Barratt, 2015-11-06 According to the author psychoanalytic theory and practice which discloses the interminable falsity of the human subject's belief in the mastery of its own mental life is in part responsible for the coming of the postmodern era In this title originally published in 1993 Barratt examines the role of psychoanalysis in what he sees as the crisis of modernism shows why the modernist position what he calls the modern episteme is failing and proposes that psychoanalysis should redefine itself as a postmodern method In Barratt's innovative account of psychoanalysis which focuses on the significance of the free associative process Freud's discovery of the repressed unconscious leads to a claim that is basic to postmodern ideas

that all thinking and speaking the production and reproduction of psychic reality is inherently dynamic polysemous and contradictory He argues that subsequent attempts to normalize and systematize psychoanalysis are reactionary and antipsychoanalytic efforts to salvage the modern episteme that psychoanalysis itself calls into question *Bulletin of the Public Library of the City of Boston*, 1921 *Bulletin* [1908-23] Boston Public Library, 1922 **Bulletin of the Public Library of the City of Boston ...** Boston Public Library, 1921 **Gorakhnāth and the Kānpaṭa Yogīs** George Weston Briggs, 1989-01-01 The cult of the Kanphata Yogis is a definite unit within Hinduism and its study is essential for understanding this phase of the religious life of India In analysing the different aspects of this cult the author has drawn upon various sources such as the legends folk lore and the formulated texts of this sect The book is divided into three sections The first two sections comprising chapters 1 13 deal with the cult and history of this sect The third section containing chapters 14 16 opens with the Sanskrit Text Goraksasataka and its English rendering and annotations It proceeds with the analysis of physiological concepts chief aims and methods and then comes to conclusion The subject matter of this study has been so arranged that the first two sections serve to illustrate the third The book is fully documented It has a Preface Glossary Bibliography Plates and General Index **A Dictionary of Hinduism** Margaret and James Stutley, 2019-04-09 Hinduism is a term often used to summarize the aspirations of the majority of the Indian people But any simple definition of it is difficult if not impossible This is partly owing to the nuances of the Sanskrit language in which many texts are written and partly to the too literal interpretation of Hindu imagery and mythology that often veils its real significance This book first published in 1977 is an essential reference source that goes some way to clarifying the difficulties of understanding Hinduism *Transformations and Transfer of Tantra in Asia and Beyond* István Keul, 2012-01-27 The essays in this volume written by specialists working in the field of tantric studies attempt to trace processes of transformation and transfer that occurred in the history of tantra from around the seventh century and up to the present The volume gathers contributions on South Asia Tibet China Mongolia Japan North America and Western Europe by scholars from various academic disciplines who present ongoing research and encourage discussion on significant themes in the growing field of tantric studies In addition to the extensive geographical and temporal range the chapters of the volume cover a wide thematic area which includes modern Bengali tantric practitioners tantric ritual in medieval China the South Asian cults of the mother goddesses the way of Buddhism into Mongolia and countercultural echoes of contemporary tantric studies **Hinduism : The Faith Eternal** Dr. Satish K. Kapoor, 2016-07-06 The evolution of Hinduism has been a saga of continuous progression from the unreal to the real from the profane to the profound in successive stages of human development Hinduism has withstood challenges of all hues both within and without It has had its periods of light and shade occurring concurrently through the course of history Sometimes shady aspects assumed vast proportions and enveloped the lofty ideals of the Vedas but prophetic souls appeared to redeem the society of evil from Adi Shankaracarya to Bhakti

reformers of medieval India and from Raja Ram Mohan Roy Swami Dayananda and Swami Vivekananda to Mahatma Gandhi Like any other human faith Hinduism has its philosophical and practical sides called the kernel and the husk respectively The survival of Hinduism has been due to its ability to separate the former from the latter in an unending process and to withstand challenges of all types by adhering to the timeless principles of truth satya and righteousness dharma Hinduism has been open flexible and adaptable It has discarded outworn ideas and institutions absorbed the best elements of fellow cultures and reinterpreted itself in changing milieus The present publication by Advaita Ashrama a branch of Ramakrishna Math Belur Math India is an attempt to explain the quintessential of Hinduism within the orbit of time and beyond it involving an explication of the eternal values and principles which sustain existence It explores the dynamics of Hinduism in religio historical framework through the second millennium of the common era About the Cover The image of Lord Shiva as Nataraja the king of dancers As the Cosmic Dancer his dance represents the five cosmic activities of creation preservation destruction concealment of Truth behind apparitions and divine grace He dances on the prostate body of the demon Apasmara Apasmara symbolises man s ignorance or forgetfulness of Truth Shiva is Time kala and he is also the Great Time maha kala i e Eternity This is the dance of the Cosmic Being eternally going on **Buddhist Tantra** Lalan Prasad Singh,2010 **The Great Liberation** Sir John Woodroffe,2013-01-01 The Indian Tantras which are numerous constitute the scripture Sastra of the Kaliyuga and as such is a voluminous source of present and practical orthodox Hinduism The Tantra Shastra is in fact whatever be its historical origin a development of the Karmakanda using that term in the general sense of ritual section of the scripture promulgated to meet the needs of that age Siva says For the benefit of men of the Kali age men bereft of energy and dependent for existence on the food they eat the Kaula doctrine O auspicious one is given Ch IX verse 12 To the Tantras we must therefore look if we would understand aright both ritual yoga and sadhana of all kinds as they exist today as also the general principles of which these practices are but the objective expression *Studies in Mantra Shâstra* Sir John George Woodroffe,1918 *Catalogue of the Indian Collections in the Museum of Fine Arts, Boston* Museum of Fine Arts, Boston,Ananda Kentish Coomaraswamy,1923
