The Motherhood Business Anne Teresa Demo, Jennifer L. Borda, Charlotte H. Kroløkke, 2015-11-13 The essays in The Motherhood Business examine how consumer culture both constrains and empowers contemporary motherhood The collection demonstrates that the logic of consumerism and entrepreneurship has redefined both the experience of mothering and the marketplace

The Body, Embodiment, and Education Steven A. Stolz, 2021-09-28 Notions of the body and embodiment have become prominent across a number of established discipline areas like philosophy sociology and psychology While there has been a paradigmatic shift towards this topic there is a notable gap in the literature as it relates to education and educational research The Body Embodiment and Education addresses the gap between embodiment and education by exploring conceptualisations of the body and

embodiment from interdisciplinary perspectives With contributions from international experts in philosophy sociology and psychology as well as emerging areas in related fields such as embodied cognition neuroscience cognitive science this book sets a new research agenda in education and educational research Each chapter makes a case for expanding the field and adds to the call for further exploration The Body Embodiment and Education will be of great interest to academics researchers and postgraduate students who are interested in the body and embodiment and or its relationship with education or educational research
