Passion Visions Of Love In Word And Image:

Passion Running Press,1997-07-09 You've felt that electricity and the sparks have flown. It's undeniable you are in the throes of passion. You can express your feelings with this breathless little book full of love's fevered observations from writers including Pay Conroy, Sue Grafton, Amy Tan, Milan Kundera, among others. Illustrated in full color. Miniature Edition.

Sanctified Vision John J. O'Keefe, R. R. Reno, 2005-05-04 Examines early Christian interpretation of the Bible from various perspectives.

Uttering the Word Armando Maggi, 1998-09-17 Employing contemporary theoretical perspectives, *Uttering the Word* provides the first detailed analysis of the language and thought of Maria Maddalena de Pazzi, 1566-1607, an important but neglected Renaissance mystic. Borrowing from Lacan, de Certeau, and Deleuze, Maggi analyzes de Pazzi's unique mystical discourse and studies how the Florentine visionary interprets the relationship between orality and writing, authorship and audience, sexual identity and language.

Passions of the Mind A. S. Byatt, 2012-04-25 The Booker Prize-winning author of *Possession* and a novelist of dazzling inventiveness, Time delivers a stunning collection of essays on literature and life. Whether she is writing about George Eliot or Sylvia Plath, Victorian spiritual malaise or Toni Morrison, mythic strands in the novels of Iris Murdoch and Saul Bellow, politics behind the popularity of Barbara Pym, or the ambitions that underlie her own fiction, Byatt manages to be challenging, entertaining, and unflinchingly committed to the alliance of literature and life.

Queer Difficulty in Art and Poetry Jongwoo Jeremy Kim, Christopher Reed, 2017-01-20 Augmenting recent developments in theories of gender and sexuality, this anthology marks a compelling new phase in queer scholarship. Navigating notions of silence, misunderstanding, pleasure, and even affects of phobia in artworks and texts, the essays in this volume propose new and surprising ways of understanding the difficulty, even failure, of the epistemology of the closet. By treating queer not as an identity but as an activity, this book represents a divergence from previous approaches associated with Lesbian and Gay Studies. The authors in this anthology refute the interpretive ease of binaries such as out versus closeted and gay versus straight and recognize a more opaque relationship of identity to pleasure. The essays range in focus from photography, painting, and film to poetry, Biblical texts, lesbian humor, and even botany. Evaluating the most recent critical theories and introducing them in close examinations of objects and texts, this book queers the study of verse and visual culture in new and exciting ways.

Visions of Truth Mara Lief Crabtree, 2023-11-30 This book is the first ever written on the meaning and value of using art forms in the ministry of spiritual direction. The use of art by spiritual directors has the capacity to deepen understanding and enrich the full experience of spiritual direction. Included are the biblical, theological, and very practical aspects related to the use of art: how these truths are expressed in various genres of art and in ways that bring depth of knowledge, wisdom, and guidance in understanding one's relationship with God and others, as well as the possibilities for further growth and maturity in those relationships. The text is written for spiritual directors, their mentors, and supervisors, and for those receiving the ministry of direction. It provides encouragement and is instructive for all those

desiring to increase their knowledge understanding and level of experience in the profound opportunities for individuals spiritual formation conformation and transformation in the ministry of spiritual direction

The Energies of Love Donna Eden, David Feinstein, 2014-09-04 The bestselling authors of *Energy Medicine* and *Energy Medicine for Women* present a complete program for using energy medicine to heal and strengthen romantic relationships A relationship begins with the meeting of two unique energies This union of energies though invisible determines the way you communicate fight love and want to be loved In this groundbreaking book the bestselling authors of *Energy Medicine* draw on the real life experiences of couples who have attended their popular *Energies of Love* workshops as well as their own experience as husband and wife to show how an understanding of your energy system and that of your partner can help you build a more harmonious and loving bond We all have different ways of making sense of the world around us but when faced with conflict especially with those we care most about we tend to revert to one of four Energetic Stress Styles Visuals are extremely passionate and inspire others to care about the things they care about but in moments of conflict their take on the situation can overshadow what is actually occurring undermining their ability to empathize with their partner Kinesthetics are generous compassionate and accepting of other people but their caring nature pulls them in too many directions They try to meet others needs at the expense of their own which can cause mounting resentment Digitals are rational and principled and have a gift for quickly understanding complex situations but they can become closed to others perspectives and feelings Tonals have a gift for understanding others and their dilemmas but during moments of conflict their ability to read between the lines can morph into hearing what was never said felt or thought According to the authors the strongest relationships are those in which the two parties feel that they are partners on a shared spiritual journey By helping you better understand your own unique energy system as well as that of your partner you will be able to recognize your strengths as a couple and avoid the pitfalls The *Energies of Love* serves as a powerful resource for anyone who wishes to build a rich partnership while maintaining the spark that keeps a relationship exciting
