EXPLORING BIG SKY COUNTRY JOHN B. WRIGHT

Montana Places Exploring Big Sky Country

Sandy Nestor

Montana Places Exploring Big Sky Country:

Montana Places John B. Wright, 2000 Explored by Lewis and Clark fought over by Native Americans and settlers mined for gold copper and coal and eventually abandoned by the industries that made it Montana has proven itself to be the most resilient of the nation's states Montana Places looks at the dramatic beauty of Little Bighorn Battlefield and the Rocky Mountain Front Range as well as the character of small towns such as Jordan and Harlowtown that have survived economic hardship Today's Montana is a place where traditional religious groups like the Hutterites coexist with unorthodox organizations such as the Church Universal and Triumphant where the descendants of miners live alongside Hollywood celebrities and where self-proclaimed freemen tangle with government environmentalists over control of the land Beginning where other travel guides leave off Montana Places is certain to provide visitors to the west as well as armchair travelers a rich fascinating look at today's Montana and how it came to be Montana Places John Burghardt Wright, 2000 Explored by Lewis and Clark fought over by Native Americans and settlers mined for gold copper and coal and eventually abandoned by the industries that made it Montana has proven itself to be the most resilient of the nation's states Montana Places looks at the dramatic beauty of Little Bighorn Battlefield and the Rocky Mountain Front Range as well as the character of small towns such as Jordan and Harlowtown that have survived economic hardship Today's Montana is a place where traditional religious groups like the Hutterites coexist with unorthodox organizations such as the Church Universal and Triumphant where the descendants of miners live alongside Hollywood celebrities and where self-proclaimed freemen tangle with government environmentalists over control of the land Beginning where other travel guides leave off Montana Places is certain to provide visitors to the west as well as armchair travelers a rich fascinating look at today's Montana and how it came to be

Montana Summer: 101 Great Adventures in Big Sky Country Brian D'Ambrosio, Montana Adventure Guide Genevieve Rowles, 2009-10-24 Montana offers a wealth of outdoor fun for the active traveler from skiing and snowmobiling to fly fishing and horseback riding With stunning scenery and colorful history the state is one of the most appealing in the US And the best part it's rarely crowded *Scenic Routes & Byways Montana* S. A. Snyder, 2012-07-03 Pack up the car and enjoy twenty-four of the most memorable drives in the Treasure State Offering over 2,250 miles of riding pleasure this indispensable highway companion maps out unforgettable trips for exploring the region's scenic byways and back roads Discover classic trails and beautiful areas of the state that many visitors miss from Glacier National Park's magnificent Going to the Sun Road in the northwest to the rugged rangelands and red-tinted badlands of eastern Montana Along the way you'll discover ghost towns glaciers hot springs and great hiking and wildlife viewing opportunities a mere taste of what the Big Sky Country has to offer Inside you'll find Itineraries ranging from 49 to 175 miles in length Route maps for each drive In depth descriptions of attractions along the way Optional side trips to museums parks and landmarks Tips on lodging camping dining travel services and best driving seasons **On the Road Again** William Wyckoff, 2011-10-17 In On the Road Again

William Wyckoff explores Montana's changing physical and cultural landscape by pairing photographs taken by state highway engineers in the 1920s and 1930s with photographs taken at the same sites today. The older photographs preserved in the archives of the Montana Historical Society were intended to document the expenditure of federal highway funds. Because it is nearly impossible to photograph a road without also photographing the landscape through which that road passes, these images contain a wealth of information about the state's environment during the early decades of the twentieth century. To highlight landscape changes and continuities over more than eighty years, Wyckoff chose fifty-eight documented locations and traveled to each to photograph the exact same view. The pairs of old and new photos and accompanying interpretive essays presented here tell a vivid story of physical, cultural, and economic change. Wyckoff has grouped his selections to cover a fairly even mix of views from the eastern and western parts of the state, including a wide assortment of land use settings and rural and urban landscapes. The photo pairs are organized in thirteen visual themes, such as forested areas, open spaces, and sacred spaces, which parallel landscape change across the entire American West. A close, thoughtful look at these photographs reveals how crops, fences, trees, and houses shape the everyday landscape both in the first quarter of the twentieth century and in the present. The photographs offer an intimate view into Montana and how Montana has changed in the past eighty years and how it may continue to change in the twenty-first century. This is a book that will captivate readers who have or hope to have a tie to the Montana countryside, whether as resident or visitor. Regional and agricultural historians, geographers, and geologists, and rural and urban planners will all find it fascinating.

Indian Placenames in America Sandy Nestor, 2015-05-07 The American Indians have lost much of their land over the years, but their legacy is evident in the many places around the United States that have Indian names. Countless placenames have, however, been corrupted over time, and numerous placenames have similar spellings but different meanings. This reference work is a reprint in one combined volume of the two-volume set published by McFarland in 2003 and 2005. Volume One covers the name origins and histories of cities, towns, and villages in the United States that have Indian names. It is arranged alphabetically by state, then alphabetically by city, town, or village name. Additional data include population figures and county names. Probable Indian placenames with no certain origin also receive entries, and as much history as possible is provided about those locations. Volume Two covers more than 1400 rivers, lakes, mountains, and other natural features in the United States with Indian names. It is arranged by state and then alphabetically by natural feature. Counties are provided for most entries, with multiple counties listed for some entries where appropriate. In addition to name origins and meanings, geophysical data such as the heights of mountains and lengths of waterways are indicated.

Montana Moments for the Whole Family Pasquale De Marco, 2025-08-10 Montana Moments for the Whole Family is your guide to Montana's many family-friendly destinations and activities.
