharov And Power: On The Other Side Of The Window Boris Altshuler,2022-11-08 This book is a testimony to the amazing life of Andrei Sakharov 1921 1989 the great scientist and great man the creator of the most terrible weapon in the history of mankind and at the same time the Nobel Peace Prize Winner Sakharov s life is one might say an exciting detective story a chain of incredible events not accidental however but dictated by the genius and fortitude of the protagonist The theme of this book acquired new striking meanings after the Sakharov documents of the KGB of the USSR and of the Politburo of the Soviet ruling Communist Party were declassified I m not on the top floor I m next to the top floor on the other side of the window Sakharov once joked referring to the top floor of political power This joke accurately reflects the uniqueness of his status which has become his destiny Andrei Sakharov is a giant among thought leaders who have shaped the fate of mankind This book is an important commemoration of his 100th birthday to summarize his creative experience of producing miracles which will help to find constructive solutions to the challenges of the 21st century The peculiarity of this book is that the main storyteller is Sakharov himself it collects the most significant quotes from his memoirs alternate with vivid memories of people who knew him offering documentaries and explanations

Psychotherapists on Film, 1899-1999 John Flowers,Paul Frizler,2004 How long have psychotherapists been depicted in films Nearly as long as there have been films or psychotherapists for that matter This isn t surprising if one considers that the Freudian revolution in psychology and the invention of motion pictures occurred at about the same time What may be surprising is the sheer number of times that psychotherapists in their many guises have shown up in the movies and how their depiction has reflected changing social attitudes about psychotherapy over the last century This comprehensive worldwide filmography examines over 5000 movies Films in which mental health professionals appear or in which others act in that capacity are listed alphabetically A preface explains the criteria for a film s inclusion and a lengthy introduction and guide to the filmography explores the changing social attitudes mirrored by the movies Appendices list the titles by decade alternate titles for many films recent releases and qualifying adult films This text refers to Volume 2 of a two volume set Volume 2 includes entries from M through Z the appendices and index The complete set can be obtained under ISBN 0 7864 1297 6
