Principles of Mining Herbert C. Hoover, 2015-08-05 Excerpt from Principles of Mining Valuation Organization and Administration Copper Gold Lead Silver Tin and Zinc This volume is a condensation of a series of lectures delivered in part at Stanford and in part at Columbia Universities It is intended neither for those wholly ignorant of mining nor for those long experienced in the profession The bulk of the material presented is the common heritage of the profession and if any one may think there is insufficient reference to previous writers let him endeavor to find to whom the origin of our methods should be credited The science has grown by small contributions of experience since or before those unnamed Egyptian engineers whose works prove their knowledge of many fundamentals of mine engineering six thousand eight hundred years ago If I have contributed one sentence to the accumulated knowledge of a thousand generations of engineers or have thrown one new ray of light on the work I shall have done my share I therefore must acknowledge my obligations to all those who have gone before to all that has been written that I have read to those engineers with whom I have been associated for many years and in particular to many friends for kindly reply to inquiry upon points herein discussed About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www](http://www.forgottenbooks.com)

Industrial Engineering and the Engineering Digest, 1909 **The Engineering Digest**, 1909 Prejudential Margaret Kimberley, 2020-02-04 This book is an effort to shed light on the truth To the extent that our leaders embody aspects of who we are as a people studying how each president has participated in our nation's complicated and often shameful treatment of Black people is as good a place as any to start Margaret Kimberley from the Preface Margaret Kimberley gives us an intellectual gem of prophetic fire about all the U S presidents and their deep roots in the vicious legacy of white supremacy and predatory capitalism Such truths seem more than most Americans can bear though we ignore her words at our own peril Cornel West author of *Race Matters* PREJUDENTIAL is a concise authoritative exploration of America's relationship with

race and Black Americans through the lens of the presidents who have been elected to represent all of its people Throughout the history of the United States numerous presidents have left their legacies as slaveholders bigots and inciters of racial violence but were the ones generally regarded as more sympathetic to the plight and interests of Black Americans such as Lincoln FDR and Clinton really much better And what of all the presidents whose relationship with Black America is not even considered in the pages of most history books Over the course of 45 chapters one for each president Margaret Kimberley enlightens and informs readers about the attitudes and actions of the highest elected official in the country By casting sunlight on an aspect of American history that is largely overlooked Prejudential aims to increase awareness in a manner that will facilitate discussion and understanding
