the wounds of the crucified Christ on mortal bodies could not be discussed with calmness without indulging in angry rhetoric Supernatural bodies takes that question seriously It draws on previously unexamined archival materials to place supernatural bodies at the heart of long lasting discussions about the position of Roman Catholicism in society the supernatural in modern Christianity and society the authority of sciences the relationship between Britain and Ireland and between Britain and the Continent Through the lens of stigmata controversies this book shows how these discussions could converge around supernatural bodies THE CRAFTSMAN'S SYMBOLOGY ANTHONY MONGELLI, JR.,2013-07-13 The first book by Bro Anthony Mongelli Jr This is the first in a three volume set that treats nine symbols and emblems of the first degree of Freemasonry that of Entered Apprentice This first volume Book 1 discusses the circumpunct the point within a circle the twin pillars and the Masonic apron The section on the circumpunct is perhaps the most exhaustive treatment of this astounding symbol Bro Mongelli seeks after the significance that these symbols and emblems have had amongst diverse cultures across time with an eye toward how those meanings may inform our own interpretation of them This book is extensively researched having referenced more than 160 works Features a revised and expanded version of the essay Some Words to Newly Made Masons Each chapter is thoroughly footnoted features copious illustrations and a complete reference list **The Monad; and Other Essays Upon the Higher Consciousness** C.
