Hailey's Story - She Was an Eleven-Year-Old Child. He Was Soham Murderer Ian Huntley. This is the Story of How She Survived Hailey Giblin,2008-08-04 The name Ian Huntley is one synonymous with pure evil Convicted of one of the most horrific and baffling crimes ever witnessed by the nation the brutal murders of Holly Wells and Jessica Chapman it was only after his conviction that the horrific nature of this man s predatory past became apparent It was only when it was too late that many girls and women stepped forward to reveal that they too had been victims of this terrifying man One such woman is Hailey Giblin who was just eleven years old when she had the tragic misfortune of encountering Huntley Having persuaded young Hailey to go for a walk with him he then brutally assaulted her and threatened to kill her if she told anyone what had happened When the truth eventually came out Huntley was questioned but released without charge The attack and the subsequent release of Huntley left deep scars on Hailey and in desperation she turned to drugs to numb the pain The ramifications of the failure to stop this sexual predator have been devastating both for Hailey herself and on a larger scale When Hailey heard that the Soham caretaker had been arrested for the murders of Holly and Jessica her nightmare at his hands came flooding back to her In this heart rending book Hailey tells her own story in her own words She describes the terror she felt during and after the attack and how she bravely struggled to come to terms with what had happened to her This is the story of a girl who despite having been robbed of her childhood innocence eventually managed to rebuild her life Now with a blossoming career in modelling Hailey is moving on With Huntley finally admitting the crimes he committed against her she will now be able to leave the past where it belongs But she will never forget

The Changing Urban School Robert Thornbury,2012-05-04 The author takes a long look at what goes on in schools and the roles played by people specifically concerned with them but finally the problems of the school are seen as indissolubly bound up with the changes that have overtaken urban life The school cannot be isolated teachers

administrators planners and parents must actively co operate in making the school work in society and a society which works for the school Nothing other than such a total vision he concludes will enable us to achieve normal educational goals Robert Thornbury writes out of fifteen years experience of the urban school and of the problems not only of Britain but also those sometime similar often more acute of other countries in particular the United States and Australia The need for a total urban strategy is worldwide His point of view is broad based but his sympathies lie most of all with the hard working teacher who stayed on in the urban classroom It is a book for teachers therefore but also by its own argument for all concerned with the future of the inner city and the reordering of education **Essential Listening Skills for Busy School Staff** Nick
