The Salt Agreements: Content - Application - Verification Michel A Calvo,Notburga Calvo-Goller,1987-10 [Parameters](#),1979 **SALT Handbook** Roger P. Labrie,1979 [Milestones in strategic arms control 1945-2000...](#) , **Ibss Poli Sci 29 1980** "International Committee For Social Sciences Documentation",2013-10-15 The International Bibliography of the Social Sciences IBSS is an essential tool for librarians academics and researchers wishing to be kept up to date with the published literature in the social sciences IBSS is compiled in four divisions Anthropology Sociology Economics and Political Science This is Volume XXIX of the International bibliography of political science as of 1980 *Melvin Laird and the Foundation of the Post-Vietnam Military, 1969-1973* Richard A. Hunt,2015 Examines the former Congressman Melvin Laird's efforts to reconstitute the Department of Defense during the last years of the Vietnam war Laird acted to mitigate the adverse effects of the Vietnam War on the department and to prepare the nation's armed forces for the future Foremost was the transition from a conscripted military to an all volunteer force a fundamental policy shift that ended an unpopular and inequitable draft system from jacket *Foreign Relations of the United States* United States. Department of State,1969

The Arms Control, Disarmament, and Military Security Dictionary Jeffrey M. Elliot,Robert Reginald,2007-09-01 This facsimile reprint of the 1989 edition is according to Library Journal a wonderfully concise and comprehensive resource on a very important topic In 268 detailed entries the authors provide a wealth of information on such topics as the arms race conventional and nuclear weapons nuclear strategy and disarmament The entries are cross referenced and there is an index Of great value to general readers as well as specialists *The Fifty Years War* Richard Crockatt,2002-01-08 This is an authoritative and comprehensive history of the Fifty Years war and the relationship that dominated world politics in the second half of the twentieth century For fifty years relations between the United States and the Soviet Union were deciding factors in international affairs Available for the first time in paperback Richard Crockatt's acclaimed book is an examination of this relationship in its global context It breaks new ground in seeking a synthesis of historical narrative and analysis of the global structures within which superpower relations developed Attention is given to economic as well as political and military factors *Verification* Allan S. Krass,Stockholm International Peace Research Institute,2020-11-19 Originally published in 1985 the level of anxiety and suspicion between the USA and the USSR had rarely been higher Many advocates of arms control believed that effective verification would reduce tensions and lessen the risk of war This book analyses the two main issues of verification One is technological what are the present capabilities of various verification techniques and what is their potential The devices and methods currently employed by the two major nuclear powers and by international organizations to monitor the compliance of states with arms control or disarmament treaties are examined The second issue is political how do US and Soviet approaches compare what are the roles of domestic and bureaucratic politics and on what criteria can a workable standard of adequacy be based In short how much is enough Although the study concludes that a

number of significant arms control measures can already be adequately verified modern weapons are becoming more mobile and it is becoming easier to conceal them There is a danger that the ability to hide weapons will outstrip the ability to find them Verification cannot promise to detect all violations a workable standard of adequacy in verification must derive from the ability to detect militarily significant violations
