Money Tree Myth:

The pound and the fury Jack Mosse, 2021-10-28 A brilliant expose of how our financial system continues to operate largely unquestioned based on a blueprint for confusing and exploiting people Danny Dorling author of *Slowdown The End of the Great Acceleration* and *Why It's Good for the Planet the Economy and Our Lives* A brilliantly engaging exploration of the self-serving mythologies that sustain our economy in the face of its growing dysfunctions and inequalities We can't afford not to read it Aeron Davis author of *Reckless opportunists Elites at the end of the Establishment* Read this book if you want to understand the discriminative and unfair power relations behind the economy and why the public are deliberately blinded by myth and disinformation Oliver James author of *Affluenza How to be successful and stay sane* For decades our economy has failed to work for ordinary citizens stagnant wages have been combined with underemployment and rising costs of basic goods like healthcare education and housing At the same time a small minority of the population make obscene profits while in the background we continue to hurtle headlong into an environmental emergency While there is no shortage of anger and anti elite sentiment expressed in what is often referred to as the culture wars no significant challenge to the dominant economic model has broken into the mainstream *The pound and the fury* argues that behind this failure of imagination are a set of myths about how the economy works myths that stifle debate and block change This book analyses the origins of these myths and how they might be dispelled at a time when away from the public gaze economic theory is opening up new possibilities of economic action Possibilities that as we emerge from the chaos of COVID 19 could lead to the radical structural changes we desperately need *Metamorphic Imagery in Ancient Chinese Art and Religion* Elizabeth

Childs-Johnson, John S Major, 2023-05-30 *Metamorphic Imagery in Ancient Chinese Art and Religion* demonstrates that the concept of metamorphism was central to ancient Chinese religious belief and practices from at least the late Neolithic period through the Warring States Period of the Zhou dynasty Central to the authors argument is the ubiquitous motif in early Chinese figurative art the metamorphic power mask While the motif underwent stylistic variation over time its formal properties remained stable underscoring the image's ongoing religious centrality It symbolized the metamorphosis through the phenomenon of death of royal personages from living humans to deceased ancestors who required worship and sacrificial offerings Treated with deference and respect the royal ancestors lent support to their living descendants ratifying and upholding their rule neglected they became dangerous even malevolent Employing a multidisciplinary approach that integrates archaeologically recovered objects with literary evidence from oracle bone and bronze inscriptions to canonical texts all situated in the appropriate historical context the study presents detailed analyses of form and style and of change over time observing the importance of relationality and the dynamic between imagery materials and affects This book is a significant publication in the field of early China studies presenting an integrated conception of ancient art and religion that surpasses any other work now available **How I Accidentally Turned My Kids Into Financially Entitled Monsters**

Andrew Lendnal,2025-03-11 Transform Your Parenting Tactics for Financially Mindful Kids Are you worried that your child's understanding of money might be shaping into a problematic attitude of entitlement Discover practical insights in How I Accidentally Turned My Kids Into Financially Entitled Monsters a compelling guide to reshaping your family's financial dynamics Set against a backdrop of relatable anecdotes and transformative lessons this book explores the fine line between providing and pampering Unveil the myth of easy money as the author candidly delves into common missteps that breed financial entitlement Almost every parent has fallen into these traps and with this book you'll learn not just how to identify them but to rectify them effectively From redefining allowance as a learning tool to tackling the swipe now pay later culture each chapter offers tested strategies for fostering financially savvy and responsible children Gift overload and instant gratification become teachable moments as you balance generosity with limits With enlightening discussions on budgeting investing and entrepreneurship the book turns seemingly mundane topics into exciting and teachable moments tailored for young minds Empower your role as a financial role model by embracing open communication and continuous learning Transition from worry to action with practical exercises designed to instill gratitude and responsibility in young hearts Whether your child is a spendthrift or utterly confused about money this book provides the roadmap to transform them into money wise adults Get ready to foster a household where financial literacy flourishes and entitlement receives a permanent eviction notice It's time for you and your children to embark on a journey toward financial enlightenment together
