Monastic Journey:

The Monastic Journey Thomas Merton,1977 The writings of Thomas Merton on the monastic journey **Monastic Perspectives on Temporality** Riitta Hujanen,2023-08-07 In this book Riitta Hujanen explores temporality in the context of Catholic enclosed contemplative traditions It investigates based on literature and other sources what enclosed contemplatives might say about temporality through their monastic journeys What makes a young person decide to dedicate their life inside a cloister Do contemplatives have a preference for eternity over temporal time How does the enclosed contemplative life impact one's concept of time How is time perceived towards the end of one's monastic journey What is seen when looking back to the years in the enclosed contemplative life What is experienced at the hour of death The answers to these questions illustrate a paradoxical dynamic in monastic journeys that cover a broad historical scope from the earliest monastic writers to contemporary sources **The Life of the Vows** Thomas Merton,2012 As novice master of the Cistercian Abbey of Our Lady of Gethsemani in Kentucky Thomas Merton presented weekly conferences to familiarize his charges with the meaning and purpose of the vows they aspired to undertake In this setting he offered a thorough exposition of the theological canonical and above all spiritual dimensions of the vows Merton set the vows firmly in the context of the anthropological moral soteriological and ecclesial dimensions of human Christian and monastic life He addressed such classical themes of Christian morality as the nature of the human person and his acts the importance of justice in relation to the Passion of Christ to friendship and to love and self surrender as the key to grace prayer and the vowed life Merton's words on these topics clearly spring from a committed heart and often flow with the soaring intensity of style that we have come to expect in his more enthusiastic prose The texts of these conferences represent the longest and most systematically organized of any of numerous series of conferences that Merton presented during the decade of his mastership They may be the most directly pastoral work Merton ever wrote *New Monasticism* Rory McEntee,Adam Bucko,2015-03-31 **Biblica et Apocrypha, orientalia, ascetica** Elizabeth A. Livingstone,1993 Papers presented at the Eleventh International Conference on Patristic Studies held in Oxford 1991 see also *Studia Patristica* 24 26 27 and 28 The successive sets of *Studia Patristica* contain papers delivered at the International Conferences on Patristic Studies which meet for a week once every four years in Oxford they are held under the aegis of the Theology Faculty of the University Members of these conferences come from all over the world and most offer papers These range over the whole field both East and West from the second century to a section on the *Nachleben* of the Fathers The majority are short papers dealing with some small and manageable point they raise and sometimes resolve questions about the authenticity of documents dates of events and such like and some unveil new texts The smaller number of longer papers put such matters into context and indicate wider trends The whole reflects the state of Patristic scholarship and demonstrates the vigour and popularity of the subject **Coptic Monasteries:Egypt's Monastic Art And Architecture** Gawdat Gabra,Tim Vivian,2002 Coptic Monasteries takes the reader

on a tour of the best preserved and most significant of Egypt's ancient religious centers documenting the richness and the glory of this country's Coptic heritage An informative introduction by Tim Vivian brings to life the early Christian era with background information on the origins of the Coptic Church as well as its rites and ceremonies sketches of some of monasticism's founding figures and accounts of some of the difficulties they faced from religious schism to nomadic attacks Gawdat Gabra's expert commentary complemented by almost one hundred full color photographs of wall paintings and architectural features covers monasteries from Aswan to Wadi al Natrun Ranging across a thousand years of history Gabra's observations will make any reader an expert on the composition and content of some of Egypt's most outstanding religious art and the salient architectural features of each monastery as well as the ongoing process of restoration that has returned much of their original vibrancy to some of these works Jacket *Encyclopedia of Monasticism* William M.

Johnston,2013-12-04 The two volume *Encyclopedia of Monasticism* describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e.g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism *Encyclopedia of Monasticism* also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture *A Monastic Introduction to Sacred Scripture*

Thomas Merton,2022-10-27 Thomas Merton gave numerous conferences during his decade 1955-1965 as novice master at the Cistercian Abbey of Gethsemani In *A Monastic Introduction to Sacred Scripture* Patrick F O Connell presents one of these a wide ranging introduction to biblical studies Drawing on church tradition teaching of recent papal documents and scholarly resources of the time Merton reveals the central importance of the Scriptures for the spiritual growth of his listeners For Merton at the heart of any meaningful reading of the Scriptures not only for monks but for all Christians is the invitation to respond not just intellectually but with the whole self to recognize the gospel as good news as a saving liberating consoling challenging word reflecting his fundamental belief that the Holy Spirit enlightens us in our reading to see how our own lives are part of these great mysteries how we are one with Jesus in them O Connell's extensive introduction situates this reflection in the context of Merton's evolving engagement with the Bible from his own days as a student monk through the mature reflections from his final years on the biblical renewal in the wake of the Second Vatican Council **Forms of**
